"SECTION 1. Arkansas Code Title 15, Chapter 4 is amended to add an

additional subchapter to read as follows:

15-4-3301. Title.

This subchapter shall be known and may be cited as the "Digital Content AND Film Industry Development Act of 2007".

15-4-3302. Legislative intent — Findings.

(a) It is the intent of the General Assembly to assist in cultivating the film industry by:

(1)(A) Declaring that the citizens of Arkansas shall be provided with the education, training, and financial tools to succeed in today's global economy.

(B) The economic landscape of the state and nation has moved from a manufacturing-based economy to an economy based on knowledge and technology.

(C) To further cultivate the state's knowledge and technology based economy, the film and digital content industry in Arkansas shall be further developed;

(2) Providing the financial incentives needed to foster the long-term development of the digital medium and traditional film industry in Arkansas by:

(A) Recognizing that similar incentives in surrounding states have been a catalyst for unprecedented economic growth within those states;

(B) Recognizing that to create an effective mechanism for the sustained growth of the film industry in Arkansas will require the passage of modern legislation that establishes a film production incentive program that is not only competitive but also uniquely attractive to specific types of projects and production companies;

(C) Recognizing a successfully cultivated film industry will create a sector of high technology in Arkansas, a much needed infusion of capital into areas of the state that may be economically depressed, and offer high paying, knowledge-based and skilled labor employment opportunities to Arkansans; and

(D) Recognizing that the temporary revenue loss to seed the initial growth will be more than offset by the film and digital content industry's total value added to the Arkansas economy and direct offsets through the state and local taxes collected on economic activity generated by the industry;

(3) Allowing Arkansas to once again become competitive with surrounding states that offer financial incentives to the film and digital content production industry;

(4) Recognizing that currently there is a significant brain drain out of the state as creative talent native to Arkansas and those educated in our higher education system are forced to leave Arkansas to pursue careers in the film & digital

content industry:

(5) Creating a vibrant film and digital content industry in Arkansas will be essential in order to retain Arkansas's highly educated and creative individuals who want to pursue a career in this field including without limitation:

(A) Individuals educated with a specific focus in the film and media entertainment industry;

(B) Graduates of the film school programs at Arkansas State University and the University of Central Arkansas; and

(C) Individuals who have been trained to a very high level of proficiency in digital technology, specifically participants of the nationally renowned EAST Initiative and My Community Program; and

(6)(A) Targeting film and digital content projects with budgets between seventy-five thousand dollars (\$75,000) and twenty million dollars (\$20,000,000) will allow Arkansas to take advantage of the federal tax incentive offered to American film projects of that size in the American Jobs Creation Act of 2004.

(B)(i) Establishing an incentive program that benefits film productions within the range specified in subdivision (a)(6)(A) of this section will allow Arkansas to be attractive to the overwhelming majority of films being produced every year.

(ii) The low threshold of seventy-five thousand dollars (\$75,000) for qualification will allow Arkansas to be uniquely attractive to low-budget films like documentaries and other independent projects.

(iii) It is important to note that these financial incentives are available to any qualifying projects but the vast majority of projects fall within the target range.

(iv) Aiming to develop and attract these size projects will provide Arkansans with a better opportunity to achieve steady employment in the fields of film and digital content production and post-production.

(v) It is essential to provide financial incentives for post-production projects, so as to further develop the entire film and digital content industry.

(b) The General Assembly finds that:

(1)(A) Arkansas's natural beauty and diverse topography provide a variety of excellent settings from which the film and digital content industry might choose locations for production.

(B) In addition, the low cost of living, low cost of labor, and easy accessibility make Arkansas a natural choice from a financial standpoint for potential production companies.

(C) With the implementation of an effective film incentive program, Arkansas will be a uniquely attractive location for the film and digital content industry.

(2)(A) Due to the exceptional qualities of the state in terms of natural settings, availability of labor, materials, climate, and hospitality of its people, several successful motion pictures have been filmed in Arkansas.

(B) One (1) of the major reasons these projects were produced in Arkansas was because of the Motion Picture Incentive Act of 1983, § 24-2-201, et seq., that was one (1) of the first incentives offered to the motion picture industry and allowed the state and motion picture industry to develop a strong partnership.

(3)(A) The multiplier effect of the infusion of capital resulting from the production of film and digital content serves to stimulate economic activity beyond that immediately apparent during production or post-production.

(B) Other economic activities that tend to come along with this industry include tourism, new local residents, new local industries, and marketing and advertising opportunities.

(2) The incentives will be issued on a first-come first-serve basis.

(f)(1) A tax credit allowed under this subsection may be sold, assigned, or otherwise transferred, in whole or in part, to one (1) or more tax payers, if the taxpayers may claim the credit only for an income year in which the production company would have been eligible to claim the tax credit.

(2) The financial incentive agreement shall:

(A) Be the primary document setting forth:

(A) Apply to the Department of Economic Development for a production tax credit certificate; and

(B) Provide with the application a final expenditure report providing the information as the Department of Economic Development may require concerning the amount of the company's production expenses or costs.

(2) Failure to file the expenditure report within ninety (90) days after the last production expenses or costs are incurred may result in a delay in the disbursement of the tax incentive benefit under §§ 15-4-3305 and 15-4-3306.

(g)(1) The final expenditure report and all qualified production costs shall be subject to an audit by an outside certified public accountant licensed in the State of Arkansas.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the incentives afforded by this subchapter to the digital content industry can serve to stimulate the economy of the area in which production and post-production is performed; and that the incentives have a multiplier effect, in terms of economic development, in the locality of the production and statewide; and that tax revenues generated by the activities of digital content production and post-production more than offset the revenue lost through the incentives provided by this subchapter. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

- (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
- (3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

Immediately after SECTION 14 add the following sections:

" SECTION 15. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY, LOCAL AND TEMPORARY LAW. COURT AWARDS FUND TRANSFER PROVISION. Monies deposited in the Court Awards Fund each fiscal year may be used for motor vehicle purchases and associated taxes and/or motor vehicle equipping and renovation costs, agency operational needs and capital improvements for the Department of Arkansas State Police. Provided however, funds received from the Special State Assets Forfeiture Fund shall be deposited into the Court Awards Fund to be used by the Department of Arkansas State Police for law enforcement purposes consistent with governing federal law. The Department of Arkansas State Police may also request a fund transfer from the Court Awards Fund or the Arkansas State Police Fund to the Motor Vehicle Acquisition Revolving Fund. The provisions of this section

shall be subject to prior review and approval of the Arkansas Legislative Council or Joint Budget Committee.

Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Further, the General Assembly has determined that the Department of Arkansas State Police may operate more efficiently if some flexibility is provided to the Department of Arkansas State Police authorizing broad powers under this Section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, 2007 through June 30, 2009.

SECTION 16. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY, LOCAL AND TEMPORARY LAW. TRANSFER PROVISION. The Department of Arkansas State Police is hereby authorized, after seeking the approval of the Chief Fiscal Officer of the State, to request transfer from the appropriation made herein for "Confiscated Funds Transfer" to the Maintenance and General Operations classifications established in the operations appropriation of the Department of Arkansas State Police, and may be used for motor vehicle purchases and associated taxes and/or motor vehicle equipping/renovation costs, agency operational needs and capital improvements for the Department of Arkansas State Police. Fund transfers may be requested from the Court Awards Fund to the Department of Arkansas State Police Fund in the same amount and for the same purposes as the appropriation transfer requested under the provisions of this section. The provisions of this section shall be subject to prior review and approval of the Arkansas Legislative Council or Joint Budget Committee.
