AMENDMENT NO. 1 TO HOUSE BILL NO. 1753

Amend **HOUSE BILL NO. 1753** as engrossed,
H3/12/07 (version: 03-12-2007 11:03):

Add an additional section to the bill to read as follows:

"SECTION 5. Arkansas Code § 14-236-111 is amended to read as follows:
14-236-111. Review of proposals and inspections.

(a) The Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services or its authorized agent is authorized and directed to review proposals for individual sewage disposal systems and to make inspections of individual sewage disposal systems as may be necessary to determine substantial compliance with this chapter and regulations adopted hereunder. The systems shall not be used unless a permit for operation has been approved by the Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services or its authorized agent.

(1) In the event that an authorized agent has not been designated for a county or municipality or locality, applications for individual sewage disposal systems shall be made to the Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services.

(2) ~~Upon the basis of inspections, the~~ The Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services or its authorized agent shall either approve or disapprove the individual sewage disposal system design, and, if disapproved, the system shall not be ~~used~~ installed until all deficiencies are corrected and the ~~system reinspected and~~ design approved by the Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services or its authorized agent.

(b) It shall be the duty of the ~~holder of a permit issued pursuant to this section~~ installer to notify the Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services, its authorized agent, or his or her designated representative when the installation is ~~ready for inspection to occur~~ and it shall be the duty of the owner or occupant of the property to give the Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services, its authorized agent, or his or her designated representative free access to the property at reasonable times for the purpose of making such inspections as are necessary.

~~(c) In the event an inspection is not made within two (2) working days from the date of notification to the Division of Sanitarian Services of the Department of Health, its authorized agent, or his designated representative that the installation is completed and ready for inspection, the system shall be deemed approved. Within five (5) working days, the installer shall certify to the Division of Sanitarian Services of the Division of Health of the Department of Health and Human Services that the system has been installed pursuant to the approved permit.~~

(d) Any person aggrieved by the disapproval of an individual sewage disposal ~~installation~~ system shall be afforded review as provided in the Arkansas Administrative Procedure Act, § 25-15-201 et seq."

"SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the academic year begins in August, 2007; that curricula must be established and facilities and equipment in place before the academic year begins; that Arkansas students may miss the opportunity provided in this act if needed courses, facilities, and equipment are not in place before August, 2007; and that any delay in the effective date of this act may cause irreparable harm to the educational and employment opportunities of young people who hope to graduate early. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on:

- (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the financial aid program created in this act will be effective for the 2007-2008 school year; that students who are graduating in May of this year will be impacted by this program and may be eligible for this program; that timing is critical for the dissemination of information to these students to ensure that eligible students know about the program and have the opportunity to apply for the program for the 2007-2008 school year; and that this act is immediately necessary to give the Department of Higher Education adequate time to implement and to publicize the program to potentially eligible students who are graduating in May 2007. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

Representative D. Hutchinson moved that the House concur in the following Senate Amendment:

ARKANSAS SENATE

AMENDMENT NO. 1 TO HOUSE BILL NO. 2336

Amend **HOUSE BILL NO. 2336** as engrossed,

H3/9/07 (version: 03-09-2007 08:57):

Delete everything after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code Title 5, Chapter 14, Subchapter 1 is amended to add an additional section to read as follows:

5-14-131. Registered offender prohibited from entering upon school campus – Exception.

(a) As used in this section:

(1) "Campus" means the real property, a building, or any other improvement in this state owned, leased, rented, or controlled by or for the operation of a public school; and

(2) "Public school" means any school in this state that is:

(A) A public school operated by a public school district;

(B) A charter school established under the Public School

Funding Act of 2003, § 6-20-2301 et seq.;

(C) A state-funded prekindergarten program operated by a public school or an education service cooperative;

(D) The Arkansas School for the Blind;

(E) The Arkansas School for the Deaf;

(F) The Arkansas School for Mathematics, Sciences, and the Arts;

(G) An educational facility of the Division of Youth Services of the Department of Health and Human Services or contracting with the Division of Youth Services; or

(H) An educational facility of the Division of Developmental Disabilities Services of the Department of Health and Human Services.

(b) It is unlawful for a sex offender who is required to register under the Sex Offender Registration Act of 1997, § 12-12-901 et seq., and who has been assessed as a Level 3 or Level 4 offender to knowingly enter upon the campus of a public school.

(c) It is not a violation of this section if the sex offender:

(1) Is a minor and is a student;

(2) Enters upon the campus for the purpose of attending a school-sponsored event for which an admission fee is charged or tickets are sold or distributed, a graduation ceremony, or a baccalaureate ceremony;

(3) Enters upon the campus on a day that is not designated a student contact day by the school district's calendar or on day in which no school-sponsored event is taking place upon the campus; or

(4) Is the parent or guardian of a student enrolled in a public school district and enters upon the campus where the student is enrolled for the purpose of:

(A) Delivering to the student medicine, food, or personal items, provided that the items are delivered directly to the school office; or

(B) Attending a scheduled parent-teacher conference, provided the sex offender is escorted to and from the conference by a designated school official or employee.

(d)(1) A sex offender who is the parent or guardian of a child enrolled in a public school district and wishes to enter upon the campus in which the student is enrolled for any other purpose must give reasonable notice to the school principal or his or her designee.

(2)(A) The school principal or his or her designee may allow the parent sex offender to enter upon the campus as long as there is a designated school official or employee available to escort and supervise the sex offender while they remain on campus.

(B) If a designated school official or employee is not available at the time the parent sex offender wishes to enter upon the campus, the parent sex offender shall not enter upon the campus until he or she is notified that a designated school official or employee is available.

(e) Upon conviction, any sex offender who violates this section is guilty of a Class D felony."

Arkansas Department of Education
 Percent Change in Three Quarter Average ADMs over 2 years
 2005 - 2006 Required Debt Mills
 28-Feb-07

Notes:

- * Data is presented from the highest percentage change in ADMs to the lowest
- * 106 School Districts have a 3 year average percentage growth in ADMs (1% to 10%)
- * 41 School Districts have no change in the 3 year average ADMs (.50% to -.50%)
- * 98 School Districts have a 3 year average percentage loss in ADMs (-1% to -8%)
- * The State total 3 year average change in ADMs is a net growth of 4,021
- * Data has been adjusted to reflect consolidations and annexations
- * Of the 106 School Districts with a 3 year average growth in ADMs, 9 were consolidated after July 1, 2002 (the beginning of this data period):
 These School Districts have been highlighted
 The growth at these districts could be a result of consolidation or annexation
 The growth at some districts might be the result of the consolidation or annexation of nearby districts
- * 2005 - 2006 P&I Payments are the most current complete data available
- * Some P&I payments are based on fiscal agent projections prior to debt issuance and could change
- * Required Debt Service Mills are calculated as the P&I payment divided by the Assessment
- * This is the number of mills required to pay the 2005 - 2006 P&I
- * The annual P&I payment may vary, and therefore the Required Debt Mills may vary
- * As the Assessment changes, the Required Debt Mills will change
- * The Required Debt Mills does not reflect the coverage requirement

**Arkansas Department of Education
 Analysis of the Academic Facilities Wealth Index
 for providing facilities for 10% of a District's ADM
 08-Mar-07**

Notes:

- * See A.C.A. 56-20-2501 for the definition of the calculation of the Academic Facilities Wealth Index
- * The Academic Facilities Wealth Index (WI) is used to determine the amount of the school district's share of financial participation in a local facilities project eligible for state financial participation and approved by the Arkansas Commission for Public School Academic Facilities and Transportation
 This report used the 2005 Assessment, as used in 2006 -2007 Public School Funding
- * ADM is the Average Daily Membership of a school district, using the total number of days attended plus the total number of days absent, divided by the total number of days actually taught in the first three quarters of the school year
 This report used the 2005 -2006 Three Quarter ADM, as used in 2006 -2007 Public School Funding
- * All ADM numbers are rounded up to the nearest hundredth, as defined at A.C.A. §6-20-2502
- * The Academic FWI calculation is based on the value of one mill per ADM for the district at the 95th percentile. The value of one mill per ADM of the school district at the 95th percentile is \$112.77
- * District FWI is the difference in the district's value of 1 mill per ADM and the value of one mill per ADM for the district at the 95th percentile, on a percentage basis
 The FWI calculation uses the greater of either the 2005-2006 three quarter-average ADM or an average of the three quarter average ADM for the past three years
 District FWI is not rounded (see A.C.A. 56-20-2502)
- * If a District's FWI is greater than 100%, the State Share of financial participation is 0.
- * The Total Project Cost calculation uses 130 square feet per ADM and \$130 per square foot cost
- * The District Debt Obligation is the (Total Project Cost x the District FWI)
- * The District Annual Debt Service is the annual amortization of a 30 year debt at 5% interest rate which is imputed at 6.4% for consistency in this analysis
 The Annual Debt Service Mills Required is the District's Annual Debt Service divided by the 2005 Assessment
- * The millage is stated in whole numbers, to two decimals, for purposes of this report

ARKANSAS SENATE

AMENDMENT NO. 2 TO HOUSE BILL NO. 2426

Amend **HOUSE BILL NO. 2426** as engrossed,

H3/16/07 (version: 03-16-2007 10:49):

Add Senator Broadway as a cosponsor of the bill

AND

Delete everything after the enacting clause and substitute the following:

SECTION 1. FINDINGS. The General Assembly finds that:

(1) The General Assembly adopted Acts 34 and 35 of the First Extraordinary Session of 2006 to determine whether school districts were unable to contribute local resources necessary to qualify for participation in state-funded facilities programs;

(2) School districts with insufficient bonding capacity were accommodated by the passage of Acts 22 and 23 of the First Extraordinary Session of 2006, which removed the bonded debt ratio, thus removing the cap on bond issuance;

(3) School districts with declining enrollment were addressed by Act 2206 of 2005 by allowing a three-year average to be used in determining the school district's facilities wealth index and by Act 21 of the First Extraordinary Session of 2006, which provided additional funding for declining enrollment based on the previous two (2) years' average daily membership. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this;

(4) The General Assembly researched a school district with a low assessed property valuation and a low facilities wealth index and determined that it is treated the same as a school district with high property valuation and a high facilities wealth index. The research indicated, for example, that Poyen is required to use the same amount of mills to build facilities for ten percent (10%) of its students as Bryant, which is in the middle, and as Bentonville, which is on top. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this; and

(5) School districts at or above the 95th percentile are addressed through SB962 of the 86th General Assembly. It provides that every school district at 100% of the facilities wealth index or above is adjusted to the same amount as the first district below one hundred percent (100%) on the facilities wealth index, unless that would exceed five thousandths (.005). In that case, the amount is capped at five thousandths (.005). No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this.

SECTION 2. Arkansas Code § 6-21-811 is amended to read as follows:

6-21-811. Academic Facilities Distress Program.

(a) The ~~Division of~~ Commission for Arkansas Public School Academic Facilities and Transportation shall identify a public school or school district as being in academic facilities

distress if the division ~~determines~~ recommends and the commission concurs that the public school or school district has engaged in actions or inactions that result in any of the following:

(1) Any act or violation determined by the division to jeopardize any academic facility used by a public school or school district, including, but not limited to:

(A) Material failure to properly maintain academic facilities in accordance with this subchapter and rules adopted by the Commission for Arkansas Public School Academic Facilities and Transportation;

(B) Material violation of local, state, or federal fire, health, or safety code provisions or laws;

(C) Material violation of applicable building code provisions or law;

(D) Material failure to provide timely and accurate facilities master plans to the division;

(E) Material failure to comply with state law governing purchasing or bid requirements in relation to academic facilities projects; ~~or~~

(F) Material default on any school district debt obligation; or

(G) Material failure to plan and progress satisfactorily toward accomplishing the priorities established by the division and the approved school district master plan; and

(2) Any other condition of an academic facility or facilities in a public school or school district that is determined by the division to have a detrimental impact on educational services provided by that public school or school district.

(b) The division shall provide written notice, via certified mail, return receipt requested, to the president of the school board and the superintendent of the public school or school district identified as being in facilities distress.

(c)(1) A public school or school district identified as being in facilities distress shall develop a facilities improvement plan within thirty (30) days from the date of receipt of the notice and promptly submit the facilities improvement plan to the division for review and approval.

(2) A public school or school district shall review and revise its facilities improvement plan on a periodic basis as determined by the division and submit the updated facilities improvement plan to the division in order for the division to determine whether the public school or school district is correcting its deficient areas of practice regarding academic facilities.

(3) A school district shall use facilities improvement plans as necessary to supplement and update its facilities master plan.

(d)(1) Every two (2) years beginning February 1, 2009, the division shall determine whether the progress of each school district complies with the school district's facilities master plan and shall notify the school district of any noncompliance.

(2) Beginning on February 1, 2008 and each biennium thereafter, the division shall review the applications made for the Academic Facilities Partnership Program established under § 6-20-2507, to identify any school district that did not apply for state funding for necessary facilities to meet adequacy requirements and shall notify the school district of any deficiencies.

(3) Within thirty (30) days of receiving the notice provided under subdivision (d)(1)

or (2) of this section, the school district shall submit a facilities improvement plan to the division for its review and approval that states how the school district will address the noncompliance issues contained in the notice.

(4) If the division does not approve the facilities improvement plan submitted by the school district, it shall identify the school district as being in facilities distress.

(5) A school district may appeal the decision of the division under this subsection (d) to the commission pursuant to the procedures established by the commission;

(e)(1)(A) Within ten (10) days of a school district's failure to pass a millage required to fulfill its obligations under the school district's facilities master plan, the division shall provide written notice to the school district of the date, time, and place for a conference with the school district at which the division will:

(i) Determine whether as a result of the failed millage there are facilities issues relating to:

(a) Immediate repairs under § 6-20-2504(b)(4);

(b) The presence and number of suitability needs of public school academic facilities, which shall be defined by rule; or

(c) Immediate need for academic facilities to meet student growth; and

(ii) Thoroughly discuss and explain the sanctions and requirements that are available to the commission if the school district is identified as being in facilities distress under this section and § 6-21-812.

(B) The written notice shall be provided via certified mail to the president of the school board and the superintendent of the school district.

(C) The commission shall establish rules for the implementation of this subdivision (e)(1).

(2)(A) If the commission determines that there are immediate repairs, growth, or suitability issues that require expedited attention, the commission may direct the school district to conduct a special election to vote on a millage increase.

(B)(i) The division and the school district shall agree upon the issues to be submitted for a vote in the special election.

(ii) The special election may not include any issues other than the issues that are mutually agreed upon.

(C) The special election shall be held on a date that is:

(i) Mutually agreed upon by the division and the school district; and

(ii) Not later than seven (7) months from the date of the election at which the millage failed, unless it is necessary to extend the date beyond seven (7) months because of restrictions on the number of elections that may be held within a calendar year.

(D) If within ninety (90) days from the notice provided to the school district under subdivision (d)(1)(A) the school district has not set an election date, the division shall identify the school district as being in facilities distress.

(E)(i) If the school district is able to finance the immediate repairs, growth, and suitability improvements without the necessity of a special election on increasing its millage,

the school district may enter into an agreement with the division to fund its improvements separately, which shall include an implementation timeframe.

(ii) The division shall identify the school district as being in facilities distress for failure to implement the agreed upon plan for immediate repairs, growth, and suitability improvements within the timeframe specified in the agreement.

~~(e)~~(f) When a school district is identified by the ~~division~~ commission to be in facilities distress, the division may with the approval of the commission:

(1)(A) Provide on-site technical evaluation and assistance and make recommendations to the district superintendent regarding the care and maintenance of any academic facility in the district.

(B) Any school district identified as being in facilities distress status shall accept on-site technical evaluation and assistance from the division.

(C) The recommendations of the division are binding on the district, the superintendent, and the school board;

(2) Require the superintendent to relinquish all administrative authority with respect to the school district;

(3)(A) Appoint an individual in place of the superintendent to administratively operate the school district under the supervision and approval of the ~~Director of the Division of Public School Academic Facilities and Transportation~~ Commissioner of Education, or his designee.

(B) The division may direct the school district to compensate from school district funds the individual appointed to operate the school district;

(4) Suspend or remove any or all members of the current board of directors and call for the election of a new school board for the school district, in which case the school district shall reimburse the county board of election commissioners for election costs as otherwise required by law;

(5) Require the school district to operate without a local school board under the supervision of the local superintendent ~~or an individual or panel appointed by the director~~;

(6) Require the school district to operate without a local school board under the supervision of an individual or panel appointed by the commissioner.

~~(6)~~(7) Return the administration of the school district to the former board or place the administration of the school district in a newly elected school board;

~~(7)~~(8) Require school district staff and employees to attend training in areas of concern for the public school or school district;

~~(8)~~(A)(9)(A) Require a school district to cease ~~immediately~~ all expenditures related to activities not described as part of an adequate education in § 6-20-2302 and place money that would have been spent on the activities into an academic facilities escrow account to be released only upon approval by the division for use in conjunction with a local academic facilities project.

(B) School districts shall include a clause addressing this contingency in all contracts with personnel who are involved with activities not described as part of an adequate

education;

~~(9)(10)~~ Notify the public school or school district in writing that the deficiencies regarding academic facilities shall be corrected within a time period designated by the division;

~~(10)(A)(11)(A)~~ Petition the ~~state board~~ State Board of Education at any time for the consolidation, annexation, or reconstitution of a school district in facilities distress or take other appropriate action as allowed by this subchapter in order to secure and protect the best interest of the educational resources of the state or to provide for the best interest of students in the school district.

(B) The state board may approve the petition or take other appropriate action as allowed by this subchapter.

(C)(i) The state board shall consolidate, annex, or reconstitute any school district that fails to remove itself from the classification of a school district in facilities distress within two (2) consecutive school years of receipt of notice of identification of facilities distress status by the division;

~~(ii)(a)~~ A school district may appeal the action of the state board to the ~~Commission for Public School Academic Facilities and Transportation in accordance with procedures developed by the state board.~~

~~(b)~~ The commission may reverse the action of the state board if the commission finds that the school district could not remove itself from facilities distress due to impossibility caused by external forces beyond the school district's control; and

(12) Correct the failure of a school district to complete its agreed plan or to pass the millage in the special election under subdivision (d)(2) of this section by contracting for and completing the necessary improvements under the agreed plan;

(13)(A) If the division recommends and the commission concurs that the academic facilities in the public school district in facilities distress are inadequate to provide an adequate education, the state board may dissolve the district and transfer students to public schools in other public school districts.

(B) The state board shall assign the public school district's territory, property, and debt;
and

~~(11)(14)~~ Take any other action allowed by law that is deemed necessary to assist a public school or school district in removing criteria of facilities distress.

~~(e)(g)~~ No school district identified by the division as being in facilities distress may incur any debt without the prior written approval of the commission.

~~(f)(h)~~ A public school or school district in facilities distress may petition the commission for removal from facilities distress status only after the division has certified in writing that the public school or school district has corrected all criteria for being classified as in facilities distress and has complied with all division recommendations and requirements for removal from facilities distress.

~~(g)(i)~~ The division shall submit a written evaluation on the status of each school district in facilities distress to the commission and the state board at least one (1) time every six (6) months.

(j)(1)(A) If a school district is identified as being in facilities distress and has immediate repairs, growth, or suitability improvement issues, the division, in addition to any other remedy under this section and § 6-21-812, may provide a loan to the school district to be repaid from any funds available that are not required to provide an adequate education.

(B) Funds available that are not required to provide an adequate education include:

(i)(a) Fund balances and any cash on hand that are not part of foundation funding or categorical funding under § 6-20-2305 and are not otherwise required to provide an adequate education for students in the public school district; and

(b) Revenues that are not obligated on bonds;

(ii) Funds remaining after the annual payment on a bond obligation are included in funds that are not required to provide an adequate education.

(2) The public school district shall repay the loan on the schedule determined by the division.

(l) The commission in conjunction with the Academic Facilities Oversight Committee shall:

(1) Reexamine the role and function of the State Facility Assessment of 2004;

(2) Assess the progress made by the state in the mandates of the Arkansas Supreme Court in Lake View School District No. 25 v. Huckabee, No. 01-836; and

(3) Make needed changes in the implementation of the academic facilities program by modifying the commission's rules.

SECTION 3. NOT TO BE CODIFIED. The document attached hereto titled "Arkansas Department of Education, Analysis of the Academic Facilities Wealth Index for Providing Facilities for 10% of a District's ADM", dated March 8, 2007, is specifically adopted by the House Education Committee and the Senate Education Committee and recommended to the General Assembly and shall be filed in the journals of the House and Senate."

**Arkansas Department of Education
Analysis of the Academic Facilities Wealth Index
for providing facilities for 10% of a District's ADM
08-Mar-07**

Notes:

- * See A.C.A. 56-20-2501 for the definition of the calculation of the Academic Facilities Wealth Index
- * The Academic Facilities Wealth Index (WI) is used to determine the amount of the school district's share of financial participation in a local facilities project eligible for state financial participation and approved by the Arkansas Commission for Public School Academic Facilities and Transportation
This report used the 2005 Assessment, as used in 2006 -2007 Public School Funding
- * ADM is the Average Daily Membership of a school district, using the total number of days attended plus the total number of days absent, divided by the total number of days actually taught in the first three quarters of the school year
This report used the 2005 -2006 Three Quarter ADM, as used in 2006 -2007 Public School Funding
- * All ADM numbers are rounded up to the nearest hundredth, as defined at A.C.A. §6-20-2502
- * The Academic FWI calculation is based on the value of one mill per ADM for the district at the 95th percentile. The value of one mill per ADM of the school district at the 95th percentile is \$112.77
- * District FWI is the difference in the district's value of 1 mill per ADM and the value of one mill per ADM for the district at the 95th percentile, on a percentage basis
The FWI calculation uses the greater of either the 2005-2006 three quarter-average ADM or an average of the three quarter average ADM for the past three years
District FWI is not rounded (see A.C.A. 56-20-2502)
- * If a District's FWI is greater than 100%, the State Share of financial participation is 0.
- * The Total Project Cost calculation uses 130 square feet per ADM and \$130 per square foot cost
- * The District Debt Obligation is the (Total Project Cost x the District FWI)
- * The District Annual Debt Service is the annual amortization of a 30 year debt at 5% interest rate which is imputed at 6.4% for consistency in this analysis
The Annual Debt Service Mills Required is the District's Annual Debt Service divided by the 2005 Assessment
- * The millage is stated in whole numbers, to two decimals, for purposes of this report

To Whom It May Concern:

I am writing this letter in regards to my non-vote on **HOUSE BILL NO. 1395**. It was my intention to vote YES on this Bill and it is my recollection that I pressed the appropriate button. It is my impression that a mechanical failure with my voting button resulted in my vote not being recorded.

Sincerely,

Pam Adcock
State Representative
