The hazardous duty pay authorized herein shall not exceed an amount equal to 5 and one-half percent (5.5%) of the annual salary authorized by law to any eligible employee and shall only be made available to the personnel occupying high risk positions in special treatment units as described in this section.

In cases of documented need, the Director of Health and Human Services shall identify the facility and/or unit, location and eligible classifications within the facility or unit. Such positions shall be certified by the DHHS Director as having been assigned to a work environment that poses an increased risk of personal injury and shall be submitted to the Office of Personnel Management for approval by the Chief Fiscal Officer of the State after review and approval of the Arkansas Legislative Council. Subsequent changes to the facility and/or unit, location and eligible classifications within the facility or unit on file with the OPM must receive prior approval by the Chief Fiscal Officer of the State after review and approval by the Arkansas Legislative Council.

The amounts received under this provision shall not be considered as exceeding the maximum authorized annual salary rate of the assigned grade.

It is the intent of this section that such payments shall be optional, at the discretion of the Chief Fiscal Officer of the State and the Director of the Department of Health and Human Services and, dependant upon sufficient revenues, shall not be implemented using funds specifically set aside for other programs within the Department.

The provisions of this section shall be in effect only from July 1, 2007 through June 30, 2009."

"(c) Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Further, the General Assembly has determined that the State Insurance Department may operate more efficiently if some flexibility is provided to the State Insurance Department authorizing broad powers under this Section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

~~(e)~~ (d) This special provision shall be in full force and effect for the biennium beginning July 1, ~~2005~~ 2007 and ending June 30, ~~2007~~ 2009."
