ARKANSAS SENATE
EIGHTY-FIFTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 1046

Amend **Senate Bill No. 1046** as originally introduced:

Delete everything after the enacting clause and substitute:

“SECTION 1. Arkansas Code § 10-3-201 is amended to read as follows:
10-3-201. Legislative findings.

(a) It is found and determined by the General Assembly that:

(1) There has been a phenomenal increase in the volume and complexity of matters affecting state and local government and affecting the citizens of the state, which must be considered and determined by the General Assembly at each session;

(2) The cost of state and local government has increased significantly in the past few years and the General Assembly has the primary responsibility for allocating state revenues to the various agencies, departments, and programs of state government as well as to the various political subdivisions and school districts within the state;

(3) It is not possible during the limited legislative sessions for the members of the General Assembly to make the detailed studies and investigations and to give the very important matters coming before it the necessary consideration and deliberation that is essential for it to make decisions in the best interests of this state and its citizens;

(4) The great increase in the number, complexity, and magnitude of federal programs and projects which must be administered primarily at the state and local level, together with the unprecedented growth and increase in state programs, projects, and services, and the necessary increases in revenues of the state which provide support for these programs, make it necessary that the General Assembly and the members thereof spend a great deal more time in becoming familiar with the various programs, projects, and services in order that they may properly represent their constituents in those matters when they come before the General Assembly; and

(5) In order for the members of the General Assembly to carry out their primary responsibility of making decisions in behalf of the citizens of this state regarding the many expensive but worthwhile programs, projects, and services, and regarding the allocation of revenues to finance the more essential programs, projects, and services and to wisely enact and revise both civil and criminal laws applicable in this state, it is necessary that a system of interim committees of the General Assembly be established whereby the individual members of the House of Representatives and Senate will have an opportunity during the interim between sessions to study and analyze the many problems which will face them at the next session of the General Assembly in order that they will have a proper basis for casting their vote on those matters when the occasion arises.

(b) The General Assembly further finds that:

(1) It is essential to a proper and efficient legislative system that adequate professional and clerical assistance and facilities be provided the interim committees of the General Assembly during the interim between sessions in order to facilitate and coordinate the efforts of the various interim committees; and

(2) To accomplish this purpose, it is essential that the services and facilities available to the General Assembly be properly coordinated and organized in order to avoid duplication of effort and inefficiency in the legislative department.

(c) The General Assembly further finds that:

(1) The legal issues facing the legislature each session are extremely complex and require time for adequate legal review by legislative staff and the corresponding legal advice that follows adequate legal review;

(2) The interim committees created by the legislature should be more fully utilized to review and prepare drafts of agency-recommended legislation prior to each regular session; and

(3) It is essential to the proper and efficient legislative system for the interim committees and agencies to better coordinate the preparation of agency-recommended legislation during the interim to ensure that agency-recommended legislation receives adequate review and preparation and that the legislation is ready to be filed when the regular session commences.

SECTION 2. Arkansas Code § 10-3-202 is amended to read as follows:

10-3-202. Purpose and intent.

It is the purpose and intent of ~~§§ 10-3-201, 10-3-208, 10-3-212, 10-3-214, and 10-3-216~~ this subchapter to:

(1) provide Provide for the necessary interim activities of the General Assembly in order that the members of the General Assembly may become better informed in matters coming before the General Assembly; ~~;~~

(2) to assure Assure greater participation by all members of the General Assembly in the study of the many complex problems which face the General Assembly each session, ~~and;~~

(3) to provide Provide the General Assembly with the essential staff and facilities to effectively carry out its responsibility as representatives of the citizens of this state; ~~and~~

(4) Improve the coordination of the drafting of agency-recommended legislation by better utilizing the interim committees.

SECTION 3. Arkansas Code § 10-3-204 is amended to read as follows:

10-3-204. Interim committee chairs.

(a)(1) The chair and vice chair of each House of Representatives standing committee which composes a House interim committee shall serve as chair and vice chair of the House interim committee and the chair and vice chair of each Senate standing committee which composes a Senate interim committee shall serve as chair and vice chair of the Senate interim committee.

(2) If the House and Senate interim committees of comparable subject matter jurisdiction elect to meet jointly, the chair of the House committee and the chair of the Senate committee may alternately serve as chair of the interim committee in such manner as they agree.

(b)(1)(A) The chair of each interim committee may request agency-recommended legislative changes in markup format as defined under § 10-3-213(a) for the upcoming regular session that is related to the subject matter jurisdiction of the interim committee on which the chair serves.

(B) If an agency fails to respond to the chair's request for agency-recommended legislative changes under this subsection, then the chair may request that the Joint Budget Committee hold the agency's budget during the pre-session budget hearings conducted by the Legislative Council and the Joint Budget Committee.

(2) Legislation submitted by the chair of the interim committee under this subsection to the Bureau of Legislative Research and the resulting draft of legislation prepared by the Bureau of Legislative Research shall be treated in the same manner regarding confidentiality as other legislation requests submitted by legislators.

SECTION 4. Arkansas Code § 10-3-205 is amended to read as follows:
10-3-205. Staff — Assignment and duties.

(a) The purpose of legislative staff is to assist and serve legislators, members of interim legislative committees, and other entities in the legislative branch of the government of the State of Arkansas.

~~(e)(d)~~ (d) If any interim committee finds that the staff assigned to that committee is inadequate or that separate or additional staffing is necessary on a temporary or permanent basis in order to enable the committee to carry out its functions and duties, the chair of the committee may file a request for additional staff with the director, who shall present the request to the Legislative Council for its consideration, or the committee may request the House of Representatives or Senate to employ the separate or additional staff pursuant to the authority granted in Acts 1995, No. 1312, § 20.

SECTION 5. Arkansas Code § 10-3-213 is amended to read as follows:
