SECTION 7. Arkansas Code §§ 6-15-402 is amended as follows:

6-15-402. Purpose.

(a)(1) The purpose of this subchapter is to provide the statutory framework necessary to ensure that all students in the public schools of this state have an equal opportunity to demonstrate grade-level academic proficiency through the

application of knowledge and skills in the core academic subjects consistent with state curriculum frameworks, performance standards, and assessments. The State of Arkansas recognizes and declares that students who are not performing at grade-level standards of academic proficiency are especially harmed by social promotion because they are not equipped with the necessary academic skills to be successful and productive members of society. The State Department of Education is committed to ~~having~~ performing all students performing at their age appropriate grade level and beyond. ~~For this reason, the Arkansas Comprehensive Testing, Assessment, and Accountability Program will emphasize point-in-time intervention and remediation upon the discovery that any student is not performing at grade level.~~

~~(2) This subchapter is constructed around a system that includes statewide indicators, individual school improvement indicators, and a locally generated school accountability narrative. The total program shall be applied to each school in the state public school system.~~

(2) It shall also be the purpose of this subchapter to provide information needed to improve the public schools by measuring annual learning gains of all students through longitudinal tracking, to inform parents of the educational progress of their public school children, and to inform the public of the performance of schools. The program must be designed to:

(A) Assess the annual learning gains of each student toward achieving the Academic Content Standards appropriate for the student's grade level;

(B) Provide data for building effective staff development programs and school accountability and recognition;

(C) Identify the educational strengths and weaknesses of students and the to help the teacher tailor instruction to the needs of the individual student;

(D) Assess how well academic goals and performance standards are met at the classroom, school, school district, and state levels;

(E) Provide information to aid in the evaluation and development of educational programs and policies;

(F) Provide information on the performance of Arkansas students compared with other students from across the United States; and

(G) Identify best practices and schools that are in need of improving their practices.

(3) This subchapter is designed to be a multiyear commitment to assess the academic progress and performance of Arkansas' public school students, classrooms, schools, and school districts.

(b) The purposes of the ~~assessment and accountability program~~ ACTAAP developed pursuant to the provisions of this subchapter shall be to:

- (1) Improve student learning and classroom instruction;
- (2) Provide public accountability by ~~exemplifying~~ mandating expected achievement levels and reporting on school and school district performance; and
- (3) Provide evaluation data of school and school district performance in order to assist policymakers at all levels in decision making.

(c)(1) It is the General Assembly' intent that Arkansas participate in the measurement of national educational goals.

(2) The State Board of Education shall direct Arkansas school districts to participate in the administration of the National Assessment of Educational Progress, or a similar national assessment program, both for the national sample and for any state-by-state comparison programs which may be initiated.

(3) The Department of Education shall enforce and monitor school districts' participation in the National Assessment of Educational Progress program.

(4) The assessments must be conducted using the data collection procedures, the student surveys, the educator surveys, and other instruments included in the National Assessment of Educational Progress or similar program being administered in Arkansas.

(5) The results of these assessments shall be included in the annual report of the Department of Education specified in this subchapter.

(6) The administration of the National Assessment of Educational Progress or similar program shall be in addition to and separate from the administration of the Statewide Assessment Program.

(d) The priorities of the assessment and accountability program developed pursuant to the provisions of this subchapter shall include:

(1) All students have an opportunity to demonstrate increased learning and completion at all levels, graduate from high school, and enter postsecondary education or the workforce without remediation;

(2) Students demonstrate that they meet the expected academic standards consistently at all levels of their education;

(3) Academic standards for every level of the kindergarten through grade twelve (K-12) education system are aligned, and education financial resources are aligned with student performance expectations at each level of the kindergarten through grade twelve (K-12) education system;

(4) The quality of educational leadership at all levels of kindergarten through grade twelve (K-12) education is improved; and

(5) Parents, students, families, educational institutions, and

communities are collaborative partners in education, and each plays an important role in the success of individual students. Therefore, the State of Arkansas cannot be the guarantor of each individual student's success. The goals of Arkansas's kindergarten through grade twelve (K-12) education system are not guarantees that each individual student will succeed or that each individual school will perform at the level indicated in the goals.

SECTION 8. Arkansas Code Title 6, Chapter 15, Subchapter 4 is amended to add additional sections to read as follows:

The State Board of Education shall adopt rules, based upon recommendations of the Department of Education, for the provision of test accommodations and modifications of procedures as necessary for students in exceptional education programs and for Limited English proficient students. Accommodations that negate the validity of a statewide assessment or interpretations or implementations which result in less than ninety-five percent (95%) of all students attending public school participating in the testing program are not allowable.

(8) The Department of Education shall implement student testing programs for any grade level and subject area necessary to effectively monitor educational achievement in the state.

(9) District school boards must ensure that educators in their district provide instruction to prepare students to demonstrate proficiency in the skills and competencies necessary for successful grade-to-grade progression and high school graduation. The Department of Education shall conduct studies as necessary to verify that the required skills and competencies are part of the district instructional programs.

(d) Conduct ongoing research to develop improved statistically reliable and valid methods of assessing student performance, including, without limitation:

(2002).

(c) The Arkansas Comprehensive Testing, Assessment and Accountability Program shall require that any public school or school district in school improvement that fails to make adequate yearly progress as required in the Arkansas Comprehensive Testing, Assessment and Accountability Program may, after being afforded all due process rights and in a timely manner required under The No Child Left Behind Act of 2001, be advanced by the State Board of Education to the corrective action or restructuring phase of the Arkansas Comprehensive Testing, Assessment and Accountability Program adopted in the Arkansas Comprehensive Testing, Assessment and Accountability Program rules and regulations.

(d) Any public school or school district classified in school improvement shall comply with all requirements placed on a public school or school district under the Arkansas Comprehensive Testing, Assessment and Accountability Program rules and regulations as required by The No Child Left Behind Act of 2001, 20 U.S.C. § 6301, et seq. (e) Any public school or school district classified as in school improvement shall develop and file with the Department of Education a comprehensive school improvement plan which shall be reviewed by the department and shall be designed to ensure that all students have an opportunity to demonstrate proficiency on all portions of the state mandated criterion-referenced tests. The comprehensive school improvement plan shall include strategies to address the achievement gap existing for any identifiable group or subgroup as identified in the Arkansas Comprehensive Testing, Assessment and Accountability Program and the gap of that subgroup to the academic standard.

(f) Professional development activities of a public school or public school district in school improvement shall be related to the comprehensive school improvement plan and designed to increase student learning and achievement.

(g) Each district school board shall annually provide a written evaluation of

student performance and achievement within each school of the district. This evaluation and suggested measures to improve performance shall be presented in a public hearing in the same locality as the school district and then submitted with comments made at the public hearing to the Arkansas Department of Education.

6-15-426. School testing programs.

Student performance data shall be analyzed and reported to parents, the community, and the state. Student performance data shall be one of the components used in developing objectives of the school improvement plan, evaluation of instructional personnel, evaluation of administrative personnel, assignment of staff, allocation of resources, acquisition of instructional materials and technology, performance-based budgeting, and promotion and assignment of students into educational programs.

6-15-427. Required analyses.

The Department of Education shall provide, at a minimum, for the following analyses of data produced by the student achievement testing program:

(D) District school boards shall not establish school calendars that

jeopardize or limit the valid testing and comparison of student learning gains.

6-15-428. Local assessments.

School districts may elect to measure the learning gains of students in subjects and at grade levels in addition to those required for the Arkansas Comprehensive Assessment Testing Program. Measurement of the learning gains of students in all subjects and grade levels other than subjects and grade levels required for the Arkansas Comprehensive Assessment Testing Program is the responsibility of the school districts.

6-15-429. Rules.

The State Board of Education shall adopt any rules necessary to implement Arkansas Comprehensive, Testing, Assessment and Accountability Program under § 6-15-401 et seq. pursuant to the Arkansas Administrative Procedures Act, codified at § 25-15-201 et seq.

SECTION 13. Arkansas Code Title 6, Chapter 18, Subchapter 2 is amended to add an additional section to read as follows:

6-18-227.

(a)(1) This section may be referred to and cited as the "Arkansas Opportunity Public School Choice Act of 2003".

(2) The purpose of this section is to provide enhanced opportunity for students in this state to gain the knowledge and skills necessary for postsecondary education, a technical education, or the world of work. The General Assembly recognizes that the Arkansas Constitution, as interpreted by the Arkansas Supreme Court in Lake View School District No. 25 v. Mike Huckabee, 351 Ark. 31 (2002), makes education a paramount duty of the state. The General Assembly finds that the State Constitution requires the state to provide an adequate education. The General Assembly further finds that a student should not be compelled, against the wishes of the student's parent, to remain in a school found by the state to be failing for two (2) or more consecutive years or any two (2) years of a four (4) year period with a grade of "D" or "F" pursuant to § 6-15-1704. The General Assembly shall make available a public school choice option in order to give parents the opportunity for their children to attend a public school that is performing satisfactorily.

(3) The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools, since

teachers, administrators, and school board members will have added incentive to satisfy the educational needs of the students who reside in the district.

(4) A public school choice program is hereby established to enable any student to transfer from a failing or underperforming school to any other public school in the state, subject to the restrictions contained in this section.

(b)(1) A public school student's parent may request and shall receive from the receiving district a transfer option for the student to enroll in and attend another public school in accordance with the provisions of this section if:

(A)(i) By assigned school attendance area or by special assignment, the student has spent the prior school year in attendance at a public school that has been designated pursuant to § 6-15-1702 as adequate yearly progress grade category "F" and that has had 2 or more consecutive school years of such low performance, and the student's attendance occurred during a school year in which such designation was in effect;

(ii) The student has been in attendance elsewhere in the public school system and has been assigned to such school for the next school year;
or

(iii) The student is entering kindergarten or first grade and has been notified that the student has been assigned to such school for the next school year.

(B) The parent has notified the Department of Education and both the sending and receiving school districts of the request for a transfer no later than July 1 of the first year in which the student intends to transfer.

(2) For purposes of continuity of educational choice, the transfer shall remain in force until the student completes high school or the parent notifies the Department of Education and both the sending and receiving school districts, no later than July 1 following the current school year, of his or her desire to transfer back to the child's resident school district at the end of the current school year.

(3)(A) A school district shall, for each student enrolled in or assigned to a school that has been designated as adequate yearly progress grade category "F" for two (2) or more consecutive school years:

(i) Timely notify the parent of the student as soon as such designation is made of all options available pursuant to this section; and

(ii) Offer that student's parent an opportunity to enroll the student in any public school that has been designated by the state pursuant to § 6-15-1704 as a school performing higher than that in which the student is currently enrolled or to which the student has been assigned, but not less than adequate yearly progress grade category "C." The opportunity to continue attending the

higher performing public school shall remain in force until the student graduates from high school.

(B) The parent of a student enrolled in or assigned to a school that has been designated adequate yearly progress grade category "F" for two (2) or more consecutive school years may choose as an alternative to enroll the student in a higher-performing public school in any school district, and that school district shall accept the student and report the student for purposes of the district's funding pursuant to the Equitable School Finance System Act of 1995.

(C) Students with disabilities who are eligible to receive services from the school district under federal or state law, and who participate in this program, remain eligible to receive services from the school district as provided by federal or state law, and any funding for such student shall be transferred to the district to which the student transfers.

(i) Districts must complete a self-assessment instrument provided by the Department of Education which indicates the school district's evaluation of its performance on each best practice. The district must begin the self-assessment not later than sixty (60) days prior to the commencement of the review. The completed self-assessment instrument and supporting documentation must be submitted to the Department of Education not later than the date of commencement of the review as notified by the Department of Education. The district superintendent shall notify the press that the final report has been delivered. The notification shall state the Department of Education website address at which an electronic copy of the report is available.

The district school board shall advertise and promote this forum in a manner appropriate to inform parents, school district employees, the business community, and other district residents of the opportunity to attend this meeting.

(m)(1) If the district is found not to conform to best financial management practices, the report must contain an action plan detailing how the district could meet the best practices within two (2) years. The district school board must develop and approve the implementation schedule within sixty (60) days after receipt of the final report. If a district fails to vote on the action plan within sixty (60) days, the district superintendent and school board members shall be required to appear and present testimony before the State Board of Education and/or the Legislative Council.

(2) Within sixty (60) days after the receipt of the final report, the district school board must notify the State Board of Education and the Department of Education in writing of the implementation schedule for the action plan. The Department of Education may contact the school district, assess the situation, and offer technical assistance, if needed.

(2)(A) A second status report must be submitted by the school district to the Governor, the State Board of Education, the Division of Legislative Audit, the Department of Education, and the Legislative Council no later than one (1) year after submission of the initial report.

(B) Status reports are not required once the State Board of Education concludes that the district is using best financial management practices and the district is designated a grade category "C" for its financial practices.

(o) After receipt of each of a district's two (2) status reports required by

subsection (n) of this section, the Department of Education shall assess the district's implementation of the action plan and progress toward implementing the best financial management practices in areas covered by the plan. Following each assessment, the Department of Education shall issue a report to the Governor, the State Board of Education, the Division of Legislative Audit, the district, and the Education Committees of the Senate and the House of Representatives indicating whether the district has successfully implemented the best financial management practices. If no such changes have occurred and the district school board determines that the school district continues to conform to the best financial management practices, the district school board shall annually report that information to the State Board of Education, with copies to the Division of Legislative Audit.

(q)(1) A district school board that has been awarded a "Seal of Best Financial Management" by the State Board of Education and has annually reported to the State Board of Education that the district is still conforming to the best financial management practices may request a waiver from undergoing its next scheduled

If approved for waiver, the Department of Education shall notify the school district that no review of that district will be conducted during the next scheduled review cycle. In that event, the district school board must continue annual reporting to the State Board of Education as required in subsection (p) of this section.

(r) District school boards that receive a best financial management practices review must maintain records that will enable independent verification of the implementation of the action plan and any related fiscal impacts.

(s) Unrestricted cost savings resulting from implementation of the best financial management practices must be spent at the school and classroom levels for teacher salaries, teacher training, improved classroom and school facilities, student supplies, textbooks, classroom technology, and other direct student instruction activities. Cost savings identified for a program that has restrictive expenditure requirements shall be used for the enhancement of the specific program. If the district is in fiscal distress, the cost savings may be used in accordance with the fiscal distress plan.

"SECTION 1. Purpose.

(a) Under Act 889 of 1999, the Arkansas Court of Appeals Apportionment Commission was created to review the electoral districts for the Court of Appeals and make a recommendation on the changes to be made effective January 1, 2004. The commission has reviewed the current districts and the data from the 2000 census, received input from judges, lawyers, and the general public, and considered the requirements and restrictions of federal and state law. Because of major shifts in population which have occurred since the current districts were created utilizing the 1970 census, a realignment of these districts is necessary.

(b) The Arkansas Court of Appeals consisted of six (6) judges when it was first created. The number of members grew to nine (9) judges in 1996, and to twelve (12) judges in 1997. However, when the new judgeships were created, no plan was

made to stagger the dates of the end of the terms for each of the judges. As a result, the terms of eight (8) of the twelve (12) judges end in 2004. In order to provide for an orderly transition of members and create a reasonable level of stability on the court, it is necessary to adjust the current terms of office.

(c) It is the purpose of this act to create new electoral districts for the Arkansas Court of Appeals and to establish the dates for electing the judges within each of these districts.

SECTION 2. Court of Appeals Districts

The State of Arkansas is divided into the following seven (7) districts for the election of judges to the Arkansas Court of Appeals:

(1) District 1 shall be composed of Clay, Craighead, Crittenden, Cross, Greene, Lonoke, Mississippi, Monroe, Poinsett, Prairie, White and Woodruff counties;

(2) District 2 shall be composed of Baxter, Boone, Cleburne, Conway, Faulkner, Fulton, Independence, Izard, Jackson, Lawrence, Marion, Newton, Pope, Randolph, Searcy, Sharp, Stone, and Van Buren counties;

(3) District 3 shall be composed of Benton, Carroll, Crawford, Franklin, Johnson, Madison, and Washington counties;

(4) District 4 shall be composed of Clark, Garland, Hempstead, Hot Spring, Howard, Little River, Logan, Miller, Montgomery, Pike, Polk, Scott, Sebastian, Sevier, and Yell counties;

(5) District 5 shall be composed of Ashley, Bradley, Calhoun, Cleveland, Columbia, Dallas, Drew, Grant, Lafayette, Lincoln, Nevada, Ouachita, and Union counties;

(6) District 6 shall be composed of Pulaski, Perry and Saline counties;
and

(7) District 7 shall be composed of Arkansas, Chicot, Desha, Jefferson, Lee, Phillips, and St. Francis counties.

SECTION 3. Court of Appeals Transition.

The elections under this section 3 shall be for an eight (8) year term as follows:

(1) The judgeship currently designated as District 2, Position 2, shall continue to be designated District 2, Position 2 and shall be subject to election in 2004 in District 2;

(2) The judgeship currently designated as District 4, Position 1 shall continue to be designated District 4, position 1 and shall be subject to election in 2004 in District 4;

(3) The judgeship currently designated as District 4, Position 2 shall

continue to be designated District 4, Position 2 and shall be subject to election in 2004 in District 4;

(4) The judgeship currently designated as District 5, Position 1 shall be designated District 5 judge and shall be subject to election in 2004 in District 5;

(5) The judgeship currently designated as District 3, Position 2 shall continue to be designated District 3, Position 2 and shall be subject to election in 2006 in District 3;

(6) The judgeship currently designated as District 1, Position 2, shall be designated District 1, Position 1 and shall be subject to election in 2006 in District 1;

(7) The judgeship currently designated District 5, Position 2 shall be designated District 1, Position 2 and shall be subject to election in 2006 in District 1;

(8) The judgeship currently designated District 6, Position 2 shall continue to be designated District 6, Position 2 and shall be subject to election in 2006 in District 6;

(9) The judgeship currently designated District 1, Position 1 shall be designated District 7 judge and shall be subject to election in 2008 in District 7;

(10) The judgeship currently designated District 6, Position 1 shall continue to be designated District 6, Position 1 and shall be subject to election in 2008 in District 6;

(11) The judgeship currently designated District 2, Position 1 shall continue to be designated District 2, Position 1 and shall be subject to election in 2010 in District 2; and

(12) The judgeship currently designated District 3, Position 1 shall continue to be designated District 3, Position 1 and shall be subject to election in 2010 in District 3.

SECTION 4. Each currently serving member of the Court of Appeals shall continue in office until his or her position shall be subject to election, as provided for under this act, regardless of the date otherwise set as the expiration of his or her term, and regardless of any changes in the geographical boundaries in the district from which he or she was elected."

SECTION 6. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the State of Arkansas' criminal statutes do not adequately address terrorism, as terrorism is known since September 11, 2001. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor; or

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."
