SECTION 6. Arkansas Code § 19-11-229 is amended to read as follows:

19-11-229. Competitive sealed bidding.

(a) ~~Definition.~~ "Competitive sealed bidding" means a method of procurement which requires:

(1) Issuance of an invitation for bids with a purchase description and all contractual terms and conditions applicable to the procurement;

(2) Public, contemporaneous opening of bids at a predesignated time and place;

(3) Unconditional acceptance of a bid without alteration or correction, except as authorized in §§ 19-11-204 and 19-11-228 - 19-11-240;

(4) Award to the responsive and responsible bidder who has submitted the lowest bid that meets the requirements and criteria set forth in the invitation for bids; and

(5) Public notice.

(b) Contracts exceeding an estimated purchase price of twenty-five thousand dollars ($25,000) shall be awarded by competitive sealed bidding, unless a determination is made in writing by the agency procurement official or the State Procurement Director of the Office of State Procurement of the Department of Finance and Administration that this method is not practicable and advantageous and specifically states the reasons therefor. The director may provide, by regulation, that it is not practicable to procure specified types of commodities<u>, technical and general services,</u> or <u>professional and consultant</u> services by competitive sealed bidding. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(1) Purchase descriptions are suitable for award on the basis of the lowest evaluated bid price; and

(2) The available sources, the time and place of performance, and other relevant circumstances are appropriate for the use of competitive sealed bidding.

(c) Where it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced technical proposals to be followed by an invitation for bids limited to those bidders whose technical proposals meet the requirements set forth in the first invitation.

(d) Notice inviting bids shall be given not fewer than five (5) calendar days nor more than thirty (30) calendar days preceding the date for the opening of bids by publishing such notice at least one (1) time in at least one (1) newspaper having general circulation in the state or posting by electronic media, but in all instances adequate notice shall be given. The notice shall include a general description of the commodities, technical and general services, or professional and consultant services to be procured and shall state where invitations for bid may be obtained. The notice shall also state the date, time, and place of bid opening.

(e) Bids shall be opened publicly in the presence of one (1) or more witnesses at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and open to public inspection.

(f)(1)(A) Bids shall be evaluated based on the requirements set forth in the invitation for bids.

(B) These requirements may include criteria to determine acceptability such as:

(i) Inspection;

(ii) Testing;

(iii) Quality;

(iv) Workmanship;

(v) Delivery;

(vi) Past performance; and

(vii) Suitability for a particular purpose and criteria affecting price such as life-cycle or total ownership costs.

(2)(A) The invitation for bids shall set forth the evaluation criteria to be used.

(B) No criteria may be used in bid evaluation that were not set forth in the invitation for bids.

(g) Correction of patent or provable errors in bids which do not prejudice other bidders, or withdrawal of bids, may be allowed only to the extent permitted under regulations promulgated by the director and upon written approval of the Attorney General or a designee of such officer. No award shall be made on the basis of a corrected bid, if the corrected bid exceeds the next lowest bid of a responsible bidder.

(h) The contract shall be awarded with reasonable promptness by written notice to the lowest responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids. In the event all bids exceed available funds as certified by the appropriate fiscal officer, the director or the head of a procurement agency is authorized in situations where time or economic considerations preclude resolicitation of work of a reduced scope to negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsive and responsible bidder, in order to bring the bid within the amount of available funds. All other bidders requesting to be notified of the award decision shall be promptly notified of the decision.

(i) An invitation for bid may be cancelled, or any or all bids may be rejected in writing by the director or the agency procurement official.

SECTION 7. Arkansas Code § 19-11-234(a)(4), concerning competitive bidding, is amended to read as follows:

(4) Only firms which sell the type of commodity or service to be procured shall be contacted. The purchase procedures outlined in this section shall not apply to commodities, technical and general services, and professional and consultant services under state contract.

SECTION 8. Arkansas Code § 19-11-236(a), concerning the prequalification of suppliers, is amended to read as follows:

(a) The State Purchasing Director may provide for prequalification of suppliers as responsible prospective contractors for particular types of commodities, technical and general services, and professional and consultant services. Solicitation mailing lists of potential contractors shall include, but shall not be limited to, such prequalified suppliers.

SECTION 9. Arkansas Code § 19-11-241(b), concerning specifications, is amended to read as follows:

(b) The State Procurement Director shall promulgate regulations governing the preparation, maintenance, and content of standard and nonstandard specifications for commodities, technical and general services, and professional and consultant services procured by the Office of State Procurement."

Any public procurement unit may enter into an agreement, independent of the requirements of §§ 19-11-204, 19-11-228 - 19-11-240, and 19-11-263 which refer to source selection and contract formation, and §§ 19-11-205, 19-11-242, and 19-11-243, which refer to commodity management, with any other public procurement unit or external procurement activity for the intergovernmental use of commodities, technical and general services, or professional and consultant services under the terms agreed upon between the parties and in accordance with the rules and regulations promulgated under this subchapter.

SECTION 13. Arkansas Code § 19-11-252 is amended to read as follows:

"SECTION 16. Arkansas Code § 19-11-1012 is amended to read as follows:

19-11-1012. Standard contract forms.

(a) The State Procurement Director shall prescribe standard forms to be utilized by all state agencies.

(b) The standard contract form shall include the following items, plus such additional items as the director shall deem desirable for the purposes of this subchapter:

(1) A section setting forth in reasonable detail the objectives and scope of the contractual agreement and the methods to be used to determine whether the objectives specified have been achieved;

(2) The rates of compensation, transportation, per diem, subsistence, out-of-pocket allowances, and all other items of costs contemplated to be paid the contractor by the agency;

(3) The method by which the rate of compensation and the total payment shall be calculated;

(4) The maximum number of dollars which the agency may be obligated to pay to the contractor under the terms of the contract, including all expenses and other items of costs, and the source of funding to be utilized;

(5) The term of the contract;

(6)(A) The names ~~and social security numbers~~ of all individuals who will be supplying services to the agency or to third-party beneficiaries under the terms of the contracts, so far as those names are known to the contractor at the time of the execution of the contract.

(B) If the names of all individuals supplying services under the contract are not available at the time of the execution of the contract, the contract shall contain a provision requiring the contractor to submit periodically the names ~~and social security numbers~~ of individuals supplying services as soon as the identity of those individuals is known to the contractor;

(7) Where the contractor is a business entity, the federal identification number of the business entity shall be listed on the contract form;

(8)(A) A certification shall be included, signed by the contractor, as follows:

"_____ (name) _____ (title)

"I....., certify under penalty of perjury that, to the best of my knowledge and belief, no regular full-time or part-time employee of any state agency of the State of Arkansas will receive any personal, direct, or indirect monetary benefits which would be in violation of the law as a result of the execution of this contract."

(B) For the purpose of subdivision (b)(8)(A) of this section, it shall be understood that where the contractor is a widely held public corporation, the term "direct or indirect monetary benefit" shall not apply to any regular corporate dividends paid to a stockholder of the corporation who is also a state employee and who owns less than ten percent (10%) of the total outstanding stock of the contracting corporation;

(9)(A) For any contract in which the total compensation exclusive of reimbursable expenses to be paid by the agency does not exceed twenty-five thousand dollars ($25,000), a purchase order may be utilized in lieu of the standard form or forms prescribed by the director.

(B)(i) However, should the agency enter into a subsequent contract with the same individual or organization during the same fiscal year, regardless of the nature of the contract, then the details of the original contract which utilized a purchase order form and of all subsequent contracts, regardless of amount or type, shall be promptly reported to the director.

(ii) This reporting shall be done to allow him or her to determine whether the agency is utilizing a series of contracts to avoid the use of the standard form and to avoid the application of appropriate regulations;

(10) Standard contract forms in use by licensed practitioners such as architects and engineers may be used to supplement the standard contract forms; and

(11) All professional consultant services contracts shall contain the following clause:

"In the event the State of Arkansas fails to appropriate funds or make moneys available for any biennial period covered by the term of this contract for the services to be provided by the contractor, this contract shall be terminated on the last day of the last biennial period for which funds were appropriated or moneys made available for such purposes.

This provision shall not be construed to abridge any other right of termination the agency may have."

(c) For the purpose of reporting methods of finance, agencies shall disclose the total estimated project cost in addition to any other reporting requirements of the Legislative Council or the Joint Budget Committee.

SECTION 27. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. USE OF MAINTENANCE AND OPERATION APPROPRIATION AND SALVAGED MATERIALS CONSTRUCTION. The Department of Correction is hereby authorized to utilize Maintenance and General Operation Appropriation in conjunction with surplus and/or salvageable materials for the purpose of implementing construction projects to benefit the Department and its

Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Further, the General Assembly has determined that the Department of Correction may operate more efficiently if some flexibility is provided to the Department of Correction authorizing broad powers under this Section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

SECTION 29. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. MENTAL HEALTH SERVICES. In the event the Department determines to enter into a professional contract for mental health services, the Department may, upon approval of the Chief Fiscal Officer of the State and after prior review and approval by the Arkansas Legislative Council or Joint Budget Committee, make appropriate transfers from regular salaries, personal services matching and various maintenance and operation classifications to the professional

fees and services classification for payment of the contractual amount.

Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly.
