

INTERIM STUDY PROPOSAL 2019-001

State of Arkansas
92nd General Assembly
Regular Session, 2019

A Bill

ANS/ANS
HOUSE BILL

By: Representative Dotson

Filed with: Arkansas Legislative Council
pursuant to A.C.A. §10-3-217.

For An Act To Be Entitled

AN ACT TO REQUIRE A PHYSICIAN TO UTILIZE TREATMENT
ALTERNATIVES BEFORE PRESCRIBING AN OPIOID; AND FOR
OTHER PURPOSES.

Subtitle

TO REQUIRE A PHYSICIAN TO UTILIZE
TREATMENT ALTERNATIVES BEFORE PRESCRIBING
AN OPIOID.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code Title 17, Chapter 95, Subchapter 1, is
amended to add an additional section to read as follows:

17-95-109. Treatment of pain.

(a) If a patient that seeks treatment for a condition that causes
pain, then a physician shall refer or prescribe to the patient any of the
following treatment alternatives, based on the physician's clinical judgment
and the availability of the treatment, before the physician prescribes an
opioid for the treatment of pain:

- (1) Acupuncture;
- (2) Chiropractic services;
- (3) A chronic pain management program;
- (4) Massage therapy;
- (5) Occupational therapy;
- (6) Osteopathic manipulation; or

1 (7) Physical therapy.

2 (b) This section does not require a physician to refer or prescribe
3 all of the treatment alternatives listed under subsection (a) of this section
4 before prescribing an opioid for a patient.

5 (c) This section does not prohibit a physician from simultaneously
6 prescribing an opioid and prescribing or recommending any of the treatment
7 alternatives listed in subsection (a) of this section.

8

9 SECTION 2. Arkansas Code Title 23, Chapter 99, Subchapter 11, is
10 amended to add an additional section to read as follows:

11 23-99-1119. Treatment of pain.

12 (a) If a subscriber's treatment alternatives require prior
13 authorization and are ordered by a healthcare provider, then a healthcare
14 insurer shall not deny prior authorization for coverage of, at a minimum,
15 twenty (20) visits per event of:

16 (1) Chiropractic services;

17 (2) Chronic pain management provided by a chronic pain
18 management program;

19 (3) Occupational therapy;

20 (4) Osteopathic manipulation; and

21 (5) Physical therapy.

22 (b)(1) A patient may seek treatment for chiropractic services, chronic
23 pain management provided by a chronic pain management program, occupational
24 therapy, osteopathic manipulation, or physical therapy before seeking
25 treatment from a healthcare provider, and the treatment shall not require a
26 healthcare provider referral as a condition of coverage under a health
27 benefit plan.

28 (2) A deductible, coinsurance, or copay required for any of the
29 healthcare services listed in subsection (a) of this section shall not be
30 greater than the deductible, coinsurance, or copay required for a primary
31 care visit.

State of Arkansas
92nd General Assembly
Regular Session, 2019

A Bill

JMB/JMB
HOUSE BILL

By: Representative Dotson

Filed with: Arkansas Legislative Council
pursuant to A.C.A. §10-3-217.

For An Act To Be Entitled

AN ACT TO LIMIT ACCESS TO A CHIROPRACTIC PHYSICIAN BY
A MEDICAID RECIPIENT; AND FOR OTHER PURPOSES.

Subtitle

TO LIMIT ACCESS TO A CHIROPRACTIC
PHYSICIAN BY A MEDICAID RECIPIENT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code § 20-77-134(b), concerning direct access to
chiropractic physicians by Medicaid beneficiaries, is amended to read as
follows:

(b) Rules adopted under this section shall:

(1) Allow a Medicaid recipient to receive diagnosis and
treatment from a chiropractic physician without a referral from a primary
care physician;

(2) Direct the Division of Medical Services of the Department of
Human Services to develop a process for reporting diagnosis, treatment, costs
of services, and cost-savings benefits under this section; ~~and~~

(3) Specify that a chiropractic physician who provides diagnosis
or treatment, or both, under this section shall receive the same
reimbursement as if the Medicaid recipient had been referred to the
chiropractic physician by a primary care physician; and

1 (4) Limit access to a chiropractic physician to thirty (30)
2 visits per year unless a Medicaid recipient has received prior authorization
3 based on medical necessity for additional visits to a chiropractic physician.

INTERIM STUDY PROPOSAL 2019-160

State of Arkansas
92nd General Assembly
Second Extraordinary Session, 2020

A Bill

JMB/JMB
HOUSE BILL

By: Representative Vaught

Filed with: Arkansas Legislative Council
pursuant to A.C.A. §10-3-217.

For An Act To Be Entitled

AN ACT TO CREATE THE ARKANSAS LEGISLATIVE STUDY ON
MENTAL AND BEHAVIORAL HEALTH; AND FOR OTHER PURPOSES.

Subtitle

TO CREATE THE ARKANSAS LEGISLATIVE STUDY
ON MENTAL AND BEHAVIORAL HEALTH.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. TEMPORARY LANGUAGE. DO NOT CODIFY. Arkansas Legislative Study on Mental and Behavioral Health – Creation – Duties.

(a)(1) The Joint Performance Review Committee shall meet to conduct the Arkansas Legislative Study on Mental Health.

(b)(1) The cochairs of the Joint Performance Review Committee shall call the first meeting for the purpose of beginning the study within sixty (60) days of the effective date of this act.

(2) The Joint Performance Review Committee shall meet at least one (1) time every two (2) months in order to conduct the study but may meet more often at the call of the cochairs.

(c) The purpose of the study is to assess the strengths and weaknesses of the mental and behavioral health resources and care currently available in the State of Arkansas and to recommend legislation to the General Assembly regarding best practices and improvements within the area of mental and behavioral health care for consideration during the 2021 Regular Session.

1 (d) In order to achieve the purpose of this section, the Joint
2 Performance Review Committee shall study the following:

3 (1) Access to and availability of mental and behavioral health
4 care within this state;

5 (2) Existing mental and behavioral healthcare facilities in this
6 state;

7 (3) Medicaid programs regarding mental and behavioral health and
8 other public and private medical reimbursements for mental and behavioral
9 healthcare providers and facilities within and without this state;

10 (4) Best practices for provision of mental ad behavioral health
11 services;

12 (5) Mental and behavioral health programs in other states;

13 (6) The utilization and financial condition of the crisis
14 stabilization units and the Arkansas State Hospital;

15 (7) Transportation of mental and behavioral health patients in
16 Arkansas;

17 (8) The rate of deaths by suicide of school-aged children in
18 this state;

19 (9) Mental health screenings and suicide prevention measures for
20 children in kindergarten through grade twelve (K-12); and

21 (10) Other matters related to mental and behavioral health
22 services.

23 (e)(1) On or before December 1, 2021, the Joint Performance Review
24 Committee shall file with the Legislative Council a final written report of
25 its activities, findings, and recommendations.

26 (2) Upon filing, the Arkansas Legislative Study on Mental and
27 Behavioral Health shall be complete.

State of Arkansas

92nd General Assembly

Second Extraordinary Session, 2020

A Bill

JMB/JMB

HOUSE BILL

By: Representatives Gazaway, D. Ferguson

By: Senator D. Wallace

Filed with: Arkansas Legislative Council
pursuant to A.C.A. §10-3-217.

For An Act To Be Entitled

AN ACT TO PROVIDE FOR EMERGENCY MEDICAL CARE FOR
INJURED POLICE DOGS; TO PROVIDE IMMUNITY; AND FOR
OTHER PURPOSES.

Subtitle

TO PROVIDE FOR EMERGENCY MEDICAL CARE FOR
INJURED POLICE DOGS; AND TO PROVIDE
IMMUNITY.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code § 17-101-307(b), concerning exemptions to licensure by the Veterinary Medical Examining Board, is amended to add an additional subdivision to read as follows:

(13) An emergency medical services personnel or an emergency medical services provider from transporting an injured police dog as authorized under § 20-13-216.

SECTION 2. Arkansas Code § 20-13-202, concerning the definitions of the Emergency Medical Services Act, is amended to add additional subdivisions to read as follows:

(11) "Emergency medical services provider" means an entity that is licensed to provide emergency medical services, including without limitation an ambulance service provider; and

1 (12) "Police dog" means a dog owned or used by a law enforcement
2 agency in the course of the law enforcement agency's work, including a search
3 and rescue dog, service dog, accelerant detection dog, or other dog in use by
4 a law enforcement agency.

5
6 SECTION 3. Arkansas Code Title 20, Chapter 13, Subchapter 2, is
7 amended to add an additional section to read as follows:

8 20-13-216. Police dogs – Injured on duty.

9 (a)(1) An emergency medical services personnel or an emergency medical
10 services provider may transport a police dog injured in the course of the law
11 enforcement agency's work to a veterinary hospital or clinic if there is not
12 a person requiring immediate medical attention or transport at the time.

13 (2) During transport to the veterinary hospital or clinic, an
14 emergency medical services personnel or an emergency medical services
15 provider may provide emergency medical care to the police dog, including
16 without limitation:

17 (A) Opening and manually maintaining an airway;

18 (B) Giving mouth-to-snout or mouth-to-barrier ventilation;

19 (C) Administering oxygen;

20 (D) Managing ventilation by mask;

21 (E) Controlling hemorrhage with direct pressure;

22 (F) Immobilizing fractures;

23 (G) Bandaging;

24 (H) Administering naloxone hydrochloride, if administering
25 naloxone hydrochloride has been authorized in accordance with a written
26 protocol established and provided by a veterinarian or in consultation with a
27 veterinarian; or

28 (I) Providing euthanasia.

29 (b) An emergency medical services personnel or an emergency medical
30 services provider who, in the course of his or her duties, provides emergency
31 medical care or transportation to an injured police dog under this section is
32 not liable:

33 (1) For expenses related to providing emergency medical care to
34 the police dog or for the transport of the police dog to a veterinary
35 hospital or clinic;

1 (2) Civilly or criminally for emergency medical care provided to
2 the police dog by emergency medical services personnel or an emergency
3 medical services provider, including without limitation all causes of action
4 lying in tort or contract and any causes of action for damages arising from
5 the emergency medical care provided to the police dog; or

6 (3) For expenses charged by the veterinary hospital or clinic
7 for emergency medical care or subsequent associated medical care provided to
8 the police dog.

9 (c) An emergency medical services personnel or an emergency medical
10 services provider may request a member of the law enforcement agency that
11 owns or uses the police dog to accompany the injured police dog during
12 transport.

INTERIM STUDY PROPOSAL 2019-167

State of Arkansas
92nd General Assembly
Second Extraordinary Session, 2020

A Bill

JMB/JMB
HOUSE BILL

By: Representative B. Smith

Filed with: Arkansas Legislative Council
pursuant to A.C.A. §10-3-217.

For An Act To Be Entitled

AN ACT TO CREATE THE MEDICAL CONSCIENCE PROTECTION
ACT; AND FOR OTHER PURPOSES.

Subtitle

TO CREATE THE MEDICAL CONSCIENCE
PROTECTION ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code Title 17, Chapter 80, is amended to add an
additional subchapter to read as follows:

Subchapter 5 – Medical Conscience Protection Act

17-80-501. Title.

This subchapter shall be known and may be cited as the "Medical
Conscience Protection Act".

17-80-502. Legislative findings and purpose.

(a) The General Assembly finds that:

(1) The right of conscience is a fundamental and unalienable
right;

(2) The right of conscience was central to the founding of the
United States, has been deeply rooted in the history and tradition of the
United States for centuries, and has been central to the practice of medicine
through the Hippocratic Oath for millennia;

1 (3) Despite its importance, threats to the right of conscience
2 of healthcare practitioners and healthcare institutions have become
3 increasingly more common and severe in recent years;

4 (4) The swift pace of scientific advancement and the expansion
5 of medical capabilities, along with the notion that healthcare practitioners
6 and healthcare institutions are mere public utilities, promise only to
7 exacerbate the current crisis unless something is done to restore the
8 importance of the right of conscience; and

9 (5) It is the public policy of this state to protect the right
10 of conscience of healthcare practitioners and healthcare institutions.

11 (b) It is the purpose of this subchapter to protect all healthcare
12 practitioners and healthcare institutions from discrimination, punishment, or
13 retaliation as a result of any instance of conscientious medical objection.

14
15 17-80-503. Definitions.

16 As used in this subchapter:

17 (1)(A) "Conscience" means the deeply held religious, moral,
18 ethical, or philosophical beliefs or principles of a healthcare practitioner
19 or healthcare institution.

20 (B) "Conscience" of a healthcare institution may be
21 determined by reference to existing or proposed documents, including without
22 limitation any published religious, moral, or ethical guidelines, mission
23 statements, constitutions, bylaws, articles of incorporation, regulations, or
24 other relevant documents;

25 (2) "Discriminate" means to take an adverse action against, or
26 communicate a threat of adverse action to, any healthcare practitioner or
27 healthcare institution as a result of a decision by a healthcare practitioner
28 or healthcare institution to decline to participate in a healthcare service
29 on the basis of the conscience of the healthcare practitioner or healthcare
30 institution, including without limitation:

31 (A) Termination;

32 (B) Refusal of staff privileges;

33 (C) Refusal of board certification;

34 (D) Adverse administrative or disciplinary action;

35 (E) Demotion;

36 (F) Loss of career specialty;

- 1 (G) Reduction of wages, benefits, or privileges;
2 (H) Refusal to award any grant, contract, or other
3 program;
4 (I) Refusal to provide residency training opportunities;
5 (J) Refusal to authorize the creation, expansion,
6 improvement, acquisition, affiliation, or merger of a healthcare institution;
7 and
8 (K) Any other penalty or disciplinary retaliatory action;
9 (3) "Employer" means an individual or entity that pays for or
10 provides health benefits or health insurance coverage as a benefit to the
11 employees of the individual or entity;
12 (4) "Healthcare institution" means a public or private
13 organization, corporation, partnership, sole proprietorship, association,
14 agency, network, joint venture, or other entity involved in providing
15 healthcare services, including without limitation:
16 (A) A hospital;
17 (B) A clinic;
18 (C) A medical center;
19 (D) An ambulatory surgical center;
20 (E) A private physician's office;
21 (F) A pharmacy;
22 (G) A nursing home;
23 (H) A medical training facility;
24 (I) An individual, association, corporation, or other
25 entity attempting to establish a new healthcare institution or operating an
26 existing healthcare institution; and
27 (J) Any other institution or location where healthcare
28 services are provided to an individual;
29 (5) "Healthcare practitioner" means an individual who is:
30 (A) A physician;
31 (B) A physician's assistant;
32 (C) A nurse;
33 (D) A nurse's aide;
34 (E) A medical assistant;
35 (F) A healthcare institution employee;
36 (G) A pharmacist;

1 (H) A pharmacy employee;

2 (I) A researcher;

3 (J) A student, employee, or faculty member of a medical
4 school or nursing school;

5 (K) A counselor;

6 (L) A social worker; or

7 (M) Any professional, paraprofessional, or other
8 individual who furnishes or assists in the providing or performing of
9 healthcare services;

10 (6)(A) "Healthcare service" means a phase of patient medical
11 care, treatment, or procedure, including without limitation:

12 (i) Patient referral;

13 (ii) Counseling;

14 (iii) Therapy;

15 (iv) Testing;

16 (v) Research;

17 (vi) Diagnosis or prognosis;

18 (vii) Instruction;

19 (viii) Prescribing, dispensing, or administering of
20 any drug, medication, or device;

21 (ix) Surgery; and

22 (x) Other care or treatment provided by a healthcare
23 provider or healthcare institution.

24 (B) "Healthcare service" does not mean health care or
25 treatment that is emergent or necessary to save the life of the patient;

26 (7) "Participate" means to provide, perform, assist with,
27 facilitate, refer for, counsel for, advise with regard to, admit for the
28 purposes of providing, or take part in any way in providing any healthcare
29 service or any form of healthcare service; and

30 (8) "Reasonable accommodation" means an arrangement to
31 accommodate beliefs or practices consistent with Title VII of the Civil
32 Rights Act of 1964, 42 U.S.C. § 2000e et seq., as existing on January 1,
33 2019.

34
35 17-80-504. Right of conscience.

36 (a) A healthcare practitioner or healthcare institution:

1 (1) Has the right not to participate in a healthcare service
2 that violates his, her, or its conscience;

3 (2) Is not required to participate in a healthcare service that
4 violates his, her, or its conscience; and

5 (3) Is not civilly, criminally, or administratively liable for
6 declining to participate in a healthcare service that violates his, her, or
7 its conscience.

8 (b) An individual, healthcare practitioner, health institution, public
9 institution, private institution, public official, or any board or agency
10 that certifies competency in a medical specialty shall not discriminate
11 against a healthcare practitioner or healthcare institution in any manner
12 based upon his, her, or its declining to participate in a healthcare service
13 that violates his, her, or its conscience.

14 (c) The right of conscience described in subsection (a) of this
15 section does not include the right to deny emergency medical care.

16 (d) An action taken by a healthcare institution or employer of a
17 healthcare practitioner is not discrimination under this subchapter if the
18 action is taken as a reasonable accommodation to the right of conscience of a
19 healthcare practitioner.

20 (e)(1) A healthcare institution that exercises the right of conscience
21 shall promptly inform the patient or an individual authorized to make
22 healthcare decisions for the patient that the healthcare institution will not
23 participate in the healthcare service for reasons of conscience.

24 (2) If a request for transfer is made by the patient or on
25 behalf of the patient, the healthcare institution shall make all reasonable
26 efforts to assist in a prompt transfer of the patient and provide continuing
27 care to the patient until a transfer can be effected or until a determination
28 has been made that a transfer cannot be effected.

29 (3) If a transfer cannot be effected, the healthcare institution
30 shall not be compelled to participate in a healthcare service that violates
31 the conscience of the healthcare institution.

32 (f) This section does not:

33 (1) Prohibit a potential employer of a healthcare practitioner
34 from designating participation in a particular healthcare service as a
35 fundamental requirement for a position by providing a written certification

1 to the applicant that the healthcare service is directly related and
2 essential to a core purpose of the employer; or

3 (2) Authorize a healthcare practitioner or healthcare
4 institution to object to or refuse to participate in a healthcare service
5 based upon the particular characteristics of the patient who is seeking the
6 healthcare service.

7 (g) This section authorizes a healthcare practitioner or healthcare
8 institution to object to a healthcare service if the healthcare service is
9 sought for a particular purpose that is in conflict with the conscience of
10 the healthcare practitioner or healthcare institution regardless of the
11 patient who is seeking those services.

12
13 17-80-505. Notice requirements.

14 (a)(1) A healthcare institution or employer shall prominently post a
15 notice, not less than eight and one-half inches by eleven inches (8.5" x 11")
16 in size, entitled "Right of Conscience for Healthcare Practitioners,
17 Students, and Employees" in a location where other notices are normally
18 posted or, if notices are not normally posted, in a location in which
19 personnel are likely to see the notice.

20 (2) The purpose of the notice described in subdivision (a)(1) of
21 this section is to fully inform personnel of their right of conscience with
22 respect to the delivery of healthcare services.

23 (b) A healthcare institution or employer shall ensure that each member
24 of personnel, student, or employee is informed of his or her right of
25 conscience with respect to the delivery of healthcare services upon the start
26 of employment or service.

27 (c) An healthcare institution or employer that violates this section
28 is subject to a civil fine not to exceed ten thousand dollars (\$10,000) per
29 incident.

30
31 17-80-506. Civil remedies.

32 (a)(1) A civil action for damages or injunctive relief, or both, may
33 be brought by a healthcare practitioner or healthcare institution for a
34 violation of this subchapter.

35 (2) A claim that the violation of this subchapter was necessary
36 to prevent an additional burden or expense on another healthcare

1 practitioner, healthcare institution, or individual, including without
2 limitation a patient, is not an affirmative defense.

3 (3) A civil action brought under subdivision (a)(1) of this
4 section shall demonstrate by a preponderance of the evidence that:

5 (A) The healthcare practitioner or healthcare
6 institution holds a conscience as defined in this subchapter; and

7 (B) A reasonable accommodation was not offered or
8 made for the conscience of the healthcare practitioner or healthcare
9 institution.

10 (b)(1)(A) Upon a finding of a violation of this subchapter, the
11 aggrieved party shall be entitled to recover treble damages, including
12 without limitation damages related to:

13 (i) Pain and suffering sustained by the individual,
14 association, corporation, healthcare institution, or other entity;

15 (ii) The cost of the civil action; and

16 (iii) Reasonable attorney's fees.

17 (B) However, the total amount of damages shall not be less
18 than five thousand dollars (\$5,000) for each violation in addition to the
19 costs of the civil action and reasonable attorney's fees.

20 (2) Damages shall be cumulative and are not exclusive of other
21 remedies that may be afforded under state or federal law.

22 (c) A court may award injunctive relief, including without limitation
23 ordering the reinstatement of a healthcare practitioner to his or her prior
24 employment position or board certification or relicensure of a healthcare
25 institution.

26
27 17-80-507. Applicability.

28 This subchapter is supplemental to existing protections of the right of
29 conscience within the Arkansas Code and does not affect the existing laws
30 within the state concerning protection of the right of conscience.

31
32
33 Referred by Representative B. Smith

34 Prepared by: JMB/JMB

1 INTERIM STUDY PROPOSAL 2019-168

2
3 REQUESTING THAT THE HOUSE COMMITTEE ON PUBLIC HEALTH, WELFARE,
4 AND LABOR STUDY THE ROLE OF AN ADVANCED PRACTICE REGISTERED NURSE
5 AS A PRIMARY CARE PROVIDER WITHIN THE ARKANSAS MEDICAID PROGRAM.
6

7 WHEREAS, the demand for primary care services in the United States is
8 expanding and expected to continue expanding over the next several years as a
9 result of the growth and aging of the population of the United States; and
10

11 WHEREAS, in the 2015 Primary Care Needs Assessment, the Office of Rural
12 Health and Primary Care of the Department of Health identified the following
13 three (3) main challenges to healthcare progress in Arkansas:

14 (1) The supply, capacity, and distribution of primary care
15 providers in Arkansas is not sufficient to meet the healthcare needs of
16 Arkansas and is not likely to change in the short term;

17 (2) There are gaps in healthcare access, quality of care, and
18 geographic barriers that negatively impact care in rural and underserved
19 communities and populations; and

20 (3) The demand for healthcare services will be driven by a
21 rapidly increasing population of elderly Arkansans and a general population
22 that experiences differentially high rates of chronic disease; and
23

24 WHEREAS, Arkansas has over fifty-eight thousand (58,000) registered
25 nurses and over three thousand five hundred (3,500) advanced practice
26 registered nurses; and
27

28 WHEREAS, the Arkansas Medicaid Program, including the patient-centered
29 medical home model and the Arkansas Medicaid Primary Care Case Management
30 Program, does not recognize advanced practice registered nurses as primary
31 care providers despite the advanced education and training in primary care
32 received by an advanced practice registered nurse; and
33

34 WHEREAS, in the article entitled "Tapping Nurse Practitioners to Meet
35 Rising Demands for Primary Care" issued by the Kaiser Family Foundation, it
36 was found that:

1 (1) Close to ninety percent (90%) of advanced practice
2 registered nurses are prepared or trained in primary care;

3 (2) Advanced practice registered nurses can manage eighty to
4 ninety percent (80-90%) of care provided by primary care physicians; and

5 (3) Advanced practice registered nurses are significantly more
6 likely than primary care physicians to practice in urban and rural areas,
7 provide health care in a wider range of community settings, and serve a high
8 proportion of uninsured patients and other vulnerable populations; and
9

10 WHEREAS, the Institute of Medicine's 2011 report entitled "The Future
11 of Nursing, Leading Change, Advancing Health" issued recommendations to
12 ensure that registered nurses and advanced practice registered nurses
13 practice to the fullest extent of their licensure, accreditation,
14 certification, and education as well as perform as full partners in the
15 redesign of health care in the United States; and
16

17 WHEREAS, these recommendations serve as a blueprint toward a healthcare
18 system that provides patient-centered and evidence-based quality health care
19 with improved health outcomes by utilizing nurses, which are the nation's
20 largest healthcare workforce; and
21

22 WHEREAS, a study by the Institute of Medicine shows that a higher
23 concentration of primary care providers, particularly advanced practice
24 registered nurses and registered nurses, results in a higher quality of
25 health care and lower costs for the healthcare system; and
26

27 WHEREAS, other studies demonstrate that advanced practice registered
28 nurses are more likely to practice in medically underserved areas than
29 primary care physicians, which increases access for Medicaid beneficiaries;
30 and
31

32 WHEREAS, forty-two (42) states across the nation, have amended state
33 laws to expand the scope of practice for advanced practice registered nurses
34 to practice primary care as a primary care provider; and
35

1 WHEREAS, a report by the National Governors Association found that
2 health care provided by an advanced practice registered nurse "is comparable"
3 to health care provided by a physician "on several process and outcome
4 measures" and that advanced practice registered nurses "may provide improved
5 access to care"; and
6

7 WHEREAS, if regulatory and statutory barriers to utilization of the
8 advanced practice registered nurse as a primary care provider were removed,
9 advanced practice registered nurses have the potential to create new access
10 points for patients and Medicaid beneficiaries throughout the state by
11 opening new clinics and to increase the employment rates of the state by
12 employing new individuals in Arkansas communities; and
13

14 WHEREAS, the opportunity exists to more fully utilize advanced practice
15 registered nurses in the healthcare system of Arkansas; and
16

17 WHEREAS, for the health of Arkansas citizens, the General Assembly
18 should pursue efforts to improve access to health care by utilizing the
19 adaptive capacity of advanced practice registered nurses across the
20 healthcare continuum,
21

22 NOW THEREFORE,

23 BE IT PROPOSED BY THE HOUSE COMMITTEE ON PUBLIC HEALTH, WELFARE, AND LABOR OF
24 THE NINETY-SECOND GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
25

26 THAT the House Committee on Public Health, Welfare, and Labor study the
27 role of advanced practice registered nurses as primary care providers within
28 the Arkansas Medicaid Program to the fullest extent of their licensure,
29 accreditation, certification, and education.
30

31 BE IT FURTHER PROPOSED THAT, upon request, the Arkansas Nurses
32 Association and the Arkansas State Board of Nursing provide assistance to the
33 House Committee on Public Health, Welfare, and Labor to perform this study.
34
35
36

1 Respectfully submitted,

1 INTERIM STUDY PROPOSAL 2019-169

2
3 REQUESTING THE HOUSE COMMITTEE ON PUBLIC HEALTH, WELFARE, AND
4 LABOR STUDY THE ROLE OF PHARMACY TECHNICIANS AND METHODS TO
5 REDUCE BARRIERS THAT MAY PREVENT PHARMACY TECHNICIANS FROM BEING
6 ABLE TO MAXIMALLY ASSIST PHARMACISTS IN THE PRACTICE OF PHARMACY.
7

8 WHEREAS, pharmacy technicians play a vital roles in community and
9 health systems by performing tasks that assist pharmacists in safely
10 performing their clinical duties; and
11

12 WHEREAS, pharmacy technicians help to perform nonclinical tasks that
13 assist with the preparation of prescription medications, intravenous
14 medications, and compounded medications as well as other nonclinical tasks
15 within the pharmacy setting; and
16

17 WHEREAS, a pharmacist licensed in Arkansas is responsible for
18 overseeing the activities of a pharmacy technician, including training and
19 supervising the pharmacy technician and inspecting and checking the quality
20 and accuracy of the work of the pharmacy technician; and
21

22 WHEREAS, the supervising pharmacist knows and understands the abilities
23 of each of the pharmacy technicians that work under his or her supervision;
24 and
25

26 WHEREAS, the supervising pharmacist should be able to deploy a pharmacy
27 technician for any purpose that would assist the supervising pharmacist in
28 the practice of pharmacy, so long as the pharmacy technician is not making
29 any clinical decision or providing any clinical information to patients; and
30

31 WHEREAS, the General Assembly should study and review ways to properly
32 utilize pharmacy technicians to maximally assist pharmacists in the practice
33 of pharmacy,
34

35 NOW THEREFORE,

1 BE IT PROPOSED BY THE HOUSE COMMITTEE ON PUBLIC HEALTH, WELFARE, AND LABOR OF
2 THE NINETY-SECOND GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

3
4 THAT the House Committee on Public Health, Welfare, and Labor study the
5 role of pharmacy technicians and methods to reduce barriers that may prevent
6 pharmacy technicians from being able to maximally assist pharmacists in the
7 practice of pharmacy.
