"SECTION 3. Arkansas Code § 21-5-214 is amended to read as follows:

21-5-214. New appointments.

New appointments to positions in a state agency or institution of higher education covered by this subchapter shall not be at greater than Pay Level I unless a special rate is requested and approved as follows:

(1)(A) State agencies or institutions of higher education may request special rates of compensation for either current or prospective employees within the agency or institution under the following conditions:

(i) Prevailing market rates of compensation for a specific classification title are such that the agency or institution is unable to competitively recruit at the entry level for the salary grade assigned to that classification;

(ii) An acute shortage of qualified applicants for a specific classification exists;

(iii) The agency or institution desires to obtain the services of an exceptionally well-qualified applicant for a specific classification; or

(iv) To meet any requirements of the Fair Labor Standards Act, 29 U.S.C. § 201 et seq.

(B)(i) State agencies or institutions of higher education may request special rates of compensation for a specific classification due to prevailing market rates of compensation to hire new employees up to a pay level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate grade with the written approval of the Chief Fiscal Officer of the State or above that level only with the approval of the Chief Fiscal Officer of the State after review by the Legislative Council for new appointments where qualified applicants cannot be obtained at Pay Level I of the assigned grade.

(ii) No special rates of compensation shall be approved under the provisions of this section unless the classification is properly reviewed and approved as a market rate classification and listed on a register of such classifications to be maintained by the Office of Personnel Management of the Division of Management Services of the Department of Finance and Administration.

(iii) The office shall file a report of all such classifications with the Legislative Council within the month following such approval.

(C)(i) In all instances where a special rate of compensation has been approved for a specific classification due to prevailing market rates of compensation or an acute shortage of qualified applicants, current employees within the state agency or institution allocated to the affected classifications of Grade 13 and below shall be adjusted to that new rate by the agency or institution if sufficient revenues exist to do so. Current employees within the state agency or institution allocated to affected classifications of Grade 14 and above shall not be adjusted to that new rate by the agency or institution until it has received approval to do so, where justified, by the office after seeking the review of the Legislative Council.

(ii) Agency or institution requests for special rates of compensation due to prevailing market rates or an acute shortage of qualified applicants for a specific classification may be approved up to the maximum annual rate authorized for the grade assigned to a classification.

(iii) The office shall file a report of all such classifications with the Legislative Council within the month following such approval.

(D)(i) Agency directors and presidents and chancellors of institutions of higher education may approve starting salaries for new employees up to the level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate grade. For purposes of this section, "hiring range" means the range of pay rates between Pay Level I and a pay level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate grade. The use of the hiring range shall be in accordance with the guidelines established in this subdivision (1)(D)(i):

(a) The hiring range shall be used only for establishing a starting salary for an employee in an individual position;

(b) Any person hired at or above Pay Level I shall meet or exceed the minimum qualifications for the job classification;

(c) Salary determination within the hiring range shall be based on the applicant's qualifications, competitive compensation rates, and effect on internal equity within the agency or institution;

(d) The hiring of a new employee under the provisions of this section shall not affect the salary level or salary eligibility of any existing employee within the agency or institution;

(e) The office shall have the authority to promulgate rules and regulations regarding the use of the hiring range subject to the approval of the Legislative Council. Agencies and institutions shall not utilize the hiring range until authorized to do so by the office. Authorization for salaries within the hiring range for new appointments referenced in this subsection shall require the

approval of the Chief Fiscal Officer of the State until such time that the agency or institution is authorized to do so by the office; and

(f) Quarterly audits of the use of the hiring range by agencies and institutions of higher education shall be performed by the office. Agencies and institutions of higher education that are not in compliance with the use of the hiring range authority shall be reported to the Legislative Council and may have their hiring range authority suspended or revoked pending further investigation by the office.

(ii) A monthly report of new hires above Pay Level I shall be prepared and reviewed by the office. The report shall be presented to the Legislative Council at its regular monthly meeting;

(2)(A) State agencies or institutions may hire a new employee from a pay level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate pay grade up to Pay Level IV with the approval of the Chief Fiscal Officer of the State after review by the Legislative Council, provided that this provision is intended to be used exclusively for the hiring of the exceptionally well-qualified employee whose background and experience qualify the applicant to perform the job with very little or substantially less orientation and training than would be the case for a qualified applicant.

(B) Requests by state agencies or institutions for special rates of compensation based on an exceptional level of qualifications held by a prospective employee may be approved only after the agency or institution has met the following conditions:

(i) The agency or institution has documented to the satisfaction of the Chief Fiscal Officer of the State that no current employee of the affected agency or institution applied for promotion and was determined by the agency to not be an equivalent alternative to the exceptionally well-qualified applicant. The Chief Fiscal Officer of the State shall supply, upon request, any documentation to the Legislative Council; and

(ii) The prospective employee possesses a level of experience or educational credentials that would permit him or her to perform the duties and responsibilities of the position for which the special rate is being requested with significantly less training and orientation than all other qualified applicants.

(C) The hiring of a new employee under subdivision (2) of this section shall not affect the salary level or salary eligibility of any existing employee within the agency or institution.

(D)(i) The provisions of this section shall apply to both current

and prospective state employees.

(ii) The provisions of this section shall apply to current employees only in instances where the job has been advertised and the employee has competitively applied for the promotion by submitting a state application for consideration for the position. Otherwise, employees accepting internal promotions shall be compensated in accordance with § 21-5-211(b)(2)(A);

(3) In all instances where approval has been granted to a requesting agency or institution for special rates of compensation in accordance with the provisions of this section, the Chief Fiscal Officer of the State shall report all approvals monthly to the Legislative Council;

(4)(A) The Office of Personnel Management of the Division of Management Services of the Department of Finance and Administration may develop a compensation plan known as "Statewide Nursing Grid" for attracting and retaining nursing personnel in classified positions subject to review and approval of the Legislative Council.

(B) An agency or institution requesting to use and add nurses to the grid shall submit requests to the Office of Personnel Management for review.

(C) Agencies and institutions using and adding nurses to the grid will be subject to review and approval of the Legislative Council.

(D) The Office of Personnel Management shall promulgate rules and regulations regarding the use of the grid with review and approval of the Personnel Committee of the Legislative Council;

~~(4)~~(5)(A) There shall be established a pool of two hundred (200) positions at grade 26 assigned to the office to be used to reclassify positions in state agencies and institutions, when justified, to the proper classification and grade when the agency or institution does not have a vacant position available with the appropriate classification and grade.

(B) To obtain a position from the pool, an agency or institution must surrender to the pool the position being reclassified.

(C) The office shall review all requests and may grant approval of the reclassification after seeking the review of the Legislative Council; and

~~(5)~~(6) An employee's anniversary date may be changed on approval of the office with the review of the Legislative Council in the event that an inequity is created due to the implementation procedures of this subchapter.

agency, or the loss of federal funding, grants, or other special funds, the agency director may request and upon approval by the Chief Fiscal Officer of the State the payment of funds on a regular payroll schedule as severance pay to full-time, part-time, and job sharing classified and nonclassified employees in regular positions affected by the workforce reduction on the basis of the following lump sum for completed years of service including probationary period:

It is found and determined by the General Assembly of the State of Arkansas that the citizens and taxpayers of the State of Arkansas benefit when state government operates at maximum efficiency; that the inefficient operation of state government results in the ineffective use of state financial resources; and that a review of state government to ensure its efficient operation would result in cost savings to the citizens of the state and enhance the delivery of state benefits. (1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

25-37-108. Criteria for review.

The Government Efficiency and Accountability Review Subcommittee and its staff shall consider the following criteria in determining whether a public need exists for the continuation of a state agency or for the performance of the functions of the state agency:

(1) The efficiency with which the state agency operates;

(2) An identification of the objectives intended for the state agency and the problem or need that the state agency was intended to address, the extent to which the objectives have been achieved, and any activities of the state agency in addition to those granted by statute and the authority for these activities;

(3) An assessment of less restrictive or alternate methods of performing any regulation that the state agency performs that could adequately protect the public;

(4) The extent to which the state agency is needed and is used;

(5) The extent to which the jurisdiction of the state agency and the programs administered by the state agency overlap or duplicate those of other state agencies and the extent to which the programs administered by the state agency can be consolidated with the programs of other state agencies;

(6) Whether the state agency has recommended to the legislature statutory changes calculated to be of benefit to the public rather than to an occupation, a business, or an institution that the state agency regulates;

(7) The promptness and effectiveness with which the state agency disposes of complaints concerning persons affected by the state agency;

(8) The extent to which the state agency has encouraged participation by the public in making its rules and decisions as opposed to participation solely by those it regulates and the extent to which the public participation has resulted in rules compatible with the objectives of the state agency;

(9) The extent to which the state agency has complied with the applicable requirements of:

(A) An agency of the United States or of this state regarding equality of employment opportunity and the rights and privacy of individuals; and

(B) State law and applicable rules of any state agency regarding purchasing goals and programs for historically underutilized businesses;

(10) The extent to which changes are necessary in the enabling statutes of the state agency so that the state agency can adequately comply with the criteria listed in this section;

(11) The extent to which the state agency issues and enforces rules relating to potential conflicts of interest of its employees;

(12) The extent to which the state agency follows record management practices that enable the state agency to respond efficiently to requests for public information; and

(13) The effect of federal intervention or loss of federal funds if the state agency is abolished.

25-37-109. Recommendations.

(a) In its report on a state agency, the Government Efficiency and Accountability Review Subcommittee shall:

(1) Make recommendations on the abolition, continuation, or reorganization of each affected state agency and on the need for the performance of

the functions of the state agency;

(2) Make recommendations on the consolidation, transfer, or reorganization of programs within state agencies not under review when the programs duplicate functions performed in state agencies under review;

(3) Recommend appropriation levels for each state agency for which abolition or reorganization is recommended under subdivision (a)(1) or subdivision (a)(2) of this section; and

(4) Include drafts of legislation necessary to carry out the subcommittee's recommendations under subdivisions (a)(1) and (2) of this section.

(b)(1) The General Assembly shall forward a copy of the report to the Legislative Auditor.

(2) Based on a risk assessment of and subject to the Legislative Joint Audit Committee's approval of including the examination in the audit plan under § 25-37-110, the Legislative Auditor may examine the recommendations which do not require a statutory change and include as part of the next approved audit of the state agency a report on whether the state agency has implemented the recommendations and, if so, in what manner.

25-37-110. Review of certain state agencies.

(a) In the two-year period preceding the date scheduled for the abolition of a state agency under this chapter, the Governmental Efficiency and Accountability Review Subcommittee may exempt certain state agencies from the provisions of this chapter relating to staff reports, hearings, and evaluations.

(b) The subcommittee may only exempt state agencies that have been inactive for a period of two (2) years preceding the date the state agency is scheduled for abolition.

(c) The subcommittee's action in exempting state agencies under this section shall be done by a majority vote of the subcommittee.

25-37-111. Monitoring of recommendations.

During each regular legislative session, the Government Efficiency and Accountability Review Subcommittee shall monitor legislation affecting state agencies that have undergone review under this chapter.

25-37-112. Continuation by law.

(a) During the regular legislative session immediately before the abolition of a state agency that is subject to this chapter, the General Assembly by law may continue the state agency for a period not to exceed twelve (12) years.

(b) This chapter does not prohibit the General Assembly from:

(1) Terminating a state agency subject to this chapter at a date earlier than that provided in this chapter; or

(2) Considering any other legislation relative to a state agency subject to this chapter.

25-37-113. Procedure after termination.

(a)(1) A state agency that is abolished in an odd-numbered year may continue in existence until June 30 of the following year to conclude its business.

(2) Unless the law provides otherwise, abolishment shall not reduce or otherwise limit the powers and authority of the state agency during the concluding year.

(3) A state agency is terminated and shall cease all activities at the end of the one-year period.

(4) Unless the law provides otherwise, all rules that have been adopted by the state agency expire at the expiration of the one-year period.

(b) Any unobligated and unexpended appropriations of an abolished state agency shall lapse on June 30 of the even-numbered year after abolishment.

(c)(1) Except as provided by subsection (f) of this section or as otherwise provided by law, all money in a dedicated fund of an abolished state agency on June 30 of the even-numbered year after abolishment shall be transferred to the General Revenue Fund Account of the State Apportionment Fund.

(2) The part of the law dedicating the money to a specific fund of an abolished state agency becomes void on June 30 of the even-numbered year after abolishment.

(d) Unless the law or a line item appropriation in an appropriation act of the General Assembly provides otherwise, an abolished state agency funded in an appropriation act of the General Assembly for both years of the biennium may not spend or obligate any of the money appropriated to it for the second year of the biennium.

(e)(1) Unless the Governor designates an appropriate state agency as prescribed by subsection (f) of this section, property and records in the custody of an abolished state agency on June 30 of the even-numbered year after abolishment shall be transferred to the Office of State Procurement of the Department of Finance and Administration.

(2) If the Governor designates an appropriate state agency, the property and records shall be transferred to the designated state agency.

(f)(1) The General Assembly recognizes the state's continuing obligation to pay bonded indebtedness and all other obligations, including lease, contract, and other written obligations, incurred by a state agency abolished under this chapter, and this chapter does not impair or impede the payment of bonded indebtedness and all other obligations, including lease, contract, and other written obligations, in

accordance with their terms.

(2) If an abolished state agency has outstanding bonded indebtedness or other outstanding obligations, including, but not limited to, lease, contract, and other written obligations, the bonds and all other obligations shall remain valid and enforceable in accordance with their terms and subject to all applicable terms and conditions of the laws and proceedings authorizing the bonds and all other obligations, including lease, contract, and other written obligations.

(3) The Governor shall designate an appropriate state agency that shall continue to carry out all covenants contained in the bonds and in all other obligations, including lease, contract, and other written obligations, and the proceedings authorizing them, including the issuance of bonds, and the performance of all other obligations, including lease, contract, and other written obligations, to complete the construction of projects or the performance of other obligations, including lease, contract, and other written obligations.

(4) The designated state agency shall provide payment from the sources of payment of the bonds in accordance with the terms of the bonds and shall provide payment from the sources of payment of all other obligations, including lease, contract, and other written obligations, in accordance with their terms, whether from taxes, revenues, or otherwise, until all bonds and interest on the bonds are paid in full and all other obligations, including lease, contract, and other written obligations, are performed and paid in full.

(5) If the proceedings so provide, all funds established by laws or proceedings authorizing the bonds or authorizing other obligations, including lease, contract, and other written obligations, shall remain with the Director of the Department of Finance and Administration or the previously designated trustees.

(6) If the proceedings do not provide that the funds remain with the Director of the Department of Finance and Administration or the previously designated trustees, the funds shall be transferred to the designated state agency.

25-37-114. Subpoena power.

(a)(1) The Government Efficiency and Accountability Review Subcommittee may issue process to compel the attendance of witnesses and the production of books, records, papers, and other objects necessary or proper for the purposes of the subcommittee proceedings.

(2) The process may be served on a witness at any place in this state.

(b) If a majority of the subcommittee directs the issuance of a subpoena, the chair of the subcommittee shall issue the subpoena in the name of the subcommittee.

(c) If the chair is absent, the chair's designee may issue a subpoena or other

process in the same manner as the chair.

(d)(1) If necessary to obtain compliance with a subpoena or other process, the subcommittee may issue attachments.

(2) The attachments may be addressed to and served by any peace officer in this state.

(e) Testimony taken under subpoena shall be reduced to writing and given under oath subject to the penalty of perjury.

(f) A witness who attends a subcommittee proceeding under process is entitled to the same mileage and per diem as a witness who appears before a grand jury in this state.

25-37-115. Assistance and access to state agencies.

(a)(1) The Government Efficiency and Accountability Review Subcommittee may request the assistance of state agencies and officers.

(2) When assistance is requested, a state agency or officer may assist the subcommittee.

(b) In carrying out its functions under this chapter, the subcommittee or its designated staff member may inspect the records, documents, and files of any state agency.

25-37-116. Records protected from disclosure.

A record held by another entity that is confidential by law and that the Government Efficiency and Accountability Review Subcommittee receives in connection with the performance of the subcommittee's functions under this chapter or another law remains confidential and is excepted from the Freedom of Information Act of 1967, § 25-19-101 et seq.

25-37-117. Relocation of employees.

If an employee is displaced because a state agency is abolished, reorganized, or continued, the state agency and the Arkansas Employment Security Department shall make a reasonable effort to relocate the displaced employee.

25-37-118. Saving provision.

Except as otherwise provided, abolition of a state agency does not affect rights and duties that matured, penalties that were incurred, civil or criminal liabilities that arose, or proceedings that were begun before the effective date of the abolition.

25-37-119. Gifts and grants.

(a) The Government Efficiency and Accountability Review Subcommittee may accept gifts, grants, and donations from any organization described in Section 501(c)(3) of the Internal Revenue Code as it existed on January 1, 2005, for the purpose of funding any activity under this chapter.

(b) All gifts, grants, and donations shall:

(1) Be accepted in an open meeting by a majority of the voting members of the subcommittee; and

(2) Reported in the public record of the subcommittee with the name of the donor and the purpose of the gift, grant, or donation.

25-37-120. Attrition.

Whenever possible, state government is encouraged to utilize attrition as a long-term approach to reducing state agency costs and as a means of saving taxpayer money.

25-37-121. Review of proposed legislation creating regulatory state agency.

(a) Each bill filed in the General Assembly that would create a new state agency having regulatory authority shall be forwarded to the Government Efficiency and Accountability Review Subcommittee.

(b) The subcommittee shall review the bill to determine if:

(1) The proposed regulatory or other functions of the state agency or committee may be administered by one (1) or more existing state agencies;

(2) The form of regulation, if any, proposed by the bill is the least restrictive form of regulation that will adequately protect the public;

(3) The bill provides for adequate public input regarding any regulatory function proposed by the bill; and

(4) The bill provides for adequate protection against conflicts of interest within the state agency.

(c) After reviewing the bill, the subcommittee shall forward a written comment on the legislation to the sponsor of the bill and to the chair of the committee to which the bill is referred.

25-37-122. Rules.

The Government Efficiency and Accountability Review Subcommittee shall promulgate rules necessary to carry out the provisions of this chapter."

AMENDMENT NO. 2 TO HOUSE BILL NO. 1177

Amend HOUSE BILL NO. 1177 as engrossed,

H3/21/05 (version: 03-21-2005 08:47)::

Add additional sections immediately following Section 7 to read as follows:

"SECTION 8. APPROPRIATION - QUALITY TEACHING AND LEARNING CENTERS. There is hereby appropriated, to the Department of Education - Educational Television Division, to be payable from the General Improvement Fund or its successor fund or fund accounts, for Quality Teaching and Learning Centers of the Department of Education - Educational Television Division for the biennial period ending June 30, 2007, the following:

ITEM NO.		FISCAL YEARS 2005-2006	2006-2007
(01)	AETN-QUALITY TEACHING & LEARNING CENTERS	$ 250,000	$ 250,000

SECTION 9. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. CONTINGENCY. (a) To address needs emerging from the federally mandated transition to digital broadcast technology, the Department of Education, Educational Television Division shall establish and maintain for the ~~2003-2005~~ 2005-2007 biennium a pool of fifteen (15) classified positions, payable from funds appropriated herein for such purposes. These positions are to be used by the Department of Education- Educational Television Division in the event that the number and level of positions available to address the needs emerging from the installation of digital technology and the opportunity it presents to expand programming exceeds the classified positions regularly authorized for the Department of Education - Educational Television Division by the Legislature. (b) The Department of Education - Educational Television Division shall provide justification to the Department of Finance and Administration's Office of Personnel Management (OPM) for the need to allocate titles from this position pool. No classifications will be assigned to the pool until such time as specific positions are requested and justified by the Department of Education- Educational Television Division, recommended by OPM and approved by the Arkansas Legislative Council. The Department of

Education- Educational Television Division may transfer positions and appropriations

from this pool to any appropriation/pay schedule the agency currently maintains or any appropriation/pay schedule the agency receives during the ~~2003-2005~~ 2005-2007 biennium.(c)Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying job titles and the maximum grade or salary attached to those titles. The General Assembly has determined that Department of Education - Educational Television Division could be operated more efficiently if some flexibility is given to that agency.

That flexibility is being accomplished by providing growth pools in subsection (a) of this section and since the General Assembly has granted the agency broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the growth pool by requiring prior approval of the Legislative Council in the utilization of the growth pool. Therefore, the requirement of approval by the Legislative Council is not a severable part of this section. If the requirement of approval by the Legislative Council is ruled unconstitutional by a court of competent jurisdiction, this entire section is void. If the agency requests continuation of a "Growth Pool" position(s) as established herein during the next biennium, the position(s) must be requested as a new position(s) in the agency's biennial budget request. The provisions of this section shall be in effect only from July 1, ~~2003~~ 2005 through June 30, ~~2005~~ 2007."

And

Appropriately renumber the sections of the bill.

STATE OF ARKANSAS
HOUSE OF REPRESENATIVES

BILL STOVALL, III, SPEAKER
TIM MASSANELLI, PARLIAMENTARIAN JO RENSHAW, CHIEF CLERK

April 13, 2005

The Honorable Ann Cornwell
Secretary of the Senate
State Capitol
Little Rock, AR 72201

Dear Ms. Cornwell:

The House of Representatives respectfully requests the return to the House, of House Bill 2438.

Respectfully submitted,

Jo Renshaw
Chief Clerk, House of Representatives

STATE OF ARKANSAS
MIKE HUCKABEE
GOVERNOR

TO THE ARKANSAS HOUSE OF REPRESENTATIVES

Dear Mr. Speaker:

This is to provide notice that pursuant to Article 6, Section 15 of the Arkansas Constitution, on this date I vetoed House Bill 2501, a measure from the Eighty-Fifth General Assembly. Also in accordance with Article 6, Section 15, the bill is being returned to this body, the originating house for the bill, and accompanies this letter.

While I recognize that the intent of this bill is noble, its application would have a chilling impact on the operations of state government. The large vote totals for the measure signal a legitimate desire on the part of the Legislature to create proper walls between public service and private gain. But the provisions of this bill would prove to be more a hindrance to good government than a help. The fact that this measure was enacted so late in the session and contains two significant errors in the first section--an incorrect code reference and an amendment that would render the existing law confusing--leads me to believe there may be additional problems with the bill. I would implore the members of the General Assembly to sustain this veto and to address this issue in future sessions when there is time to discuss the pitfalls in the bill.

Sincerely yours,

Mike Huckabee

HOUSE RESOLUTION

TO AMEND THE RULES OF THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-FIFTH GENERAL ASSEMBLY.

Subtitle

TO AMEND THE RULES OF THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-FIFTH GENERAL ASSEMBLY.

NOW THEREFORE,
BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. The Rules of the House of Representatives of the Eighty-Fifth General Assembly of the State of Arkansas are amended to read as follows:

MEMBERS

1. Every representative shall be present within the House during the session of the House and every member shall be present at each committee meeting of which he/she is a member, unless excused or necessarily prevented. It is the policy of the Arkansas General Assembly, as a term-limited body, to encourage legislators to learn as much as possible by attending meetings of committees of which they are not a member. Prior signed and documented approval must be obtained from the chairperson of a committee for a visiting non-committee member to enjoy certain privileges offered to regular members.

2. For the purpose of seating in the House Chamber for an upcoming regular session of the General Assembly, the Speaker of the House shall, on the first Friday following the November General Election, declare all House Chamber seats vacant and representatives and representatives-elect must select in the order of their seniority any seat not occupied after notification by the Chief Clerk of available seats. Absence or failure to select a seat at the assigned selection time will automatically allow the Speaker to assign the member to his or her same seat if it is available or the member or member-elect to a seat selected by the Speaker. Immediately following the selection of a seat by a member or member-elect or assignment of a seat by the Speaker, the member or member-elect's signature or Speaker's signature is required. Following all seat selections or assignments, member or member-elect's signatures or the Speaker's signature shall represent final movement. The Chief Clerk shall furnish voting machine and desk keys.

3. When it is necessary for seniority of in-coming members to be determined by lot, the Speaker of the House and the Speaker-designate of the House shall conduct a drawing by lots upon receiving certification from the Secretary of State of the election of membership to each General Assembly. Incoming members with previous legislative tenure shall be placed highest in seniority among the in-coming members based upon previous terms of service. Where an equivalence of terms of service exists, seniority for those with equal terms shall be asserted by drawing lots to determine their numerical standing.

4. A majority of all representatives elected to the House shall be necessary to transact business. When less than a quorum of House members shall assemble, those present shall be authorized to send for the absent representatives or adjourn. Penalties may be decided by a majority of the representatives present. (Art. 5, Sec. 11)

5. Each representative is expected to vote on each question put before the House unless he/she has an immediate personal interest.

6. Any representative shall have the right to explain his/her vote on any bill or other question before the House, in writing. Such explanation shall not be entered upon the Journal, but shall be filed with the Chief Clerk.

7. Every bill or resolution in the possession of the House or of any committee thereof shall be made available to any member for his/her examination.

8. No member at any time shall take from the House or any committee any bill or other paper belonging to the House, without consent of the Speaker, subject to the will of the House.

9. It shall be the duty of each representative to know, practice and preserve Parliamentary Law.

THE SPEAKER

10. Selection.

10.(a) As used in this rule, the term “Speaker-designate” shall mean the member of the House of Representatives selected by the House of Representatives of each General Assembly held preceding the convening of the next-following regular session of the General Assembly, in the following manner:

10.(a)(1) A caucus of the entire House of Representatives shall be held on the second Monday in January of 2006 and the second Monday in January of each even numbered year thereafter at which time the members of the House shall select by secret ballot a member of the House to be known as the Speaker-designate. Each candidate for Speaker-designate shall be allowed fifteen (15) minutes to address the House before the ballot is taken. All members are required to be present for the addresses and for the election. In the event a member is unable to attend, absentee ballots may be requested by a member for himself/herself from the Speaker's Office no sooner than twenty (20) calendar days prior to the scheduled election and must be completed and returned to the Speaker's Office no later than two (2) hours before the scheduled election. Leave for absence shall be requested immediately before the time of the election. The Speaker shall announce the name and number of votes received by the candidate who received at least a majority of the votes of the membership of the House. Each candidate shall be entitled to verify the number of votes he or she received.

10.(a)(2) The candidate receiving a majority vote of the membership of the House of Representatives shall be declared the winner of such election for Speaker-designate of the House of Representatives of the next-following General Assembly.

10.(a)(3) If no candidate receives a majority vote of the membership of the House of Representatives, the names of the two (2) candidates receiving the highest number of votes cast shall be placed on a run-off ballot and distributed among the membership of the House of Representatives in the same manner provided above.

10.(a)(4) If it is determined that the Speaker-designate will not serve as a member of the House of Representatives of the next-following General Assembly due to death, resignation, failure to be a candidate for reelection in the party primary election, or failure to be reelected as a party candidate in the Primary Election, a vacancy in the position of Speaker-designate shall exist and be filled at the caucus of the entire House of Representatives-elect held on the Friday of the week designated for the biennial Institute of Legislative Procedure (House Legislative Orientation), and the Speaker of the House of Representatives shall be elected upon convening of the next regular session.

10.(a)(5) It is the intent of this subsection that the Speaker-designate be the Speaker of the House of Representatives of the next-following General Assembly, subject to selection by the membership of the House upon convening of the regular session.

10.(a)(6) Petitions seeking pledge signatures of members of the House of Representatives for a particular candidate seeking selection as Speaker-designate shall not be circulated among the members of the House of Representatives.

10.(b) At the beginning of each session the members of the House of Representatives shall choose from its own membership a presiding officer designated as the Speaker of the House of Representatives.

11. Duties. The duties of the Speaker of the House shall be to:

11.(i) State the question to the House before each vote is taken;

11.(j) Appoint, at the beginning of each session, a member of the House to serve as Speaker Pro Tempore. The Speaker Pro Tempore shall serve during the absences of the Speaker and shall perform the Speaker's duties. 11.(n) Vacate the Speaker's premises by October 1 in the even-numbered years; and

11.(o) Keep a permanent register of the seniority of the members of the House of Representatives.

16.(i) Have an adequate knowledge of Parliamentary Law and the Rules of the Arkansas House of Representatives.

PARLIAMENTARY PRACTICE

17. When a question is under debate, motions shall have precedence in the following order: (the request for a quorum call is always in order; the Chairperson is not compelled to accept any motion):

17.(a) To fix the time to which the House will adjourn (non-debatable) (majority of a quorum);

17.(a)(1) (A majority of a quorum is a majority of those voting when at least a majority of the members are present and voting;)

17.(b) To adjourn (non-debatable) (majority of a quorum);

17.(c) To take a recess (non-debatable) (majority of a quorum);

17.(d) Postpone temporarily; lay on the table (non-debatable) (majority of a quorum) To take from the table (non-debatable) (majority of a quorum);

17.(e) Immediate consideration (non-debatable) (2/3 of a quorum);

17.(f) Previous question (non-debatable) (5 seconds) (majority of a quorum);

17.(g) Limit or extend debate (non-debatable) (2/3 of a quorum);

17.(h) To expunge (debatable) (2/3 of membership) (67);

17.(i) Postpone to a day certain (debatable) (majority of a quorum);

17.(j) Committee of the Whole, go into (non-debatable) (majority of a quorum);

17.(k) Refer (debatable) (majority of a quorum);

~~17.(l) Strike the enacting clause (debatable) (2/3 of a quorum);~~

17.~~(m)~~(l) Amend (debatable) (majority of a quorum);

17.~~(n)~~(m) Substitute motion (debatable) (majority of a quorum);

17.~~(o)~~(n) Postpone indefinitely (debatable) (majority of membership);

17.~~(p)~~(o) Take out of proper order (non-debatable) (2/3 of a quorum);

17.~~(q)~~(p) Special order of business (debatable) (2/3 of a quorum); and

17.~~(r)~~(q) To suspend the rules (non-debatable) (2/3 of a quorum).

18. A motion to adjourn shall always be in order, when the Floor can be obtained for that purpose, except when the previous question has been ordered.

19. The motion to recess, when the Floor can be obtained for that purpose, must specify the time which shall elapse and the time for reconvening. It may be

amended to alter specific time.

20. Previous question:

20.(a) When any debatable question is before the House, any member may move the previous question. It shall be seconded by five (5) members whether the question shall be stated. When the previous question shall have been adopted, the proponents shall be allowed fifteen (15) minutes in which to debate it, and the opponents of the main question shall be allowed fifteen (15) minutes, after which time a vote upon the main question shall be taken.

20.(b) Pending a vote on the main question, one (1) motion to refer is permitted. A motion to refer under this rule applies to House resolutions as well as to House bills, to Senate bills and to Senate amendments to a House bill, and to a motion to amend the Journal. The motion to refer under this rule is non-debatable and may not be laid upon the table.

21. A motion to postpone to a day certain may not specify the hour; a special order is necessary to specify the hour; the motion may be amended and it is debatable within narrow limits only, confined to the merit of the motion itself.

22. The simple motion to refer is debatable within its narrow limits, but the merits of the proposition to which it is proposed to refer may not be brought into the debate. The motion to refer with instructions is debatable (majority vote of a quorum). When a question is raised about the proper referral of a bill to committee, if the Speaker admits error in the referral of the bill to a committee, the bill may be re-referred by a majority vote of a quorum; however, if the Speaker does not admit error in the referral of the bill to committee, the bill may only be re-referred by a two-thirds (2/3) vote of a quorum. When a bill is re-referred to a committee, any previous committee recommendation is automatically stripped from the bill.

22.(a) When a motion is under consideration, only two (2) substitutes to that motion shall be in order. Only a motion <u>applicable to the main motion and</u> of a higher precedence upon recognition may be substituted for the motion under consideration. A substitute to the third degree shall not be in order.

23. The motion to postpone indefinitely opens to debate all the merits of the proposition to which it is applied. It may not be applied to the motion to refer, or to suspend the rules, or to motions relating to the order of business.

23.(a) The motion for indefinite postponement and possible consideration by a joint interim committee shall be as follows: "Mr. Speaker, I move that consideration of _____ be postponed indefinitely and that consideration be given by the joint interim committee on _____ for a study of _____." (majority of membership).

24. The motion to limit or extend debate must specify time limitations. A substitute motion specifying a lesser time may be accepted.

25. Reconsideration:

25.(a) When a proposition has been made and carried or lost, it shall be in order for any member of the majority on the same or succeeding legislative day to move for the reconsideration thereof, or give notice of his/her intentions to do so and such motion shall take precedence over other questions except consideration of a

conference report or a motion to adjourn: Provided, the motion or proposition shall only be considered during the period reserved for regular bills. The notice shall not be withdrawn after the said succeeding legislative day without the consent of the House, and thereafter any member may call it up for consideration: Provided, the notice to reconsider must be disposed of within three (3) legislative days following the day the vote was taken; provided, that such notice to reconsider cannot be given after the 57th day of a regular session or during a special session ~~-within three (3) days of the scheduled adjournment of a regular session or during a special session,~~ during which times ~~the~~ a motion to reconsider must be disposed of immediately.

25.(b) The provisions of the rule that the motion may be made “by any member of the majority” is construed, in case of a tie, to mean the member of the prevailing side, and the same construction applies in the case of a two-thirds (2/3) vote. Where the yeas and nays have not been ordered recorded in the Journal, any member, irrespective of whether he/she voted with the majority or not, may make the motion to reconsider or give notice thereof; but a member who was absent or who was paired in favor of the majority contention and did not vote may not make a motion.

25.(c) A bill in the possession of the House is not considered passed or an amendment agreed to if a motion to reconsider is pending; the effect of the motion being to suspend the original proposition. A notice or motion to reconsider shall not be allowed unless the bill is in the House. A bill shall not leave the House once notice of reconsideration is given. When the motion to reconsider is decided in the affirmative, the question immediately recurs on the motion reconsidered. However, prior to consideration of the question at hand, the Speaker shall have the title, expressing the main contents of the proposition being reconsidered, read to the House. When the motion to reconsider is defeated, a second motion to reconsider may not be made ~~unless the nature of the proposition has been changed by amendments~~.

16)
(House Rule 67) Committee Records and Reports

67(a) The chairperson of each committee of the House shall keep or cause to be kept a record in which there shall be entered:

67(a) 1. The time and place of each hearing and each meeting of the committee.

67(a) 2. The number and title of the bill or resolution with one of the following three recommendations: “do pass”, “do pass as amended”, or “do not pass”. If a committee recommends a bill or resolution “do pass as amended” and any of the amendments recommended by the committee are not adopted on the floor, the bill or resolution shall be re-referred to the same committee for further consideration and recommendation.

67(a) 3. A summary of each bill or resolutions major provisions which may be several paragraphs in length in case of major bills or resolution or simply the title of the bill or resolution in the case of minor bills or resolutions.

67(a) 4. The reason for the committee’s action on the bill or resolution, including a brief minority report, if requested by any two (2) committee members.

67(a) 5. A record of how every member voted on each bill or resolution when action is taken by the committee, including votes on a motion to postpone consideration on the bill or resolution and a recorded vote on any other motion, if requested by any two (2) committee members.

67(a) 6. A list of all people testifying before a committee on each bill or resolution, the interest that they represent, and an indication of their position on the bill or resolution.

17)
(House Rule 67(b)) Such records shall be approved by the chairperson before the expiration of a seven (7) day period, with the exception of those records referred to in (a) 1. and 2., hereinabove which shall be filed immediately with the Clerk of the House.

18)
(House Rule 22 part) When a question is raised about the proper referral of a bill or resolution to committee, if the Speaker admits error in the referral of the bill or resolution to a committee, the bill or resolution may be re-referred by a majority vote of a quorum; however, if the Speaker does not admit error in the referral of the bill or resolution to committee, the bill or resolution may only be re-referred by a two-thirds (2/3) vote of a quorum. When a bill or resolution is re-referred to a committee, any previous committee recommendation is automatically stripped from the bill or resolution. When a motion is under consideration, only two (2) substitutes to that motion shall be in order. A substitute to the third degree shall not be in order. Only a motion applicable to the main motion and of a higher precedence upon recognition

may be substituted for the motion under consideration.

19)
(House Rule 53 (a)) House Committee Staff will automatically and without delay place all bill or resolutions referred to the committees on the committee agendas. Staff will notify the sponsor of bill or resolutions assigned to committee. Referred bills shall be placed on the committee's active agenda in the order they are read across the desk on the House Floor. When an active agenda is established in a committee and bills from that agenda are not placed on the deferred list and if they are passed over, they are placed at the bottom of the list of the day's active agenda. Bills read across the desk on the House Floor later that same day or on a later day are placed on the active agenda in the order they are read below bills already on the active agenda.

20)
After a bill or resolution has appeared on the Committee agenda and has been called up for consideration by the Committee and the sponsor of the bill or resolution or a representative is not present to present the bill or resolution, the bill or resolution will be placed on the active agenda two (2) additional times, but will be placed at the bottom of the active agenda.

21)
If the sponsor or a representative is not present to present the bill or resolution when called up after the bill or resolution has appeared on the active agenda when called up during the third meeting, the bill or resolution will be automatically dropped from the active agenda and placed on the deferred list unless the sponsor notifies staff to put the bill or resolution back on the active agenda before the agenda is prepared, for the next called meeting. Requests to move bills or resolutions from the deferred list to the active agenda must be made by 2:30 p.m. two (2) days prior to the scheduled committee meeting. Bills moved from the deferred list to the active agenda shall be listed at the bottom of the active agenda. Bills on the deferred list may be moved to the active calendar as provided by rule for a total of three (3) times only. A suspension of this rule by the Committee (two-thirds of a quorum) will be required for each transfer of any bill having been moved three (3) times previously.

22)
Bills or resolutions suggested as non-controversial will be considered before consideration of controversial bills or resolutions on the agenda. The objection of one (1) committee member to the consideration of a bill or resolution as non-controversial will automatically keep the bill or resolution from being considered as being non-controversial. Even though a bill or resolution has been considered as non-controversial, it will be necessary after a “do pass” or “do pass as amended” recommendation that a motion be made and there be unanimous consent of no less

than a quorum of the Committee for a bill or resolution to be eligible to be placed on the House Non-controversial Calendar.

23)
If a bill or resolution is discussed by a committee at a meeting, but is not voted on because of time limitations or because the vote is deferred to the next meeting, the bill or resolution will not lose its order on the agenda and will not be counted as having been considered.

24)
The author/sponsor of a bill or resolution may make a presentation for his/her bill or resolution and may elect at that time to respond to questions from the committee members. Following the initial presentation, non-legislative---non-committee members will be allowed to alternately speak against and for the bill or resolution. At the conclusion of the non-legislative---non-committee member proponent and opponent presentations, the sponsor may return to the podium and may elect to field questions from the committee members. Those questions should be limited to requests for clarification or the securing of information. Questions that are rhetorically offered and are dilatory for the effect of debate are discouraged. At this point, the chair will entertain motions from committee members only. Discussion from that point forward is limited to committee members for and against the motion in alternating fashion. If debate has not been limited and time has not expired, the author/sponsor will be allowed to close for his/her bill or resolution. During the closing, the author may elect to field questions from committee members. At the conclusion of these presentations, a vote will be taken on the motion properly before the committee.

25)
As determined by the presider courtesy may be extended to General Assembly members who are non-committee members who need to return to their own committee meetings.

26)
(House Rule 64) Eleven (11) members of a standing committee constitute a committee quorum with the Speaker present if he/she is a member of the committee and ten (10) members when the Speaker is not present. A committee recommendation of a bill or resolution will require these same numbers.

27)
Smoking is prohibited in the committee rooms and all adjoining rooms.

28)
(House Rule 67(a)5) A roll call vote will be required if requested by any two (2)

committee members, except for a quorum call which may be requested by one (1) member. The request for a quorum call is always in order.

29)
When a roll call is required, the roll will be called by seniority with the vice chairperson being called next to last and the chairperson last.

30)
During a roll call vote, when a member's name has been called twice and he/she does not respond, or when a member passes, they will not be allowed to vote at a later time on the current issue before the committee.

31)
No seconds are required during the legislative process except those that are explicit in the rules, (roll call, previous question, sound the ballot, etc.)

32)
(House Rule 36(p)1) When any House or Senate bill or resolution requiring an expenditure of public funds or otherwise imposing a new or increased cost obligation on any municipality or county is pending before any committee of the House of Representatives, any member of the committee may request that a fiscal impact statement for such bill or resolution be placed on the desk of each member of the committee before the bill or resolution is called up for final action in the committee. If such request is made, the chairperson of the committee shall refer the bill or resolution to the appropriate state agency or to the legislative staff for the preparation of a fiscal impact statement, to be returned to the committee in writing not later than five (5) days from the date of the request.

33)
(House Rule 36(p)4) Failure of the sponsor of a bill or resolution to provide the fiscal impact statement required in this rule shall not prohibit the consideration of it in the committee to which referred or on the floor of the house in which the bill or resolution is called up for final passage, if no objection to it is made at the time such action is taken.

(House Rule 36(p)5) Nothing in this rule shall prohibit a committee to which a bill or resolution is referred or the house in which the bill or resolution is being considered from suspending the requirement of the filing of a fiscal impact statement on any such bill or resolution in the same manner as provided for the suspension of the rules in the house in which the bill or resolution is being considered.

(1) At least three (3) days before the bill may be called up for final action in the committee during a regular session of the General Assembly; and

(2) At least one (1) day before the bill may be called up for final action in the committee during a special session of the General Assembly.

(c)(1)(A) If any such House or Senate bill is called up for final passage in the House or Senate and a fiscal impact statement has not been provided by the author of the bill or by the committee to which the bill was referred, any member of the House or Senate may object to the bill's being called up for final passage until a fiscal impact statement is prepared and made available on the desk of each member of the House or Senate at least one (1) day prior to the bill's being called up for final passage.

(B) An affirmative vote of two-thirds (2/3) of a quorum present and voting shall override the objection.

(2) If an objection is made without override, the presiding officer of the House or Senate shall cause the bill to be referred to the office for the preparation of a fiscal impact statement which shall be filed with the presiding officer not later than five (5) days from the date of the request. (A.C.A. 10-2-127)
