Dear Co-Chairs,

First, pursuant to Ark. Code Ann. § 25-15-216(b)(4), please consider the following Arkansas Department of Health (ADH) Division of Health-Related Boards and Commissions update on rulemaking resulting from Acts of 2023. Arkansas law requires that each rule be promulgated by the specific Board or Commission, which meet at various times of the year. Various regulatory boards under the ADH Division of Health-Related Boards and Commissions are now drafting and amending rules specifically required due to legislation from the 2023 session. Please find a summary of the Boards' efforts made thus far below.

## Arkansas State Board of Nursing

Act 672 of 2023 establishes nursing earn-to-learn programs and authorizes a nursing student to earn direct patient care clinical credit hours for working in a healthcare facility in certain jobs. The nursing program and the healthcare facility shall establish boundaries and expectations of the senior-level nursing student based on accreditation standards and rules of the Arkansas State Board Nursing. The ADH's Arkansas State Board of Nursing (ASBN) drafted rule changes to comply with the Act. The ASBN has completed public comment on the proposed changes and has requested to present the rule to the Public Health, Welfare, and Labor Committee. The Board will continue the promulgation process.

The Arkansas Department of Health Division of Health-Related Boards and Commissions will continue to provide updates on rulemaking. If there are changes or additional updates identified, the ADH will provide further information in these updates as submitted to the Administrative Rules Subcommittee.

Second, pursuant to Ark. Code Ann. § 25-15-216 (b)(4), please also consider the following Arkansas Department of Health (ADH) and State Board of Health update on rulemaking resulting from Acts of 2023. The State Board of Health meets quarterly each year and ADH has drafted proposed amendments to rules and proposed repeal of rules to implement new laws. As evidenced below, ADH and the Board will continue the rule promulgation process outlined in the Administrative Procedure Act, including the public notice and comment period, followed by the

Legislative review and approval process under Ark. Code Ann. § 10-3-309, prior to filing the final rules.
