 LEGISLATIVE FINDINGS AND INTENT.

(a) The General Assembly finds that:

(1) Generally, local entities do not budget for or have funds available for broadband due-diligence business studies in connection with making application for federal grants or loans for broadband development programs;

(2) In order to spur further development of broadband in rural Arkansas, it is necessary for local entities to conduct due-diligence business studies before application for federal grants or loans for broadband development programs;

(4) Under current Arkansas law, only certain eligible telecommunications carriers have benefitted from the Arkansas High Cost Fund, which underwrites broadband deployment; and

(b) It is the intent of the General Assembly to provide funds to local entities to defray expenses for broadband due-diligence business studies in connection with preparation for federal grant and loan applications for broadband development programs administered by the Federal Communications Commission, the United States Department of Agriculture, or other federal agency to spur federally-defined broadband development in rural Arkansas.

The provisions of this section shall be in effect only from July 1, ~~2021~~ 2022 through June 30, ~~2022~~ 2023.

The University of Arkansas for Medical Sciences is hereby authorized to utilize funds appropriated by this Act to extend provisions of Act 688 of 1989 to authorize procedures for the disbursement of Indigent Care maintenance and general operations appropriations to be paid from cash funds of the institution, subject to reimbursement and correction of reporting, as provided by Arkansas Code 19-4-1609.

The provisions of this section shall be in effect only from July 1, ~~2021~~ 2022 through June 30, ~~2022~~ 2023.

SECTION 49. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW.

ESTABLISHMENT OF A "GROWTH POOL". (a) The Arkansas Division of Higher Education shall establish and maintain for the ~~2021-2022~~ 2022-2023 fiscal year a pool of three hundred (300) nonclassified positions. A position established under this section shall not exceed the salary rate of the highest maximum annual salary rate authorized by the General Assembly in the institution's appropriation act. These positions are to be used by the University of Arkansas for Medical Sciences in the event that the personal services needs of the University during the ~~2021-2022~~ 2022-2023 fiscal year exceed the number of positions allocated to the University by the Legislature. The University shall provide justification to the Arkansas Division of Higher Education for the need to allocate titles from this "growth pool". No classifications will be assigned to the pool until such time as specific positions are requested by the University, approved by the University Board or their designee, and approved by the Legislative Council or Joint Budget Committee. Furthermore, the Arkansas Division of Higher Education shall establish and maintain for the ~~2021-2022~~ 2022-2023 fiscal year a pool of three hundred (300) career service positions up to a C130. These positions are to be used by the University of Arkansas for Medical Sciences in the event that the personal services needs of the University during the ~~2021-2022~~ 2022-2023 fiscal year exceed the number of positions in a classification allocated to the University by the Legislature. The University shall provide justification to the Arkansas Division of Higher Education for the need to allocate titles from this "growth pool". No classifications will be assigned to the pool until such time as specific positions are requested by the University, recommended by the Arkansas Division of Higher Education, and approved by the Legislative Council or Joint Budget Committee.

(b) Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying the job titles and the maximum grade or salary attached to those salaries. The General Assembly has determined that the University of Arkansas for Medical Sciences could be operated more efficiently if some flexibility is given to that institution. That flexibility is being accomplished by providing growth pools in

subsection (a) of this section and since the General Assembly has granted the institution broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the growth pool by requiring prior approval of the Legislative Council or Joint Budget Committee in the utilization of the growth pool. Therefore, the requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

If the agency requests continuation of a "Growth Pool" position(s) as established herein during the next fiscal year, the position(s) must be requested as a new position(s) in the agency's budget request.

The provisions of this section shall be in effect only from July 1, ~~2021~~ 2022 through June 30, ~~2022~~ 2023.

These positions are to be used by the University of Arkansas for Medical Sciences in the event that the personal services needs resulting from unanticipated clinical or research programs that are initiated during the ~~2021-2022~~ 2022-2023 fiscal year require additional positions, either in title, in classification, or in number, that are not authorized or contemplated by the General Assembly in the Regular Salaries - Operations section of this Act.

(b) The University of Arkansas for Medical Sciences is authorized to

access the "Clinical Expansion and Research Pool" positions authorized in this Section at any time during the fiscal year when it is determined by the Chancellor of the University of Arkansas for Medical Sciences, subject to the review and approval by the Board of Trustees, that the need for additional positions exists. (d) Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying job titles and the maximum grade or salary attached to those titles. Therefore, the requirement of review by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of review by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, ~~2021~~ 2022 through June 30, ~~2022~~ 2023.
