ARKANSAS SENATE
EIGHTY-FIFTH GENERAL ASSEMBLY
REGULAR SESSION
[Amendment No. 1 to SENATE BILL NO. 1160](#)

Amend [Senate Bill No. 1160](#) as originally introduced:

Delete everything after the ENACTING CLAUSE and substitute the following:

“SECTION 1. Arkansas Code § 15-20-1106, concerning designated nutrient application, is amended to add a new subsection as follows:

(f) Application of poultry litter to soils or associated crops within a nutrient surplus area shall be done in accordance with a nutrient management plan or poultry litter management plan after January 1, 2007.

SECTION 2. Arkansas Code Title 15, Chapter 20, is amended to add an additional subchapter to read as follows:

15-20-1201. Legislative intent.

The General Assembly finds that:

(1) Proper application of nutrients is necessary for maximum soil fertility and proper plant growth;

(2) The Environmental Protection Agency has determined that land applications of dry poultry litter from a concentrated animal feeding operation are subject to National Pollution Discharge Elimination System permitting requirements;

(3) The State of Arkansas should establish and administer its own program to prevent, control, or abate pollution, working with the regulated community to develop a program that will address the problem of excessive nutrients and promote conservation-based farming in the least burdensome way possible; and

(4) The Arkansas Soil and Water Conservation Commission or its successor, the Arkansas Natural Resources Commission, is authorized to administer a program to comply with Environmental Protection Agency requirements.

15-20-1202. Definitions.

(a) As used in this subchapter:

(1) "Animal feeding operation" means a lot or facility where:

(A) Animals have been, are, or will be stabled or confined and fed or maintained for a total of forty-five (45) days or more in any twelve-month period; and

(B) Crops, vegetation, forage growth, or post-harvest residues are not sustained in the normal growing season over any portion of the lot or facility;

(2) "Commission" means the Arkansas Soil and Water Conservation Commission and its successor, the Arkansas Natural Resources Commission;

(3) "Concentrated animal feeding operation" means an animal feeding operation that due to size or designation by the Environmental Protection Agency Regional Administrator or the commission must file a comprehensive nutrient management plan, apply for a permit, or coverage under a general permit, and meet requirements established by the commission to meet the Environmental Protection Agency's requirements for concentrated animal feeding operations;

(4) "Director" means the Executive Director of the Arkansas Soil and Water Conservation Commission;

(5) "Permit" means individual and general permits administered by the

commission as provided by § 402(b) of the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq., as in effect on January 1, 2005, and approved under that act by the United States Environmental Protection Agency; and

(6) "Significant portion of income" means ten per cent (10%) or more of gross personal income in a calendar year or fifty percent (50%) or more of gross personal income in a calendar year if the recipient of the income is more than sixty (60) years of age and is receiving that portion of income under retirement benefits, including a pension or similar arrangement.

(b) All undefined words and phrases used in this subchapter shall have the same meaning as used in the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq., as in effect January 1, 2005, and the regulations adopted under that act.

15-20-1203. Administration of dry poultry litter -- Concentrated animal feeding operations program.

(a) Without limiting the generality of the provisions of this subchapter or of the powers that the Arkansas Soil and Water Conservation Commission and the director may have under this or any other law, the Arkansas Soil and Water Conservation Commission shall:

(1) Administer a dry poultry litter permit program on behalf of the state for concentrated animal feeding operation programs including the power and duty to issue, renew, revoke, modify, or deny individual concentrated animal feeding operation permits or coverage under general permits so long as no permit action would violate the provisions of any federal law, rule, or regulation;

(2) Submit to the Administrator of the Environmental Protection Agency a complete description of the program that the commission proposes to establish and administer, as provided by § 402(b) of the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq., as in effect on January 1, 2005, for Environmental Protection Agency approval; and

(3) Accept a delegation of authority from the Administrator of the Environmental Protection Agency to administer the dry poultry litter program.

(b) No member of the commission who receives or has received during the previous two (2) years a significant portion of his or her income directly or indirectly from dry litter concentrated animal feeding operation permit holders or dry litter concentrated animal feeding operation permit applicants shall participate in the approval of any concentrated animal feeding operation permit application or portions of any application, if participation by commissioners is required.

(c) The commission may delegate, by rule or resolution, portions of the administration of the program established by this subchapter to the Executive Director of the Arkansas Soil and Water Conservation Commission or conservation districts, or both.

15-20-1204. Service of notice and other documents.

Except as otherwise expressly provided in this subchapter, any notice, order, or other document issued by or under authority of the Arkansas Soil and Water Conservation Commission may be served upon any person affected by the notice or other document by the following means:

(1) Personal service;

(2) By mailing a copy of the notice, order, or other document, by certified mail, directed to the person affected at his or her last known address as shown by the files or records of the commission;
