12 of a behavioral health patient; and
13

20 emergency medical services personnel who are already overextended and nearing
21 the end of a shift; and
22

23 WHEREAS, a study of possible solutions to the issues arising from the
24 use of emergency medical personnel and equipment to provide nonemergency

11 recommendations; and

12
13 WHEREAS, Representative Perry and Senator Hickey chaired the Task Force
14 on Transportation of Nonemergency Behavioral Health Patients; and

19 Committee on Insurance and Commerce, and the House Committee on Insurance and
20 Commerce on the activities, findings, and recommendations of the Task Force
21 on Transportation of Nonemergency Behavioral Health Patients; and

22
23 WHEREAS, during the February presentation, it was determined that
24 further study and review are needed on protocol and procedures to create
25 standardization and consistency when transporting behavioral health patients
26 in a nonemergency situation; and

27
28 WHEREAS, the Task Force on Transportation of Nonemergency Behavioral
29 Health Patients expired on March 1, 2020; and
