Upon motion of Representative Medley, **HOUSE BILL NO. 2721** was placed back on second reading for the purpose of amendment.

AMENDMENT NO. 1 TO HOUSE BILL NO. 2721

Amend **HOUSE BILL NO. 2721** as originally introduced:

Delete everything after the ENACTING clause and substitute the following:

"SECTION 1. Arkansas Code Title 20, Chapter 47 is amended to add an additional subchapter to read as follows:

20-47-601. Legislative findings.

The General Assembly finds that:

(1) There is increasing pressure on county jails to provide or find appropriate care for detainees and jail inmates who have mental illnesses;

(2) There are an inadequate number of acute inpatient psychiatric beds and, in some areas, limited follow-up treatment options available to adults with mental illness who have been arrested;

(3) Arkansas ranks forty-ninth in the number of state-operated, psychiatric beds per thousand population;

(4) The only non-profit psychiatric hospital beds for adults with mental illness are located in Pulaski Count and Jefferson County;

(5) In 2005, there were sixty-eight (68) counties in Arkansas that had no acute inpatient psychiatric beds;

(6) According to the United States Department of Justice, in 2000 only sixteen percent (16%) of jail inmates reported either a mental condition or emotional condition or an overnight stay in a mental hospital or program;

(7) In the year 2006, more than one half (1/2) of all prison and state inmates reported mental health problems, including symptoms of major depression, mania, and psychotic disorder;

(8) It is estimated that seventy percent (70%) of jail inmates with mental illnesses are incarcerated for nonviolent offenses;

(9) Jail diversion programs, including mental health courts, have demonstrated that where jail diversion programs are part of a system, jail diversion programs can help persons with mental illnesses arrested by a law enforcement officer and can reduce the likelihood of that person's re-entry into the law enforcement systems;

(10) A survey of county judges and chiefs of police in Arkansas reveals a recognition that there are gaps in the system that they cannot address by themselves;

(11) Law enforcement officers and jail personnel would benefit from training specifically to recognize promptly a person who may have a mental illness and to respond to that person in an appropriate manner;

(12) The counties and cities of Arkansas do not have sufficient funding to absorb an unfunded mandate to provide training and treatment in the jails, particularly as the training relates to the administration of prescribed medication;

(13) There are grant funds available that address some of these challenges that can be applied for if persons skilled in grant writing already employed by the state are assigned to obtaining the funds to support the purpose of this subchapter; and

(14) The absence of jail services required by detainees and inmates who have a mental illness has resulted in litigation and threats of litigation, that might result in limitation of the state's sovereignty and higher costs of meeting constitutional standards.

20-47-602. Definitions.

As used in this subchapter:

(1) "Community mental health centers" means those private non-profit organizations certified by the Division of Behavioral Health Services of the Department of Health and Human Services under § 20-47-202 as community mental health centers and contracted to perform designated public mental health services in the respective catchment areas of the state;

(2) "Inmate with mental illness" means a jail inmate who, after being assessed by a person qualified by licensure to conduct an assessment, meets the criteria for serious mental illness or is in danger of harm to self or to others;

(3) "Jail inmate" means a natural person who is in the custody of law enforcement authorities within the confines of a county jail;

(4) "Persons with mental illness" means a person who appears to be a danger to himself or herself or to others or to need mental health evaluation for treatment and may include an individual detained by a law enforcement officer;

(5) "Protocol" means standardized outlines of the steps to be taken by law enforcement officers, jails, community mental health centers or regional secure psychiatric facilities to handle the situation of each person with mental illness arrested by a law enforcement officer.

20-47-603. Protocols and accountability.

(a) Each county jail shall prepare and may use during the intake process a standard checklist, including behavioral indicators of mental health problems.

(b) If a checklist is used, the checklist shall be a permanent part of the jail inmate's record and shall record all mental health efforts that should be taken in relation to the jail inmate.

(c) Each county jail shall adapt the standard protocols to assist law enforcement personnel and mental health personnel as follows:

(1) A protocol that sets forth the steps that should be taken initially for all arrested persons to determine their mental health status, including physical indications that may affect mental health status:

(2)(A) A protocol to be used for those persons who, based on the results of the protocol drafted under subdivision (c)(1) of this section, may be in need of psychiatric or co-occurring condition treatment:

(B) Under the protocol drafted under subdivision (c)(2)(A) of this section, only licensed mental health professionals shall be responsible for comprehensive screening and assessment subsequent to a finding that the arrested person is in need of psychiatric or co-occurring condition treatment.

(C) Ordinarily the mental health professionals under subdivision (c)(2)(B) of this section should be supplied by the Community Mental Health Center for the catchment area in which the jail is located.

(3)(A) A protocol for case management for jail inmates with a mental illness who are referred to a community mental health center.

(B) The protocol drafted under subdivision (3)(A) of this section shall outline the responsibilities of each party and the steps to be followed in providing treatment to the referred inmate.

(C) The protocol drafted under subdivision (3)(A) of this section shall include a crisis plan for periods beyond the normal work day or work week.

(d)(1) A standard model for the checklist to be prepared under this section and a standard model for the protocols to be drafted under this section shall be prepared by a committee to be convened by the Division of Behavioral Health Services of the Department of Health and Human Services within six (6) months after the effective date of this subchapter.

(2) The committee convened under subdivision (d)(1) of this section shall consist of a representative designated by each of the following agencies or departments:

- (A) Arkansas Association of Chiefs of Police;
- (B) Arkansas Association of County Judges;
- (C) Arkansas Judicial Council;

- (I) Disability Rights Center;
- (J) Division of Behavioral Health;
- (K) Office of the Prosecutor Coordinator;
- (L) Department of Psychiatry of the University of Arkansas for

Medical Sciences; and

- (M) Arkansas Public Defender Commission.

(3) The committee shall submit the completed standard protocols and the standard checklist required under subdivision (d)(1) of this section to the Division of Behavioral Health and to the Arkansas Judicial Council for approval.

(4) The Division of Behavioral Health shall provide copies of the standard protocols and the standard checklist to sheriffs, chiefs of police and county judges shall post the standard protocols and the standard checklist on a public website.

(e) The committee convened under subdivision (d)(1) of this section shall recommend:

(1) Establishment of the needs for acute mental health beds throughout the state; and

(2) Provision of appropriate funding where needed for construction, operations, renovation, and equipment for meeting the state's needs for acute mental health beds to the extent such funds are appropriated for the purpose.

(f) The Division of Behavioral Health shall develop a standardized report related to all aspects of the implementation of this subchapter.

(g) Each community mental health center shall complete and submit quarterly to the Division of Behavioral Health the report developed under subsection (e) of this section.

(h) The Division of Behavioral Health shall publish annually within sixty (60) days after the end of the state's fiscal year a compilation of the quarterly reports to be made available to the public and, if necessary, to serve as the basis for action to end.

20-47-604. Conditional effectiveness.

AND

“SECTION 1. This act shall be known and may be cited as the “Emergency Preparedness for Child Care Facilities Act”.”

SECTION 2. Legislative intent.

The General Assembly finds that:

(1) Early care and education facilities at which children from birth to four (4) years of age and school-age children may spend part or all of their days may not be known to emergency preparedness agencies and thus may be overlooked in first response activities and in recovery planning following major disasters;

(2) The health and social-emotional, cognitive, and physical development of young children may be compromised by severe traumatic experiences;

(3) Teachers and caregivers of young children will improve the children’s health and well being by being prepared for orderly evacuations and rapid reunification of young children with their parents during emergencies;

(4) Child care facilities are crucial to the economic redevelopment of communities following major disasters; and

(5) State child care and emergency management agencies should take steps to share data and coordinate planning, response, and recovery of child care facilities during and after major disasters.

SECTION 3. Division of Child Care and Early Childhood Education policies.

The Director of the Division of Child Care and Early Childhood Education of the Department of Health and Human Services shall coordinate efforts with other state agencies and appropriate organizations to:

(1)(A) Share with the Arkansas Department of Emergency Management on a quarterly basis an integrated list of all licensed child care facilities and all known license-exempt child care facilities, including without limitation physical addresses, maximum capacity, emergency contact information, hours of operation, and status as tuition subsidy, meal subsidy, state-funded pre-kindergarten, and quality-rated facilities.

(B) The integrated list is to be sorted by county;

(2) Identify designated emergency shelters, including without limitation local shelters and mass evacuation shelters, in proximity to all licensed child care facilities and all known license-exempt facilities, identify three (3) designated shelters in closest proximity to each child care facility, and notify each child care facility annually of the locations of those shelters;

(3) Coordinate efforts to notify the state emergency management agency of the estimated number of children in child care facilities who could be evacuated to each shelter;

(4) Require all licensed child care facilities to notify parents annually of the shelters designated by the division as being in closest proximity to those facilities;

(5) Include early childhood emergency preparedness courses and workshops that address specific risk factors and evacuation procedures in particular geographic areas among approved courses and workshops for meeting requirements for in-service training for licensed child care providers in those geographic areas; and

(6) Incorporate specific indicators of emergency preparedness, linked to specific disaster risk factors in providers' geographic areas, into each level of any quality ratings above minimum licensing standards.

SECTION 4. Arkansas Department of Emergency Management policies.

The Director of the Arkansas Department of Emergency Management shall coordinate efforts with other state agencies and appropriate organizations to:

(1) Disseminate county-level lists of all licensed child care facilities and all known license-exempt facilities, including without limitation physical address, maximum capacity, hours of operation, and emergency contact information, to county governments for use in search and rescue during emergencies and disasters;

(2) Share a periodically updated statewide list of designated emergency shelters, both local shelters and mass evacuation shelters, with the state child care licensing agency, state child care subsidy program, and state child and adult nutrition program when such a list is available; and

(3) Include child care facilities where critical facilities such as schools, hospitals, and nursing homes are mentioned in the state response plan, emergency preparedness exercises, or other guiding documents and activities.”

"SECTION 1. Legislative intent.

(a) The General Assembly finds that:

(1) Research shows that extracurricular activities of public school students are important to public education;

(2) That the state's own public school funding experts, Lawrence O. Picus and Associates, in Recalibrating the Arkansas School Funding Structure - Final Report, August 30, 2006, which is the report presented to the House Interim Committee and the Senate Interim Committee on Education in August 2006, observed that extra-curricular programs, including some athletic programs, "are important to an adequate education program;

(3) That the Picus report also cited research evidencing that “well designed and administered after-school programs yield numerous improvements in academic and behavioral outcomes”; and

(4) That the overall economic health of a school district impacts the academic, fiscal, and facilities viability of a school district.

(b) It is therefore the intent of this act to:

(1) Preserve extracurricular programs that are important for an adequate education by protecting funding for these programs while a school is in fiscal or facilities distress;

(2) Provide consequences for the actions or inactions of superintendents and school district boards of directors who lead a school district into academic facilities distress or fiscal distress; and

(3) Assess the impact of the overall economic health of a school district in academic facilities distress or fiscal distress on its distress status.

SECTION 2. Arkansas Code § 6-21-811(d) - (g), concerning the authority of the Division of Public School Academic Facilities and Transportation with regard to a school district in facilities distress, is amended to read as follows:

(d) When a school district is identified by the division to be in facilities distress, the division may:

(1)(A)(i) Provide on-site technical evaluation and assistance and make recommendations to the district superintendent regarding the care and maintenance of any academic facility in the district.

(ii) The recommendations may include requiring the superintendent and members of the school board to attend leadership training, financial management training, or other training the division deems necessary.

(B) Any school district identified as being in facilities distress status shall accept on-site technical evaluation and assistance from the division.

(C) The recommendations of the division are binding on the district, the superintendent, and the school board;

(2)(A) Require the superintendent to relinquish all administrative authority with respect to the school district.

(B) The State Board of Education may, upon adequate written notice and opportunity for a hearing, suspend the administrator’s license of a superintendent who is asked to relinquish administrative authority of a school district in facilities distress;

(3)(A) Appoint an individual in place of the superintendent to administratively operate the school district under the supervision and approval of the Director of the Division of Public School Academic Facilities and Transportation.

(B) The division may direct the school district to compensate from school district funds the individual appointed to operate the school district;

After receiving approval from the Chief Fiscal Officer of the State and prior review and approval by the PEER Subcommittee of the Arkansas Legislative Council or Joint Budget Committee, the Director of the Department of Health and

Human Services is authorized to transfer, if needed, up to five million dollars (\$5,000,000) in appropriation authorized in this Act for decoupling and related expenses from the Department of Human Services Administration Fund Account to the Public Health Fund for unforeseen costs associated with decoupling the Division of Health from the Department of Health and Human Services.

Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Further, the General Assembly has determined that the Department of Health and Human Services may operate more efficiently if some flexibility is provided to the Department of Health and Human Services authorizing broad powers under this Section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, 2007 through June 30, 2009.”

March 21, 2007

TO THE SPEAKER OF THE HOUSE

This is to inform you that on March 21, 2007, I approved the following measures from the Regular Session of the Eighty-sixth General Assembly:

HOUSE BILL NO. 1564 - ACT 394

HOUSE BILL NO. 1829 - ACT 395

Sincerely,

Hall of the House of Representatives

86th General Assembly - Regular Session, 2007

Amendment Form

Subtitle of House Bill No. 2211

"AN ACT TO ESTABLISH THE ARKANSAS CHILD HEALTH RESOURCES PROGRAM TO PROVIDE HEALTH IMPROVEMENT OPPORTUNITIES FOR CHILDREN."

Amendment No. 1 to House Bill No. 2211.

Amend House Bill No. 2211 as originally introduced:

Page 1, delete line 5 and substitute the following:

“By: Representatives Key, (D.)Creekmore”

AND

Page 1, delete lines 9 through 12 and substitute the following:

“AN ACT CONCERNING EMERGENCY PREPAREDNESS FOR CHILD CARE FACILITIES; AND FOR OTHER PURPOSES.”

AND

Page 1, delete lines 15 through 18 and substitute the following:

“THE EMERGENCY PREPAREDNESS FOR CHILD CARE FACILITIES ACT.”

AND

Delete everything following the enacting clause and substitute the following:

“SECTION 1. This act shall be known and may be cited as the “Emergency Preparedness for Child Care Facilities Act”.

SECTION 2. Legislative intent.

The General Assembly finds that:

(1) Early care and education facilities at which children from birth to four (4) years of age and school-age children may spend part or all of their days may not be known to emergency preparedness agencies and thus may be overlooked in first response activities and in recovery planning following major disasters;

(2) The health and social-emotional, cognitive, and physical development of young children may be compromised by severe traumatic experiences;

(3) Teachers and caregivers of young children will improve the children’s health and well being by being prepared for orderly evacuations and rapid reunification of young children with their parents during

emergencies;

(4) Child care facilities are crucial to the economic redevelopment of communities following major disasters; and

(5) State child care and emergency management agencies should take steps to share data and coordinate planning, response, and recovery of child care facilities during and after major disasters.

SECTION 3. Division of Child Care and Early Childhood Education policies.

The Director of the Division of Child Care and Early Childhood Education of the Department of Health and Human Services shall coordinate efforts with other state agencies and appropriate organizations to:

(1)(A) Share with the Arkansas Department of Emergency Management on a quarterly basis an integrated list of all licensed child care facilities and all known license-exempt child care facilities, including without limitation physical addresses, maximum capacity, emergency contact information, hours of operation, and status as tuition subsidy, meal subsidy, state-funded pre-kindergarten, and quality-rated facilities.

(B) The integrated list is to be sorted by county;

(2) Identify designated emergency shelters, including without limitation local shelters and mass evacuation shelters, in proximity to all licensed child care facilities and all known license-exempt facilities, identify three (3) designated shelters in closest proximity to each child care facility, and notify each child care facility annually of the locations of those shelters;

(3) Coordinate efforts to notify the state emergency management agency of the estimated number of children in child care facilities who could be evacuated to each shelter;

(4) Require all licensed child care facilities to notify parents annually of the shelters designated by the division as being in closest proximity to those facilities;

(5) Include early childhood emergency preparedness courses and workshops that address specific risk factors and evacuation procedures in particular geographic areas among approved courses and workshops for meeting requirements for in-service training for licensed child care providers in those geographic areas; and

(6) Incorporate specific indicators of emergency preparedness, linked to specific disaster risk factors in providers' geographic areas, into each level of any quality ratings above minimum licensing standards.

SECTION 4. Arkansas Department of Emergency Management policies.

The Director of the Arkansas Department of Emergency Management shall coordinate efforts with other state agencies and appropriate organizations to:

(1) Disseminate county-level lists of all licensed child care facilities and all known license-exempt facilities, including without limitation physical address, maximum capacity, hours of operation, and emergency contact information, to county governments for use in search and rescue during emergencies and disasters;

(2) Share a periodically updated statewide list of designated emergency shelters, both local shelters and mass evacuation shelters, with the state child care licensing agency, state child care subsidy program, and state child and adult nutrition program when such a list is available; and

(3) Include child care facilities where critical facilities such as schools, hospitals, and nursing homes are mentioned in the state response plan, emergency preparedness exercises, or other guiding documents and activities.”
