“ SECTION 9. Arkansas Code 19-5-302(10) concerning the Miscellaneous Agencies Fund Account is amended to read as follows:

(10)(A) Miscellaneous Agencies Fund Account. The Miscellaneous Agencies Fund Account may be used for the state's membership in regional or national associations, grants to certain organizations, and maintenance, operations, and improvements of appropriation units as may be authorized by the General Assembly.

(B) The Miscellaneous Agencies Fund Account shall consist of:

- (i) Those general revenues as may be provided by law;
- (ii) Nonrevenue income derived from services provided by the various

agencies and programs funded from the Miscellaneous Agencies Fund Account; and

(iii) Federal reimbursement received on account of eligible expenditures of the various agencies and programs receiving primary support from the Miscellaneous Agencies Fund Account.

~~(C)(i) In the event that the amount of funds estimated to be available for the Miscellaneous Agencies Fund Account is less than the total of the appropriations made from the Miscellaneous Agencies Fund Account, the Chief Fiscal Officer of the State shall determine the amount of each appropriation to be financed after full funding is provided for all national and regional association dues by using the following procedure:~~

~~(a) Determine from each appropriation the lesser of the estimated expenditures for the fiscal year preceding the fiscal year from which the funding level is to be determined and the amount of the appropriation for the fiscal year for which the funding level is to be determined. This result shall be called the "base appropriation";~~

~~(b) From the amount determined in subdivision (10)(C)(i)(a) of this section subtract the amount appropriated for the fiscal year for which the funding level is to be determined. This result shall be called the "improvement level";~~

~~(c) The sum of the amounts determined in (10)(c)(i)(a) of this section shall be subtracted from the estimated amount to be available for the Miscellaneous Agencies Fund Account;~~

~~(d) If the amount estimated to be available for the Miscellaneous Agencies Fund Account is less than the sum of all base appropriations, then the amount of funding to be made available to each appropriation shall be determined by multiplying each appropriation's base appropriation percentage of the sum of all base appropriations by the amount estimated to be available for the Miscellaneous Agencies Fund Account; and~~

~~(e) If the amount estimated to be available for the Miscellaneous Agencies Fund Account is greater than the sum of all base appropriations, each appropriation shall first receive full funding of its base appropriation and then its proportionate share of the amounts determined in subdivision (10)(C)(i)(b) of this section based upon the total of all improvement levels.~~

~~(ii) Upon completing the procedure in subdivision (10)(C)(i)(a) — (d) of this section, the Chief Fiscal Officer of the State shall notify the Legislative Council.~~

~~(iii) However, the Chief Fiscal Officer of the State shall determine for any appropriation authorized for a biennial period the portion of the biennial appropriation that shall be used in the computations as the base appropriation and that portion shall be used as the improvement level.~~

~~(D)(i) The Department of Finance and Administration may upon approval of the Chief Fiscal Officer of the State and the Legislative Council or the Joint Budget Committee transfer any savings that may accrue in any fiscal year in the Miscellaneous Agencies Fund Account to the Department of Rural Services of the Arkansas Rural Development Commission, the Arkansas Science and Technology Authority, the Arkansas Soil and Water Conservation Commission, and the Arkansas Spinal Cord Commission.~~

~~(ii) The transfer is to enable those agencies to fund critical needs of grant and service recipients across the state with the savings from other agencies funded by the Miscellaneous Agencies Fund Account.~~

~~(E)(i) Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act or acts for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to this chapter.~~

~~(ii) The General Assembly has determined that the Department of Finance and Administration may operate more efficiently if some flexibility is provided to the Department of Finance and Administration by authorizing broad powers under this subdivision (10). Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this subdivision (10).~~

~~(iii) The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.~~

(C) If there are not sufficient funds available in the Miscellaneous Agencies Fund Account to support the amounts appropriated from the Miscellaneous Agencies Fund Account, the Chief Fiscal Officer of the State shall determine the amount of moneys to be made available for each of the appropriations made from the Miscellaneous Agencies Fund Account, after having first provided full funding for all national and regional association dues.
