(a)~~(1) From March 8, 1989, until June 1, 1989, there shall be no new home health care agencies or nursing homes, with the exception of intermediate care facilities for the mentally retarded with fifteen (15) or fewer beds and with the exception of nursing home applications under review by the Health Services Permit Agency on June 2, 1987, and except for nursing homes with thirty-five (35) beds or fewer attached to or a part of hospitals located in cities or towns where no nursing home exists, provided applicants for such nursing homes must obtain a permit of approval from the proper authority pursuant to the provisions of this subchapter, nor shall there be any additional beds licensed for existing nursing homes or intermediate care facilities in this state. The Health Services Permit Commission may remove any or all of the moratoria anytime after June 1, 1988, provided the commission has duly adopted and promulgated standards for the review of the health facility for which the moratorium is removed.~~

~~Nursing home applications under review by the agency on June 2, 1987, shall be considered under § 20-8-101 et seq. under updated standards on a county-by-county basis.~~

~~(2) No permit of approval shall be required by the agency or the commission for any applicant to qualify for a Class "B" license, as provided for in § 20-10-801 et seq., to operate a home health care services agency, if the agency was serving patients on or before June 30, 1988, and if the agency serves the residents of the county where the principal office is located.~~

~~(3) Nursing home applications under review by the agency on June 2, 1987, shall be considered under the provisions of § 20-8-101 et seq. under updated standards on a county-by-county basis.~~

(1) No health facility shall operate unless all necessary permits, licenses, and approvals for the facility have been obtained in accordance with law.

(2) It is the responsibility of each applicant for a permit of approval to establish the applicant's individual qualifications as well as the qualifications of the facility to be permitted.

(b)(1) The alteration or renovation of a health facility having an associated capital expenditure of less than five hundred thousand dollars ($500,000) for nursing homes and not resulting in additional bed capacity shall not require a permit of approval~~; however,~~.

(2)(A) However, the ~~agency~~ Health Services Permit Agency shall not allow hospital acute care beds to be converted to or allow their license classification to be changed to long-term care beds without going through the permit of approval process. ~~However, permits, legal title, and right of ownership may be transferred to another entity with the approval of the commission.~~

(B) The application for the permit of approval shall include, but need not be limited to, such information as is necessary to determine:

~~(1)~~(i) Whether the proposed project is needed or projected as being necessary to meet the needs of the locale or area in terms of the health care required for the population or geographic region;

~~(2)~~(ii) Whether the proposed project can be adequately staffed and operated when completed;

~~(3)~~(iii) Whether the proposed project is economically feasible; and

~~(4)~~(iv) Whether the project will foster cost containment through improved efficiency and productivity.

(c)(1)(A) Approval of the Health Services Permit Agency to transfer a health facility permit of approval is required.

(B)(i) The transfer, assignment, or other disposition of the stock or voting rights of the owner of the health facility which results in the ownership or control of more than ten (10%) percent of the stock or voting rights of the health facility by a person, entity, or identified group who did not own or control more than ten (10%) percent of the stock or voting rights of the health facility prior to the transfer, assignment, or disposition shall be deemed a transfer of a health facility permit of approval.

(ii) The transferee of the stock or voting rights shall submit an application for approval prior to the completion of the transfer of stock or voting rights in accordance with this subsection (c).

(2) Prior to the transfer of a health facility permit of approval or the deemed transfer of a permit as described in subdivision (c)(1)(B) of this section, an application for approval shall be filed with the agency by the transferee.

(3) The application for approval shall include, but not be limited to, information needed by the agency to determine whether:

(A) Following the transfer of the permit of approval or the transfer of stock or voting rights, the health facility will continue to be able to meet

the needs of the locale or area in terms of the health care required for the population or geographic region;

(B) The health facility can be adequately staffed and operated when the transfer of the permit of approval or transfer of stock or voting rights is completed;

(C) The proposed transfer of the permit of approval or transfer of stock or voting rights and operation of the health facility following the transfer is economically feasible;

(D) The health facility will foster cost containment through improved efficiency and productivity following the transfer of the permit of approval or transfer of stock or voting rights; and

(E) Following the transfer of the permit of approval or transfer of stock or voting rights the applicant can be expected to provide a substantially consistent high level of care at the health facility based on:

(i) The facility's past operation and violation history;

(ii) The Health Services Permit Commission's assessment of the applicant's character and competence to operate the facility, including a review of the applicant's experience, past performance in operating a health care service, if any, and compliance with applicable laws and practices pertinent to the applicant's professional experience;

(F) The acquiring party has terminated general liability insurance or professional liability insurance, or both, covering any long-term care facility that the acquiring party has previously acquired and, if more than one (1) long-term care facility was previously acquired, which long-term care facilities had general liability insurance or professional liability insurance coverage in effect at the time of the acquisition; and

(G) Following the transfer of the permit of approval, the acquiring party will obtain and maintain general liability insurance coverage and professional liability insurance coverage in an amount not less than that maintained by the current long-term care facility owner.

(d)(1) The agency by rule or order may exempt from the application requirements in subsection (c) of this section the transfer of one (1) or more permits of approval if:

(A) The permits of approval to be transferred in the aggregate cover three hundred ninety-nine (399) or fewer beds in one (1) or more health facilities;

(B) The transfer of the permits of approval is to occur in a single transaction; and

(C) The agency determines that the application for approval to transfer a permit of approval is not necessary or appropriate in the public interest.

(2) Before any transfer of a permit of approval may be executed as an exempt transfer under this subsection (d), the proposed transferee shall file a proof of exemption with the agency containing the following:

(A) A statement of the grounds upon which the exemption is claimed;

(B) The identity of and contact information for the current permit holder;

(C) The location of the proposed facility or facilities to be transferred;

(D) The number of beds authorized under the current permit;

(E) If the time frames on the current permit need to be extended;

(F) If the location of the health facility will be transferred out of the city limits of the town or city where it is currently located and whether the mayor and county judge have been notified of the proposed move; and

(G) Information regarding the applicant, including the applicant's contact information, organization and corporate structure, and its ownership interest in or management of any other health facility in Arkansas.

(3) Within ten (10) business days after the proof of exemption is filed, the agency shall review the proof of exemption and notify the applicant whether the proof of exemption is approved, denied, or deficient. The proof of exemption shall be deemed approved if the agency does not notify the applicant that it denied the proof of exemption or determined that the proof of exemption was deficient.

(4) If the proof of exemption is deficient, the applicant shall have a reasonable opportunity to correct the deficiencies.

(5) A deficient proof of exemption which has not been corrected within a period of one hundred eighty (180) days after the initial filing with the agency shall be deemed abandoned and considered withdrawn by the applicant.

~~(c)~~(e)(1) ~~If the application is granted, the~~ The agency shall issue a permit of approval~~,~~ if it finds that the proposed project meets the criteria for approval as set by the commission.

(2) If the application is denied~~, the~~:

(A) The agency shall send written notice of the denial to the applicant which sets forth the criteria that the ~~proposed project~~ application failed to meet; and

(B) The applicant shall not perform any of the actions that were

denied.

~~(d)~~(f) Any applicant or interested party seeking review of a final agency decision regarding permits of approval, movement of beds, or transfer of permits of approval shall file a written appeal for hearing before the commission on an approved form within thirty (30) days of the receipt of the agency decision.

~~(e)~~(g) Appeals to the commission shall be conducted in accordance with the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(h) This section only applies to long-term care facilities located in Arkansas.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the transfer of health facility permits of approval without oversight and review may endanger the health and safety of elderly or disabled Arkansans residing in long-term care facilities; that requiring an approval process before a permit of approval is transferred will ensure that the new operators of long-term care facilities are best able to provide appropriate care to residents; and that this act is necessary to enable the review process to begin immediately to prevent unreviewed transfers from occurring. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

AMENDMENT NO. 1 TO HOUSE BILL NO. 2967

Amend HOUSE BILL NO. 2967 as originally introduced:

Page 1, delete lines 21 and 22 and substitute the following:

"SECTION 1. Arkansas Code § 14-168-305 is amended to read as follows:

14-168-305. Creation of district.

(a) The local governing body, upon its own initiative or upon request of affected property owners or upon request of the city or county planning commission, may designate the boundaries of a proposed redevelopment district.

(b)(1) The local governing body shall hold a public hearing at which interested parties are afforded a reasonable opportunity to express their views on the proposed creation of a redevelopment district and its proposed boundaries.

(2)(A) Notice of the hearing shall be published in a newspaper of general circulation in the city or county at least fifteen (15) days prior to the hearing.

(B) Prior to this publication, a copy of the notice shall be sent by first-class mail to the chief executive officer of all local governmental and taxing entities having the power to levy taxes on property located within the proposed redevelopment district and to the school board of any school district which includes property located within the proposed redevelopment district.

(c) After the publication of notice and the hearing on the proposed redevelopment district, the local governing body shall determine if the proposed redevelopment district is consistent with the purposes of this subchapter and, when making the determination, shall take into consideration the following factors:

(1) The timing, number, and types of new jobs to be created by the proposed redevelopment district;

(2) The type of industry that the proposed redevelopment district would promote;

(3) Whether the project would occur within the State of Arkansas if the proposed redevelopment district is not created; and

(4) Whether the anticipated benefits in employment generated by the proposed redevelopment district, both on a direct and indirect multiplier basis, provide an adequate net benefit to the public when compared to the local tax revenues and fees invested by those entities whose tax revenues are affected by the proposed redevelopment district.

(d) The governing body shall not approve a proposed redevelopment district unless the governing body:

(1) Certifies that there is a reasonable expectation that the property taxes on the properties adjacent to the redevelopment district will increase more than they would have without the creation of the proposed redevelopment district;

(2) Determines that the boundaries of the proposed redevelopment district are in a blighted area, which includes an improved area within the boundaries of the proposed redevelopment district where the total equalized assessed value of the proposed redevelopment district has declined for the last two (2) county appraisal cycles; and

(3) Determines that private improvements for the proposed redevelopment district exceed twenty-five percent (25%) of the total value of the county appraisal of the proposed redevelopment district, excluding road, utility and drainage costs or other improvements proposed for the redevelopment district that are paid for with public funds.

~~(c)~~(e) ~~The~~ After the requirements in this section are met, the local governing body shall adopt an ordinance creating the redevelopment district which:

(1) Describes the boundaries of a redevelopment district sufficiently definite to identify with ordinary and reasonable certainty the territory included in, which boundaries may create a contiguous or noncontiguous district;

(2) Creates the redevelopment district as of a date provided in it;

(3)(A) Assigns a name to the redevelopment district for identification purposes.

(B) The name may include a geographic or other designation, shall identify the city or county authorizing the district, and shall be assigned a number, beginning with the number one (1).

(C) Each subsequently created district shall be assigned the next consecutive number; and

(4) Contains findings that the real property within the redevelopment district will be benefited by eliminating or preventing the development or spread of slums or blighted, deteriorated, or deteriorating areas, or discouraging the loss of commerce, industry, or employment, or increasing employment, or any combination thereof.

~~(d)~~(f)(1) No county shall establish a redevelopment district, any portion of which is within the boundaries of a city.

(2) Provided, however, that one (1) or more local governments through interlocal agreement may join in the creation of a district, the boundaries of which lie in one (1) or more local governments.

~~(e)~~(g)(1) The ordinance shall establish a special fund as a separate fund into which all tax increment revenues and other revenues designated by the local

government for the benefit of the redevelopment district shall be deposited, and from which all project costs shall be paid.

(2) Such special fund may be assigned to and held by a trustee for the benefit of bondholders if tax increment financing is used.

~~(f)~~(h)(1) The boundaries of the redevelopment district may be modified from time to time by ordinance of the local government.

(2) Provided, however, that in the event any bonds, notes or other obligations are outstanding with respect to the redevelopment district, any change in the boundaries shall not reduce the amount of tax increment available to secure such tax increment financing.

(3)(A) A redevelopment district shall become active within five (5) years of its creation by:

(i) Issuing bonds, notes, or other indebtedness obligations; or

(ii) Substantial completion of planned improvements.

(B) A redevelopment district failing to meet the requirements of subdivision (h)(3)(A) of this section shall be dissolved.

SECTION 2. Arkansas Code § 14-168-322 is amended to read as follows:

14-168-322. Impact reports.

(a) The local governing body shall report annually to the Assessment Coordination Department the current value and incremental value of a redevelopment district and the properties adjacent to the redevelopment district.

(b) The Assessment Coordination Department, in cooperation with other state agencies and local governments, shall make a comprehensive impact report to the Governor and to the General Assembly at the beginning of each biennium as to the economic, social, and financial effect and impact of community redevelopment financing projects."

24-4-749. Eligibility for benefits — Certain Department of Correction Employees.

(a) An employee of the Arkansas Department of Correction who is an active member of the Arkansas Public Employees' Retirement System on or after July 1, 2005, and whose position is classified as a:

(1) Correctional Officer I;

(2) Food Production Manager I;

(6) Officer III;

(7) Officer IV;

(8) Chief Security Officer;

may voluntarily retire after filing a written application with the Board of Trustees of the Arkansas Public Employees' Retirement System stating the date, not less than thirty (30) days nor more than ninety (90) days after filing the application for retirement stating that the member desires to retire, if that member has:

(A) Twenty-five (25) or more years of credited service regardless of age;

(B) Attained or attains age sixty (60) and has twenty (20) or more years of actual contributory service; or

(C) Attained or attains age sixty-five (65) and has five (5) or more years of actual service.

(b)(1) The employees in subsection (a) of this section shall receive credit for 13.44 months of service for every twelve (12) months of credited service.

(2) The benefit payable by the Arkansas Public Employees' Retirement System shall be based on credited service in the system and on the final average compensation in the system. However, should a member have less than four (4) years of credited service in the system, "final average compensation" means the monthly average of pays to the member during his or her total years of service in the system.

(c)(1) An annuity determination shall be made promptly by the Arkansas Public Employees' Retirement System upon a member's filing a written application for retirement in accordance with subsection (a) of this section.

(2) The determination shall include the member's total years of credited service, the specific factors used to make the determination, the base annuity payable to the member, and the amount of annuity payments, if any, payable under the annuity options of § 24-4-606.

(3) If the member is not eligible for a retirement annuity, the determination shall state the reasons for the determination.

SECTION 2. Arkansas Code § 24-4-801(b), concerning participation in the deferred retirement option plan, is amended to read as follows:

(b)(1) The conditions required for full participation in the plan are that the member must have at least thirty (30) years of actual service in the system.

(2) The conditions required for full participation in the plan for members covered under § 24-4-749 are that the member must have at least twenty-eight (28) years of actual service in the system.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the Department of Correction needs incentives to retain employees in certain hazardous positions within the department; that the turnover rate for these positions is extremely high; the percentage of employees working in these hazardous positions for twenty (20) years or more is very low; that the incentive of being able to retire after twenty-five (25) years will retain more of these employees; and that this act will accomplish that objective. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2005."

AMENDMENT NO. 2 TO HOUSE BILL NO. 2967

Amend HOUSE BILL NO. 2967 as engrossed,

H3/21/05 (version: 03-21-2005 09:36)::

Immediately following SECTION 2, add a new section to read as follows:

"SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that under current law broad discretion is given to local governing bodies concerning the purposes for which a redevelopment district may be created; that redevelopment districts are being created that are not consistent with the purposes of Arkansas law governing the creation of redevelopment districts; that local governing bodies need standards in order to ascertain if proposed redevelopment plans meet the purposes for which they are being created; and that this act is immediately necessary because it provides local governing bodies with necessary standards in order to comply with the purposes of creating redevelopment districts. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

(1) When the circuit court having jurisdiction over the property seized finds upon a hearing by a preponderance of the evidence that grounds for a forfeiture exist under this chapter, the court shall enter an order:

(A) To permit the law enforcement agency or prosecuting attorney to retain the property for law enforcement or prosecutorial purposes, subject to the following provisions:

(a) All revenues derived from the additional tax levied by § 26-60-105(b) shall be deposited by the Director of the Department of Finance and Administration in the State Treasury as special revenues.

(b) After deducting three percent (3%) of the revenues for distribution to the Constitutional Officers Fund and the State Central Services Fund to be used for the purposes as provided by law, the Treasurer of State shall credit the net amount thereof as follows:

(1)(A) ~~Eighty percent (80%)~~ Fifty percent (50%) of the net amount shall be credited to the Natural and Cultural Resources Grants and Trust Fund, to be preserved and managed by the Arkansas Natural and Cultural Resources Council for use in the acquisition, management, and stewardship of state-owned lands or the preservation of state-owned historic sites, buildings, structures, or objects which the council determines to be of value for recreation or conservation purposes, with the properties to be used, preserved, and conserved for the benefit of this and future generations.

(B) It is not the intention of this chapter that the council shall itself manage, operate, or maintain any lands so acquired, but, rather, that it from time to time in its own discretion shall make grants to other agencies of the state authorized by law to acquire, manage, operate, and maintain the lands.

(C) The grants shall be made in such amounts, for such purposes, and to such agencies as the council in its discretion shall select.

(D) However, in choosing among competing purposes or expenditures, the council shall be guided by the principles set forth in the Arkansas Statewide Comprehensive Outdoor Recreation Plan as it may exist and be in force from time to time.

(E) In funding state park improvements, the council should initially emphasize the restoration or renovation of existing facilities and historic structures within the system.

(F) The council in its discretion shall have power either to allow

moneys paid into the Natural and Cultural Resources Grants and Trust Fund to accumulate, with only the income thereon being spent, or to expend the whole or any part of the corpus or principal of the Natural and Cultural Resources Grants and Trust Fund.

(G) However, the council shall have power to do any and all things necessary to take advantage of federal or private funds donated or obtainable through the use of the Natural and Cultural Resources Grants and Trust Fund.

(H) Without limiting the generality of the foregoing provisions of this section, the council shall have power to set aside any portion of the Natural and Cultural Resources Grants and Trust Fund into a separate and segregated account, the corpus or principal of which shall be inviolate, and only the income of which may be expended, to the extent necessary to comply with any federal law, regulation, or other requirement in connection with federal matching or grant moneys.

(I) As used in this section, the term "stewardship" shall include moneys necessary for the maintenance, preservation, operation, improvement, and management of state-owned lands acquired for recreational or conservational purposes and shall include such other stewardship purposes as may be authorized by the council;

(2) Ten percent (10%) of the net amount shall be distributed to the Parks and Tourism Fund, to be used by the Department of Parks and Tourism, on approval of the Parks, Recreation, and Tourism Grant Advisory Committee, for making grants for outdoor recreational purposes to cities and counties of this state in accordance with the plan; ~~and~~

(3) Ten percent (10%) of the net amount shall be credited to a fund to be known as the "Natural and Cultural Resources Historic Preservation Trust Fund", to be used by the council for providing a source of funds for the operation of the state historic preservation program and the "Main Street" program;

(4) Fifteen percent (15%) of the net amount shall be credited to the General Revenue Fund Account of the State Apportionment Fund; and

(5) Fifteen percent (15%) of the net amount shall be credited as special revenues to the County Aid Fund.

(b) The revenues derived from the tax levied by § 26-60-105(a) shall be

deposited by the Director of the Department of Finance and Administration in the State Treasury, and the Treasurer of State shall, after deducting three percent (3%) thereof for distribution to the Constitutional Officers Fund and the State Central Services Fund to be used for the purposes as provided by law, distribute the net amount thereof as follows:

(1) Ten percent (10%) of the remainder shall be distributed as special revenues, as follows:

(A) The first sixty thousand dollars ($60,000) of the remainder during each fiscal year shall be credited to the County and Circuit Clerks Continuing Education Fund, which is established in the State Treasury, to be used for defraying the expenses of training seminars and other educational projects benefiting county and circuit clerks in this state, as provided by appropriations enacted by the General Assembly; and

(B) The remainder of the ten percent (10%) of the remainder available for distribution during each fiscal year shall be credited as special revenues to the County Aid Fund, to be distributed in the manner provided by law to the circuit clerk in the county in which the property upon which the tax is paid is situated, to be paid over by the circuit clerk to the county general fund;

(2) ~~Ninety percent (90%) of the remainder thereof~~ After making the distributions required under subdivision (b)(1) of this section, the remaining amount of revenues shall be distributed as follows:

Any amount received over and above this amount shall be credited as special revenues to the County Aid Fund.~~ Of the amount remaining after the distribution under subdivision (b)(2)(A) of this section, the next one million five hundred thousand dollars ($1,500,000) shall be credited as

special revenues to the State Administration of Justice Fund to be used for supplementing moneys for court reporter salaries and expenses if moneys available in the Court Reporters' Fund are inadequate during a fiscal year to make the necessary payments for salaries and related expenses of the court reporters of the state; and

6-19-121. Privatization of school busing.

Before a school district or a school district board of directors can request bids for a contract for school busing or otherwise obtain the services of a private company for school bus driving services, the school district or the school district board of directors shall have a public hearing and shall give a minimum notice of thirty (30) days to the public to prepare for and attend the hearing.

6-19-122. Requirements applicable to private contractors of school busing.

(a) No school district may contract with a private contractor or other entity, excluding school districts, for services to be provided for or at a public school or school district, including, but not limited to, school busing, maintenance, vending, landscaping, or cleaning, unless the private contractor or other entity contractually agrees:

(1)(A) To require as any employee or subcontractor who may have access to children in relation to the performance of duties under the contract to apply to the Bureau of Identification and Information for statewide and nationwide criminal records check, the latter to be conducted by the Federal Bureau of Investigation.

B) The checks shall conform to the applicable federal standards and shall include the taking of fingerprints.

(c) Any private contractor or other entity that fails to comply with the provisions of this section shall be liable for any damages resulting from its failure to comply with the criminal background checks, driving record verification, or certification requirements of this section.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the law has specific requirements regarding criminal background checks, driving record background checks, and certification of school bus drivers to ensure the safety of public school children who ride on school buses; that these requirements can be avoided in school districts where bus drivers go on strike due to a loophole in the law that allows school districts to employ temporary or provisional employees; and that this act is immediately necessary to close the loophole in the law that jeopardizes the safety of public school children who ride on buses to school. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

Ambiguities in the current language of Act 1263 of 1993 impair the ability of the Arkansas Department of Environmental Quality to protect the public health and welfare and a delay in the effective date of this act could work irreparable harm upon the ability of the Arkansas Department of Environmental Quality to effectively administer its regulatory functions and properly implement the public health protections provided through Act 1263 of 1993. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

Amend HOUSE BILL NO. 2618 as originally introduced:

Page 1, delete lines 29 through 36, and substitute the following:

"(1) Maternal and infant health are greatly improved when women have access to contraceptive supplies to prevent unintended pregnancies;

(2) Because many Americans hope to complete their families with two (2) or three (3) children, many women spend the majority of their reproductive lives trying to prevent pregnancy;

(3) Research has shown that forty-nine percent (49%) of all large group insurance plans do not routinely provide coverage for contraceptive drugs and devices. While virtually all health care plans cover prescription drugs generally, the absence of prescription contraceptive coverage is largely responsible for the fact that women spend sixty-eight percent (68%) more in out-of-pocket expenses for health care than men; and

(4) Requiring insurance coverage for prescription drugs and devices for contraception is in the public interest in improving the health of mothers, children, and families and in providing for health insurance coverage which is more fair and more equitable."

AND

Page 2, delete lines 12 through 36, and substitute the following:

"(1)(A) "Health benefit policy" means an individual or group plan, policy, or contract for health care services issued, delivered, issued for delivery, or renewed in this state, including those contracts executed by the State of Arkansas on behalf of state employees, by a health care corporation, health maintenance organization, preferred provider organization, accident and sickness insurer, fraternal benefit society, hospital service corporation, medical service corporation, provider-sponsored health care corporation, or other insurer or similar entity.

(B) "Health benefit policy" does not include:

(i) Accident-only, credit, specified disease, dental, hospital indemnity, Medicare supplement, long-term care, or disability income insurance policies;

(ii) Coverage issued as a supplement to liability insurance;

(iii) Workers' compensation or similar insurance; or

(iv) Automobile medical-payment insurance; and

(2) "Insurer" means an accident and sickness insurer, fraternal benefit society, hospital service corporation, medical service corporation, health care corporation, health maintenance organization, or any similar entity authorized to issue contracts under Title 23."

AND

Page 3, delete lines 3 through 12, and substitute the following:

"(a) Every health benefit policy that is delivered, issued, executed, or renewed in this state or approved for issuance or renewal in this state by the Insurance Commissioner on or after the effective date of this subchapter that provides coverage for prescription drugs on an outpatient basis shall provide coverage for any prescribed drug or device approved by the United States Food and Drug Administration for use as a contraceptive.

(b) Nothing contained in this section shall be construed to require any insurance company to provide coverage for abortion."

AND

Page 3, delete lines 15 through 35, and substitute the following:

"(a) No insurer shall impose upon any person receiving prescription contraceptive benefits pursuant to this section any:

(1) Copayment, coinsurance payment, or fee that is not equally imposed upon all individuals in the same benefit category, class, coinsurance level, or copayment level receiving benefits for prescription drugs; or

(2) Reduction in allowable reimbursement for prescription drug benefits.

(b) This section shall not be construed to:

(1) Require coverage for prescription coverage benefits in any contract, policy, or plan that does not otherwise provide coverage for prescription drugs; or

(2)(A) Preclude the use of closed formularies.

(B) However, the formularies shall included oral, implant, and injectable contraceptive drugs, intrauterine devices, and prescription barrier methods."

(c) The medical certification shall be completed, signed, and returned to the funeral director within two (2) business days after receipt of the death certificate by the physician in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by § 12-12-315, § 12-12-318, or § 14-15-301 et seq.

(1) In the absence of the physician, or with his or her approval, the certificate may be completed and signed by his or her associate physician, the chief medical officer of the institution in which death occurred, by the pathologist who performed an autopsy upon the decedent, or by a registered nurse as provided in subdivision (c)(2), provided the individual has access to the medical history of the case, views the deceased at or after death, and death is due to natural causes. The person completing the cause-of-death section of the certificate shall attest to its accuracy either by a signature or by approved electronic process.

(3) In the event the hospice patient dies in the home or in a nursing home, the registered nurse may make pronouncement of death; however, the county coroner and the chief law enforcement official of the county or municipality where death occurred must be immediately notified in accordance with § 12-12-315.

(4) The Department of Health shall provide hospitals, nursing homes, and hospices with the appropriate death certificate forms which will be made available to the attending physicians, coroners, or other certifiers of death. When death occurs outside these health facilities, the funeral home will provide the death certificate to the certifier."

"SECTION 1. Intent.

(a) The General Assembly finds that:

(1) The actions of state government have produced a substantial increase in the number of agencies, departments, boards, commissions, institutions, and programs of this state, growth of pre-existing programs, and the proliferation of rules;

(2) The growth of state government has developed without sufficient legislative oversight, regulatory accountability, or a system of checks and balances; and

(3) By establishing a system for the termination, study, review, continuation, or re-establishment of such agencies, it will be in a better position to evaluate the need for the continued existence of existing and future agencies, departments, boards, commissions, institutions, and programs of the state government.

(b) The intent of this act is to establish an orderly schedule for the abolishment of all existing state agencies during a twelve-year period, but to make provision for review by the Government Efficiency and Accountability Review Committee to enable the General Assembly to have the benefit of recommendations for the continuation of those state agencies which are deemed to be essential for the necessary and efficient operation of government prior to the abolishment.

"SECTION 1. Purpose.

(a) The General Assembly declares that the presence of a current license plate on a motor vehicle has become one (1) indication that the motor vehicle is covered by liability security.

(b) The General Assembly further declares that the provisions of Arkansas Code § 27-22-104(3)(A), which requires owners of motor vehicles to surrender the license plates of motor vehicles when the operator of the motor vehicle is unable to present proof of the vehicle's insurance coverage as required when requested by a law enforcement officer or if a check of the vehicle insurance database at the time of a traffic stop fails to show current insurance coverage, should become an integral part of the enforcement of the laws requiring all motor vehicles to be covered by liability security.

SECTION 2. Arkansas Code § 27-22-104 is amended to read as follows:

27-22-104. Insurance required — Minimum coverage.

(a)(1) It shall be unlawful for any person to operate a motor vehicle within this state unless the vehicle is covered by a certificate of self-insurance under the provisions of § 27-19-107, or by an insurance policy issued by an insurance company authorized to do business in this state.

(2) Failure to present proof of insurance coverage at the time of arrest and a failure of the vehicle insurance database to show current insurance coverage at the time of the traffic stop creates a rebuttable presumption that the motor vehicle is uninsured.

(b) The policy shall provide as a minimum the following coverage:

(1) Not less than twenty-five thousand dollars ($25,000) for bodily injury or death of one (1) person in any one (1) accident;

(2) Not less than fifty thousand dollars ($50,000) for bodily injury or death of two (2) or more persons in any one (1) accident; and

(3) If the accident has resulted in injury to or destruction of property,

not less than twenty-five thousand dollars ($25,000) for the injury to or destruction of property of others in any one (1) accident.

(c)(1) If the operator of the motor vehicle is unable to present proof of the vehicle's insurance coverage as required in subsection (a) of this section when requested by a law enforcement officer or if a check of the vehicle insurance database at the time of the traffic stop fails to show current insurance coverage, the operator shall be issued, in addition to any traffic citation issued for a violation of this section, a notice of noncompliance with the provisions of this section on a form to be provided to the Department of Finance and Administration.

(2) The officer shall forward a copy of the notice of noncompliance to the department within ~~ten (10) days~~ five (5) calendar days of issuance, excluding Saturdays, Sundays, and legal holidays.

(3)(A) In addition, the officer shall remove and impound the license plate attached to the vehicle.

(B) The license plate shall be returned to the Office of Driver Services or to the local revenue office.

(d)(1) The law enforcement officer who removes and impounds the license plate pursuant to subdivision (c)(3)(A) of this section shall issue for attachment to the rear of the vehicle a temporary sticker denoting its use in lieu of an official license plate.

(2) The sticker shall bear the date upon which it shall expire in written or stamped numerals or alphabetic characters not less than three inches (3") in height.
