Contract Summary
 This contract is concurrent with two other actuary contracts. These contracts support Arkansas Insurance Department in performing required statutory financial examinations and financial analysis, rate review analysis, review workers compensation claims, and analysis of new domestic insurance company's financial statements. Actuarial expertise is necessary to meet the national Association of Insurance Commissioners accreditation standards and to comply with Arkansas Insurance laws.

Purpose for Amendment
 This is one of three actuary contracts for the Insurance Departments that support AID in performing statutory financial examinations and analysis. Actuarial expertise is necessary to meet the national Association of Insurance Commissioners accreditation standards and to comply with Arkansas Insurance laws. Total Projected Amount applies to all three in total. Purpose is to add dollars and time to existing contract.

Contract Summary This Contract is to assist the Department in migrating data from the Centers for Disease Control and Prevention's ("CDC") National Electronic Disease Surveillance System Base System ("NEDSS Base System"/"NBS") database to Conduent Inc.'s ("Conduent") Maven disease surveillance software. The Contract includes comprehensive support for the data migration process, including helping to prepare data extracts for migration, advising the Department about the NBS data model, preparing/reviewing documentation, and identifying and correcting defects that would prevent the data migration process from being completed. The scope of work is specified in full in Attachment 4. The Department will measure whether the Contract objectives have been achieved based on whether the Contractor has completed all needed tasks for each disease group by the mutually agreed on deadline for that disease group and whether the Department and the Contractor can both verify that all relevant data has been correctly transferred in the data migration file for that disease group. This process is specified in full in Attachment 4. Note that the deadlines in Attachment 4 are subject to change by mutual agreement of the Department the Contractor, and Conduent.

Purpose for Amendment Amend to extend the ending date to 6/30/2024 and continue migration of data from Centers For Disease Control National Electronic Disease Surveillance System Base System (NEDSS Base System or NBS) database. For time only
