~~(a)(1) It is recognized that legislative or administrative regulations impose certain legal requirements upon public utilities relating to the protection of the public health, safety, or the environment, and that:~~

~~(1) In order to comply with such legislative or regulatory requirements, utilities are required to make substantial additional investments or incur additional expenses with respect to existing facilities~~

~~used and useful in providing service to the utility's customers; and~~

~~(2) Although such additional investments and expenses are necessary in order to provide service to the utility's customers, such additional investments and expenses are not included in the utility's rates and cannot be recovered in a prompt and timely fashion under existing regulatory procedures.~~

~~(b) It is intended by the General Assembly that utilities be permitted to recover in a prompt and timely manner all such costs incurred by utilities in order to comply with such legislative or regulatory requirements through an interim surcharge which, if approved, shall be effective until the implementation of new rate schedules in connection with the next general rate filing of the utility wherein such additional investments or expenses can be included in the utility's base rate schedules~~ Upon a proper filing with the Arkansas Public Service Commission, a public utility shall be permitted to recover in a prompt and timely manner all investments and expenses through an interim surcharge, if the investments or expenses:

included in the public utility's base rate schedule.

(3) However, the costs to be recovered through such an interim surcharge described subdivisions (a)(1) and (2) of this section shall not include increases in the cost for employment compensation or benefits as a result of legislative or regulatory action.

(b)(1) A public utility shall be permitted to recover, through an interim surcharge, the allowance for funds used during construction that would otherwise be accrued and capitalized that is incurred during the construction of facilities and equipment required for compliance with such legislative or administrative rules, regulations, or requirements provided that any such allowance for funds used during construction have not been capitalized or otherwise included in the utility's currently effective rates.

(2) The public utility shall not capitalize or otherwise recover through rates any allowance for funds used during construction incurred in connection with investments described in subdivision (b)(1) of this section when the associated financing costs are included in an interim surcharge.

~~Any~~ A public utility as defined in § 23-1-101 may recover all ~~costs~~ investments and expenses reasonably incurred by such a utility as a direct result of legislative or regulatory requirements relating to the protection of the public health, safety, and the environment described in § 23-4-501 by filing with the Arkansas Public Service Commission, no more frequently than ~~once~~ one (1) time every six (6) months, an interim rate schedule ~~which that~~ would impose a separate surcharge in addition to its currently effective rates until the implementation of new rate schedules in connection with the next general rate filing of the public utility ~~wherein~~ in which such ~~additional expenditures~~ investments and expenses can be included in the public utility's base rate schedules.

SECTION 4. Arkansas Code § 23-4-503 is amended to read as follows:
23-4-503. Calculation of ~~amount of~~ interim surcharge.

The amount of the interim surcharge to be added to the public utility's rates shall be calculated so as to produce annual revenues equal to the additional annualized revenue requirement to which the public utility would

be entitled had the ~~additional expenditures~~ investments and expenses described in § 23-4-501 been included in the public utility's most recent rate determination by the Arkansas Public Service Commission.

SECTION 5. Arkansas Code § 23-4-507(a), concerning modification and disapproval of surcharges by the Arkansas Public Service Commission, is amended to read as follows:

(a) After its investigation and hearing thereon, the Arkansas Public Service Commission may modify or disapprove all or any portion of the surcharge upon a finding that:

~~(1) The expenditures~~ investments or expenses were not made for the purposes set forth in § 23-4-501 or were not reasonably incurred or were not substantiated to comply with legislative or administrative rules, regulations, or requirements;

~~(2) The amount of the surcharge has been erroneously calculated~~ investments or expenses do not relate to the protection of the public health, safety, or the environment; or

~~(3) The allocation of the surcharge among the customers of the utility is unreasonable~~ investments or expenses were not substantiated;

(4) The amount of the surcharge has been erroneously calculated;

(6) The investments or expenses were reasonably known and measurable at a time that allowed for a reasonable opportunity for their inclusion and consideration for recovery in the public utility's last general rate case;

(7) The investments or expenses were not reasonably incurred;

(8) The investments or expenses can otherwise be recovered in a prompt and timely manner;

(9) The allocation of the surcharge among the customers of the public utility is unreasonable; or

SECTION 6. Arkansas Code § 23-4-507(c), concerning determination of the just and reasonable amount of surcharges if disapproved by the Arkansas Public Service Commission, is amended to read as follows:

(c) ~~In the event that~~ If the commission determines that all or any portion of the proposed surcharge should be disapproved ~~pursuant to either~~ under subdivision (a)(1) subsection (a), or (2) of this section, the commission shall determine the just and reasonable amount of the surcharge to be charged or applied by the public utility ~~from and~~ after the time the proposed surcharge took effect. In the same order, the commission shall fix the amounts, plus interest, if any, to be refunded to the utility's customers.

SECTION 7. Arkansas Code § 23-18-518 is amended to read as follows:

23-18-518. Conduct of hearing.

(a) The Arkansas Public Service Commission shall hold a hearing, unless waived by the parties, on an application filed under § 23-18-511.

(b) A record shall be made of the hearing and of all testimony taken and the cross-examination thereon.

~~(b)(c)~~ Rules of evidence ~~as specified by the Arkansas Public Service Commission~~ the commission shall apply to the proceeding.

~~(e)(d)~~ The commission may provide for the consolidation of the representation of parties having similar interests.

SECTION 8. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that a recent decision of the Arkansas Court of Appeals has interpreted Act 310 of 1981 in a manner that is inconsistent with the interpretation of the Arkansas Public Service Commission; that this inconsistency impairs public utilities in their recovery, through an interim rate surcharge, of all investments and expenses that are not already included in the public utilities' currently effective rates and that were reasonably incurred by the public utilities as a direct result of legislative or administrative rules, regulations, or requirements relating to the protection of the public health, safety, or the environment; and that this act is immediately necessary to facilitate the timely recovery of investments and expenses so that public utilities may provide services to

consumers in this state in a timely, efficient, and cost-effective manner. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.
