

HOUSE AMENDMENT 2 TO hb1069.

adding the following new subsection on line 8 of page 2:

"(d) This act shall not be construed as a requirement that any employer must make reference checks on any prospective employee. Any employer which does not request information about a prospective employee as provided in this act or any employer which refuses or declines to provide information as provided in this act shall not be liable for negligence nor shall evidence of the same be admissible as evidence of negligence. However, nothing in this act is intended to relieve any employer of its obligation to perform a reference check or investigation of a prospective employee as required by other applicable federal, state, or local laws."
