(a) For purposes of this section the following definitions shall apply:

(1) "Certification area" means grade levels or subject area for which the state provides a license to teach;

(2) "Classified Employee" means a non-supervisory employee holding a position that is not required by law to hold a license issued by the State Board of Education and whose salary is on a support or classified salary schedule;

(3) "Consolidation" means any reorganization of a school district effective on or before July 1, 2004, either voluntarily under Arkansas Code Title 6, Chapter 13, Subchapter 14 or involuntary under this act of 2003;

(4) "Grade Level" means:

(A) Pre-kindergarten;

(B) Elementary, which consists of grades kindergarten through grades five (5) or six (6);

(C) Middle or junior high, which consists of grade six (6) or grade seven (7) through grade eight (8) or grade nine (9); or

(D) Senior High, which consists of grades nine (9) through twelve (12);

(5) "New school district" means the resulting school district after consolidation;

(6) "Seniority" means the total number of years of employment as a teacher or as a classified employee in Arkansas public elementary and secondary schools. For purposes of this section:

(A) Teachers may not count service as classified employees towards seniority; and

(B) A semester under contract shall be counted as a year. Less than a semester shall not be recognized for seniority;

(7) "Supervisory Employee" means any individual employed by the school district having authority, in the interest of the employer, to hire, transfer, suspend, lay-off, recall, promote, discharge, assign, reward or discipline other employees, the responsibility to evaluate them, or to adjust their grievances or effectively to recommend such action; and

(8) "Teacher" means a non-supervisory employee holding a position that requires a license from the State Board of Education whose salary is determined by the teacher salary schedule as required under Arkansas Code § 6-17-1001.

(b)(1) In the event of a consolidation effective on or before July 1, 2004, including the creation of regional school districts, the school districts to be consolidated shall not implement a reduction in force and shall not nonrenew or terminate any teacher's or classified employee's contract based upon the upcoming consolidation;

(2) The new school district shall become liable for all teacher and classified employee contracts of the school districts being consolidated.

(c)(1) If during the first two (2) years following a consolidation, effective on or before July 1, 2004, the new school district determines that it is necessary to reduce its staff of teachers or classified employees, or both and that the reduction cannot be accomplished through attrition, then the new school district shall follow the provisions of this section.

(2) However, nothing in this section shall exempt a new school district from complying with the Arkansas Teacher Fair Dismissal Act, §§ 6-17-1501, et seq., as may be amended, or the Public School Employee Fair Hearing Act, §§ 6-17-1707, et seq., as may be amended, when implementing the reduction in force.

(d) For both teachers and classified employees, the reduction in force shall be accomplished through attrition as much as possible.

(e) When a new school district determines that a reduction in force is necessary, it shall approve a list of position reductions by school, grade level, certification areas, and classified job positions. All employees shall receive a copy of the necessary reductions.

(f)(1) If the reduction in force cannot be accomplished through attrition, then points will be assigned to each teacher based upon data as of July 1 of the year prior to the time in which the reduction in force is to take place as follows:

(A) One (1) point shall be given for each year of seniority;

(B) Additional points for graduate degrees, but only one (1)

applies:

(i) Two (2) points shall be given for an earned Master's Degree, maximum two (2) points;

(ii) Three (3) points shall be given for a Master's Degree plus thirty (30) additional graduate level hours, maximum three (3) points;

(iii) Four (4) points shall be given for an Educational Specialist Degree, maximum four (4) points; and

(iv) Five (5) points shall be given for a Doctorate Degree, maximum five (5) points; and

(C) Six (6) points shall be given for certification by the National Board of Professional Teaching Standards.

(D) One (1) point shall be given for a trained mentor teacher;

(E) One (1) point shall be given for a certified Praxis assessor;

(F) One (1) point shall be given for two (2) or more academic content areas of endorsement as identified by the State Board of Education;

(G) One (1) point shall be given for certification or teaching in a State Board of Education approved shortage area; and

(H) One (1) point shall be given for multiple areas and levels of licensure as identified by the State Board of Education.

(2) All points assigned shall be verified by documents on file with the new school district. Each teacher's points shall be added, and teachers shall be ranked by the total points from high to low in their certification areas. All teachers in the new school district shall receive the listing of personnel and point totals.

(3) In each certification area, those with fewest points will be laid-off first with the following provisos:

(A) Full certification in a position shall prevail over greater points.

(B) If points are equal, earliest date of employment in an Arkansas public school shall prevail.

(4) If teachers are laid-off from employment under this section, they shall be offered an opportunity to fill a vacancy for which they are qualified, for a period of up to two (2) years. The laid-off teacher shall be recalled for a period of two (2) years in reverse order of the lay-off to any position for which they are qualified. A teacher's refusal of a position shall end the district's obligation to place the laid-off teacher.

(g) In the event of a necessary reduction in force under this section of classified employees, the school district shall supply all classified employees a list of employees by length of service. The school district shall first lay-off probationary classified employees, then the classified employees with the least seniority in the identified job classification. For two (2) years following the reduction, classified employees whose positions have been eliminated due to a reduction under this section shall have the right to assume a position for which they are qualified that is held by the least senior classified employee with the same job classification and length of contract. Laid-off classified employees shall be recalled for a period of two (2) years in reverse order of the lay-off to any position for which they are qualified. Any classified employee's refusal of a job shall end the district's obligation to place that classified employee.

(h) Laid-off teachers or classified employees with skills in the area of a vacant position shall be given first consideration. If more than one (1) teacher or classified employee is qualified for the vacant position, the teacher with the greatest seniority shall be employed first.

(i) The provisions of this section shall expire on July 1, 2006, with the exception of the recall provisions in subsections (f)(4), (g), and (h) of this section.

SECTION 5. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the Arkansas Supreme Court in Lake View School District No. 25 v. Huckabee, 351 Ark. 31 (2002) declared the now extent system of education to be unconstitutional because it is both inequitable and inadequate; and the Arkansas Supreme Court set forth the test for a constitutional system to be one in which the State has an "absolute duty" to provide an "equal opportunity to an adequate education"; and the Arkansas Supreme Court instructed the General Assembly to define and provide what is necessary to provide an adequate and equitable education for the children of Arkansas-forthwith. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."
