AND

Delete everything following the ENACTING CLAUSE and substitute the following:

"SECTION 1. Intent.

(a) The General Assembly finds that:

(1) The actions of state government have produced a substantial increase in the number of agencies, departments, boards, commissions, institutions, and programs of this state, growth of pre-existing programs, and the proliferation of rules;

(2) The growth of state government has developed without sufficient legislative oversight, regulatory accountability, or a system of checks and balances; and

(3) By establishing a system for the termination, study, review, continuation, or re-establishment of such agencies, it will be in a better position to evaluate the need for the continued existence of existing and future agencies, departments, boards, commissions, institutions, and programs of the state government.

(b) The intent of this act is to establish an orderly schedule for the abolishment of all existing state agencies during a twelve-year period, but to make provision for review by the Government Efficiency and Accountability Review Committee to enable the General Assembly to have the benefit of recommendations for the continuation of those state agencies which are deemed to be essential for the necessary and efficient operation of government prior to the abolishment.

SECTION 2. (a) The following state agencies, and all departments, boards, commissions, institutions, divisions, programs, services, advisory committees, and councils of the state agencies, shall be abolished on June 30, 2007, unless continued by action of the General Assembly or transferred to another state agency:

Delete everything after the Enacting Clause and substitute the following:

“SECTION 1. Purpose.

(a) The General Assembly declares that the presence of a current license plate on a motor vehicle has become one (1) indication that the motor vehicle is covered by liability security.

(b) The General Assembly further declares that the provisions of Arkansas Code § 27-22-104(3)(A), which requires owners of motor vehicles to surrender the license plates of motor vehicles when the operator of the motor vehicle is unable to present proof of the vehicle’s insurance coverage as required when requested by a law enforcement officer or if a check of the vehicle insurance database at the time of a traffic stop fails to show current insurance coverage, should become an integral part of the enforcement of the laws requiring all motor vehicles to be covered by liability security.

SECTION 2. Arkansas Code § 27-22-104 is amended to read as follows:

27-22-104. Insurance required — Minimum coverage.

(a)(1) It shall be unlawful for any person to operate a motor vehicle within this state unless the vehicle is covered by a certificate of self-insurance under the provisions of § 27-19-107, or by an insurance policy issued by an insurance company authorized to do business in this state.

(2) Failure to present proof of insurance coverage at the time of arrest and a failure of the vehicle insurance database to show current insurance coverage at the time of the traffic stop creates a rebuttable presumption that the motor vehicle is uninsured.

(b) The policy shall provide as a minimum the following coverage:

(1) Not less than twenty-five thousand dollars (\$25,000) for bodily injury or death of one (1) person in any one (1) accident;

(2) Not less than fifty thousand dollars (\$50,000) for bodily injury or death of two (2) or more persons in any one (1) accident; and

(3) If the accident has resulted in injury to or destruction of property,

not less than twenty-five thousand dollars (\$25,000) for the injury to or destruction of property of others in any one (1) accident.

(c)(1) If the operator of the motor vehicle is unable to present proof of the vehicle's insurance coverage as required in subsection (a) of this section when requested by a law enforcement officer or if a check of the vehicle insurance database at the time of the traffic stop fails to show current insurance coverage, the operator shall be issued, in addition to any traffic citation issued for a violation of this section, a notice of noncompliance with the provisions of this section on a form to be provided to the Department of Finance and Administration.

(2) The officer shall forward a copy of the notice of noncompliance to the department within ~~ten (10) days~~ five (5) calendar days of issuance, excluding Saturdays, Sundays, and legal holidays.

(3)(A) In addition, the officer shall remove and impound the license plate attached to the vehicle.

(B) The license plate shall be returned to the Office of Driver Services or to the local revenue office.

(d)(1) The law enforcement officer who removes and impounds the license plate pursuant to subdivision (c)(3)(A) of this section shall issue for attachment to the rear of the vehicle a temporary sticker denoting its use in lieu of an official license plate.

(2) The sticker shall bear the date upon which it shall expire in written or stamped numerals or alphabetic characters not less than three inches (3") in height.

(3) This temporary sticker shall only be effective for a period of ~~ten (10) days~~ five (5) calendar days, excluding Saturdays, Sundays, and legal holidays, beginning from the day on which the license plate was taken.

(4) The temporary stickers shall be designed by the department and supplied at no cost to all law enforcement agencies authorized to enforce traffic laws in Arkansas.

(5) If the vehicle is being driven after the expiration of the temporary sticker provided for in this section, the vehicle shall be immediately impounded.

(e)(1) Upon receipt of the notice of noncompliance by the department, the department shall proceed to suspend the registration of the uninsured vehicle effective ~~ten (10) days~~ five (5) calendar days, excluding Saturdays, Sundays, and legal holidays, after the license plate was taken and the notice of noncompliance was issued.

(2) However, if the vehicle was insured at the time of the offense, the owner of the vehicle shall have ~~ten (10) days~~ five (5) calendar days, excluding

Saturdays, Sundays, and legal holidays, to present to the Office of Motor Vehicle proof of insurance coverage or other financial security in effect at the time of the offense, whereupon the license plate shall be returned at no cost to the owner of the vehicle.

(3) If the owner fails to provide proof that the vehicle was properly insured at the time of the offense, the chief administrative officer of the Office of Motor Vehicle shall destroy, or shall cause to be destroyed, the license plate removed from the owner's vehicle and shall suspend the registration of the vehicle.

(f) Any suspension by the department under this section shall be subject to the notice and hearing provisions of § 27-19-404 and shall remain in effect and no registration shall be renewed for or issued to any person whose vehicle registration is so suspended until:

(1) The person shall deposit or there shall be deposited on his or her behalf sufficient security as provided for under the Motor Vehicle Safety Responsibility Act, § 27-19-101 et seq.; or

(2) The person shall furnish the department one of the following:

(A) A certificate of self-insurance under the provisions of § 27-19-107; or

(B) A sufficient insurance policy issued by an insurance company authorized to do business in this state.

(g)(1) In order to reinstate the suspended registration and be reissued a license plate for any suspended motor vehicle, the owner shall present the proof of renewed or new financial coverage required in subdivision (f)(1) or (2) of this section to the department ~~and shall pay to the department a twenty dollar (\$20.00) fee for reinstatement of the registration and reissuance of the license plate.~~ For the first offense there shall be a reinstatement fee of fifty dollars (\$50.00), for a second offense there shall be a reinstatement fee of one hundred fifty dollars (\$150), and for any subsequent offense there shall be a reinstatement fee of three hundred dollars (\$300). The reinstatement fee provided in this subdivision (g)(1) shall be in addition to other appropriate registration fees allowed by law and reinstatement shall depend on proof of compliance with the compulsory liability law.

(2) The revenues derived from this reinstatement fee shall be deposited as a special revenue to the State Central Services Fund and credited as a direct revenue to be used by the department to offset the costs of administering this section.

(3) This ~~fee~~ reinstatement fee in subdivision (g)(1) of this section shall be in addition to any other fines, fees, or other penalties for other violations of this section.

(h) The department shall promulgate necessary rules and regulations for the administration of this section.”

Upon motion of Representative Verkamp, **HOUSE BILL NO. 2857** was placed back on second reading for the purpose of amendment.

AMENDMENT NO. 1 TO HOUSE BILL NO. 2857

Amend **HOUSE BILL NO. 2857** as originally introduced:

Delete everything following the enacting clause and substitute the following:

"SECTION 1. Arkansas Code § 5-1-109, pertaining to statutes of limitations for criminal offenses, is amended to add an additional subsection to read as follows:

(j) If the prosecution of a felony offense is not barred by a statute of limitation prior to the effective date of this subsection (j) and deoxyribonucleic acid testing implicates in the commission of the felony a person previously identified through a search of the State DNA Data Base or National DNA Index System, then the prosecution of the person previously identified shall not be precluded by any statute of limitation that would otherwise preclude the prosecution.

SECTION 2. Arkansas Code § 16-112-201 is amended to read as follows:

16-112-201. Appeals - New scientific evidence.

(a) Except when direct appeal is available, a person convicted of a crime may commence a proceeding to secure relief by filing a petition in the court in which the conviction was entered to vacate and set aside the judgment and to discharge the petitioner or to resentence the petitioner or grant a new trial or correct the sentence or make other disposition as may be appropriate, if the person claims under penalty of perjury that:

(1) Scientific evidence not available at trial establishes the petitioner's actual innocence; or

(2) The scientific predicate for the claim could not have been previously discovered through the exercise of due diligence and the facts underlying the claim, if proven and viewed in light of the evidence as a whole, would be sufficient to establish by clear and convincing evidence that no reasonable fact-finder would find the petitioner guilty of the underlying offense.

(b) Nothing contained in this subchapter shall prevent the Arkansas Supreme Court or the Arkansas Court of Appeals, upon application by a party, from granting a stay of an appeal to allow an application to the trial court for an evidentiary hearing under this subchapter.

SECTION 3. Arkansas Code § 16-112-202 is amended to read as follows:

16-112-202. Form of motion.

~~(a)~~(1) Except when direct appeal is available, a person convicted of a crime

may make a motion for the performance of fingerprinting, forensic deoxyribonucleic acid testing, or other tests which may become available through advances in technology to demonstrate the person's actual innocence if:

~~(A) The testing is to be performed on evidence secured in relation to the trial which resulted in the conviction; and~~

~~(B) The evidence was not subject to the testing because either the technology for the testing was not available at the time of the trial or the testing was not available as evidence at the time of the trial.~~

~~(2) The motion shall be filed before the court in which the conviction was entered.~~

~~(3) Reasonable notice of the motion shall be served on the prosecuting attorney who represented the state at trial.~~

~~(b) A person who makes a motion for the performance of fingerprinting, forensic deoxyribonucleic acid testing, or other tests which may become available through advances in technology to demonstrate the person's actual innocence must present a prima facie case that:~~

~~(1) Identity was an issue in the trial; and~~

~~(2) The evidence to be tested has been subject to a chain of custody sufficient to establish that it has not been substituted, tampered with, replaced, or altered in any material aspect.~~

~~(c)(1) The court shall order that the testing be performed if:~~

~~(A) A prima facie case has been established under subsection (b) of this section;~~

~~(B) The testing has the scientific potential to produce new noncumulative evidence materially relevant to the defendant's assertion of actual innocence; and~~

~~(C) The testing requested employs a scientific method generally accepted within the relevant scientific community.~~

~~(2) The court shall impose reasonable conditions on the testing designed to protect the state's interests in the integrity of the evidence and the testing process.~~

(1) The specific evidence to be tested was secured as a result of the investigation or prosecution of an offense being appealed under § 16-112-201;

(2) The specific evidence to be tested was not previously subjected to testing and the person making the motion under this section did not:

(A) Knowingly and voluntarily waive the right to request testing of the evidence in a court proceeding commenced after January 1, 2004; or

(B) Knowingly fail to request testing of the evidence in a prior

motion for post-conviction testing:

(3) The specific evidence was previously subjected to testing and the person making a motion under this section is requesting testing using a new method or technology that is substantially more probative than the prior testing;

(4) The specific evidence to be tested is in the possession of the state and has been subject to a chain of custody and retained under conditions sufficient to ensure that the evidence has not been substituted, contaminated, tampered with, replaced, or altered in any respect material to the proposed testing;

(5) The proposed testing is reasonable in scope, utilizes scientifically sound methods, and is consistent with accepted forensic practices;

(6) The person making a motion under this section identifies a theory of defense that:

(A) Is not inconsistent with an affirmative defense presented at the trial of the offense being appealed under § 16-112-201; and

(B) Would establish the actual innocence of the person in relation to the offense being appealed under § 16-112-201;

(7) The identity of the perpetrator was at issue during the investigation or prosecution of the offense being appealed under § 16-112-201;

(8) The proposed testing of the specific evidence may produce new material evidence that would:

(A) Support the theory of defense described in subdivision (6) of this section; and

(B) Raise a reasonable probability that the person making a motion under this section did not commit the offense;

(9) The person making a motion under this section certifies that he or she will provide a deoxyribonucleic acid, fingerprint, or other sample for comparison; and

(10) The motion is made in a timely fashion subject to the following conditions:

(A) There shall be a rebuttal presumption of timeliness if the motion is made within thirty-six (36) months of the date of conviction. The presumption may be rebutted upon a showing:

(i) That the motion for a test under this section is based solely upon information used in a previously denied motion; or

(ii) Of clear and convincing evidence that the motion filed under this section was filed solely to cause delay or harassment; and

(B) There shall be a rebuttable presumption against timeliness for any motion not made within thirty-six (36) months of the date of conviction. The

presumption may be rebutted upon a showing:

(i) That the person making a motion under this section was or is incompetent and the incompetence substantially contributed to the delay in the motion for a test;

(ii) That the evidence to be tested is newly discovered evidence;

(iii) That the motion is not based solely upon the person's own assertion of innocence and a denial of the motion would result in a manifest injustice; or

(iv) Of good cause.

SECTION 4. Arkansas Code Title 16, Chapter 112, Subchapter 2 is amended to add an additional section to read as follows:

16-112-208. Testing procedures.

(a)(1) A court that orders any deoxyribonucleic acid testing under this subchapter shall direct the testing to be carried out by the State Crime Laboratory.

(2)(A) However, the court may order deoxyribonucleic acid testing by another qualified laboratory if the court makes all necessary orders to ensure the integrity of the specific evidence and the reliability of the testing process and test results.

(B) As used in this section, "qualified laboratory" means a laboratory that is accredited by the American Society of Crime Laboratory Directors or certified through the National Forensic Science Technology Center.

(3) The court may order the person who requested any deoxyribonucleic acid testing under this subchapter to pay for the cost of the testing if the court determines that the person has the ability to pay for the testing.

(b) If the deoxyribonucleic acid test results obtained under this subchapter are inconclusive, the court may order additional testing or deny further relief to the person who requested the testing.

(c)(1) If deoxyribonucleic acid test results obtained under this subchapter establish that the person who requested the testing was the source of the deoxyribonucleic acid evidence, the court shall deny any relief to the person.

(2) On motion of the state, the court shall determine if the person's assertion of actual innocence was false. If the court finds that the person's assertion of actual innocence was false, the court may:

(A) Hold the person in contempt;

(B) Assess against the person the cost of any deoxyribonucleic acid testing carried out under this subchapter;

(C) Forward the finding to the Board of Corrections for consideration in the awarding of meritorious good time to the person; or

(D) Forward the finding to the Post Prison Transfer Board for consideration in the granting of parole to the person.

(d) In any prosecution of a person for false assertions in a proceeding under this subchapter upon conviction or a plea of guilty or nolo contendere, the person shall be subject to a term of imprisonment of not less than three (3) years that shall run consecutively with any other term of imprisonment the person is serving.

(e)(1) If deoxyribonucleic acid test results obtained under this subchapter exclude a person as the source of the deoxyribonucleic acid evidence, the person may file a motion for a new trial or resentencing.

(2) The court shall establish a reasonable schedule for the person to file a motion under subdivision (e)(1) of this section and for the state to respond to the motion.

(3) The court may grant the motion of the person for a new trial or resentencing if the deoxyribonucleic acid test results, when considered with all other evidence in the case regardless of whether the evidence was introduced at trial, establish by compelling evidence that a new trial would result in an acquittal.

(f) In a case in which a person is sentenced to death, any deoxyribonucleic acid testing ordered under this subchapter shall be completed:

(1) No later than sixty (60) days after the date on which the state responds to the motion described in §§ 16-112-202 and 16-112-203; or

(2) No later than one hundred twenty (120) days after the date on which the deoxyribonucleic acid testing was ordered under any post-conviction testing procedures under this subchapter.

(g)(1) The results of any deoxyribonucleic acid testing ordered under this subchapter shall be simultaneously disclosed to the court, the person that requested the testing, and the State of Arkansas.

(2)(A) The state shall submit any test results relating to a person's deoxyribonucleic acid to the National DNA Index System.

(B) If the deoxyribonucleic acid test results obtained under this subchapter are inconclusive or show that the person tested was the source of the deoxyribonucleic acid evidence, the deoxyribonucleic acid sample of the person tested may be retained in the National DNA Index System and State DNA Data Base.

(C) If the deoxyribonucleic acid test results obtained under this subchapter exclude the person tested as the source of the deoxyribonucleic acid evidence but a comparison of the deoxyribonucleic acid sample of the person tested

results in a match between the person's sample and another offense, the State Crime Laboratory shall notify the appropriate agency and preserve the deoxyribonucleic acid sample of the person tested.

(D) The State Crime Laboratory shall destroy the deoxyribonucleic acid sample of the person tested and ensure that the information is not retained in the National DNA Index System or State DNA Data Base if:

(i) The deoxyribonucleic acid test results obtained under this subchapter exclude the person tested as the source of the deoxyribonucleic acid evidence;

(ii) A comparison of the deoxyribonucleic acid sample through a search of the State DNA Data Base or National DNA Index System does not match the person's sample and another offense; and

(iii) There is no other legal authority to retain the sample of the person tested in the National DNA Index System or State DNA Data Base."
