**REMARKS OF  
SPEAKER OF THE HOUSE ROBBIE WILLS  
JANUARY 12, 2009**

Thank You. Members, Staff, and honored guests:

As we gather today in this historic chamber - the home of the House of Representatives since 1911 – I'm reminded of the many occasions in the past when previous House Speakers have stood in the same place for the same purpose. Today, it's my honor and privilege to congratulate you on your election and welcome you to the 87th General Assembly.

I want to begin my remarks today where it all began for me, in fact where all my hopes and dreams begin and end - with my family. They're here in the chamber today.

To all my family I'll say. If not for you, not only would I not be where I am today, I wouldn't be who I am today. I love you and I'm so glad you're here!

We are all surrounded by our families today. None of us would be here without them. And we all bring to the Legislature lessons taught to us by our families. I've been thinking about one such lesson a lot lately.

There's a place you may know on the highway north of Conway called Pickles Gap. It's a local tourist attraction. You may not know that it was founded by my grandfather, Poppa Will Adams, and that for almost 20 years that was our family business. There used to be an old covered bridge over Pickles Gap Creek, a working water wheel, blacksmith shop and a petting zoo. It was a great place to grow up. Pickles Gap was known all over as the "Home of the Do-Nothing" because we made and sold these little things called the Do-Nothing. As you can see, it's a complicated process, lots of moving parts, working very hard to stay out of each other's way and accomplishing absolutely nothing.

Well, unlike this thing we all had a job at Pickles Gap. Like many of you, when I was a kid I was expected to come home after school and work, and like most eight-year old boys, I didn't want to do it. And Poppa was always after me to do better. He refused to let me be lazy. I remember him taking one of these and saying "Son, if you don't straighten up, you're gonna be a Do-Nothing! Don't be a Do Nothing! Be a Do-Something!" I can still hear him today. You see, that was his way of teaching me: Do your best! Apply Yourself! Work hard! Anything worth doing is worth doing right! So I keep one of these things handy to remind me: I am not a Do-Nothing. I am a Do-Something!

And so, as we begin this General Assembly, I want you to commit to be a Do Something too!

Our state faces a number of serious issues. We begin this session in a period of economic uncertainty with job losses, a tight state budget, increasing costs and stagnant revenues. Now more than ever, the people of Arkansas look to us for leadership, responsibility and results. I ran for Speaker on a simple platform: "Do the Right Things, The Right Way." This statement sums up many principles we all agree are important. So I say lets Do Something about the Right Things! The Right Things for Education. The Right Things for Economic Development, and the Right Things for Healthcare.

If you agree that **Education** is our top priority, then I say lets **Do Something!** Let's not only meet our constitutional mandate to provide an equitable and adequate education, let's exceed it. Let's maintain the progress in Pre-K education. Let's keep demanding accountability from our schools. Let's do all we can for our teachers.

If you agree that Arkansas students deserve the most successful scholarship programs, providing the most benefit to Arkansas's families, I say lets **Do Something!** Let's create a successful independent lottery commission that operates with integrity, transparency and accountability. Let's open these scholarships to more and more of our students. Let's make it our goal that every person wanting to continue their education after high school should have help paying for it. We can Do it and it's the right thing to do!

If you agree that **creating jobs** in this tough economy is one of our greatest challenges then, I say let's **Do Something!** We all **know** this is the best place to live and work. And our competitive edge begins with our people. So let's continue to invest in our workforce training to give our people the skills they need to be productive. Let's increase our ability to act **quickly** when these economic development opportunities come along. Let's strengthen our Economic Infrastructure Fund to help our communities grow and compete, not just for the jobs of today, but for the careers of tomorrow.

If you agree that Arkansas has to compete in the global, 21<sup>st</sup> Century economy, then let's Do-Something to build on the progress we've made. Let's bring broadband access to every area of the state. Let's move forward with the ideas proposed by Accelerate Arkansas and the Task Force for 21<sup>st</sup> Century. Let's fund the research and development **here** in Arkansas, Let's raise the venture capitol to start these new businesses **here** in Arkansas, let's grow these high-paying, new-economy jobs **here** in Arkansas. We can do it and it's the right thing to do!

If you agree that Arkansans deserve quality and affordable **Healthcare**, I say let's **Do Something!** Let's be ambitious and bold! Let's create a Trauma System linking our state's hospitals together, providing life-saving care within the golden hour. Let's save 200 lives a year. Let's save millions in rehabilitation costs and lost productivity. Let's provide funding for Community Health Centers, for AHECS, for in-home care for our Senior Citizens, for Cancer Treatments and Medicaid. Let's expand AR Kids first. Lets' Do Something about the shortage of health care

professionals in the state and provide funding for a second campus for UAMS and train the Doctors and Nurses of the future. Let's make the courageous decision and raise the cigarette tax and do ALL these things for our people.

We Can Do it and it's the Right Thing to do!

Members, I'll ask you to Do Something and Accomplish Something about Education, Economic Development and Healthcare and many other important proposals. I know these decisions won't be easy. But you didn't run for an easy job. If it were easy, anyone could sit in your chair. You asked for this job and it's supposed to be hard! Your personality, principles and patience will be tested. You'll be outside your comfort zone. You'll be tempted to lose your temper. But we can Do Something about that too.

### **STYLE – The Right Way**

While we may not always agree on the Right Thing to do, I hope we will all agree on the Right Way to do it. Doing things the Right Way means **Equality and Fairness**, where each and every member has equal access to the legislative process; It means **Statesmanship**, where dignity and decorum govern our relationships with each other, with the Senate, and the Governor; and it means **Leading by Example**, where we conduct ourselves in such a way as to bring credit to this institution through our actions - inside and outside this chamber. You can count on me to uphold these principles. You can count on me to work across party lines, geographical interests, and ideological differences. You can count on me to do everything I can to bring credit to this institution and nothing to bring shame upon this House....so help me God.

All I ask in return...is that you do the exact same thing!

98 years ago today, the House of Representatives convened in this chamber for the very first time. And since 1911, these old marble walls and golden columns have been the setting for some of the most important decisions in the life of our state. And while some of those events make us proud, and some still disappoint us, the fact remains: history has been made in this room, right here, in this chamber. And it's that understanding that gives us our sense of duty and responsibility.

And since it is my duty and responsibility to lead as Speaker of the House, it's my goal that we come together in this chamber and write our own page in our state's history. That on the last day of this session, you'll walk out of those doors with your head held high, knowing you were in the right place at the right time and made the most of your God-given talents and abilities. That we that we not only Do Something, we Accomplish Something by doing the Right Things the Right Way.

### CONCLUSION

You know, it's funny where the road of life leads us. My road began in Conway and ran through a place called Pickles Gap. We've each traveled a different road to get where we are today. On the road behind us are bitter campaigns and hard-fought victories, personal triumphs and professional success. Life's road has brought all of us twists and turns, ups and downs. But all of those roads have led us here, to this place, at this time. And the Road ahead beckons...

Pop died just over ten years ago. He never lived to see me elected to anything, much less Speaker of the House. I wish he were here today. I wonder what he'd think of all this. I wonder if he'd recognize in me the eight-year-old boy that he helped mold. I wonder if he'd see the results of that lesson. Well I know he's up there watching, just like I know the people of Arkansas are watching. They are watching us now to see how we respond to the road ahead. One thing's for sure: if Poppa were here I know he'd challenge me the same way I now challenge you: Do your best! Roll up your sleeves! Apply yourself! Get here early! Stay late! Work hard every second of the day! DO NOT miss your chance to make a difference! Anything worth doing is worth doing right! And remember: Don't be a Do-Nothing. Be a Do something! And working together we'll not only Do Something, We'll Accomplish Something, and for the people of Arkansas we'll Accomplish Something Great. Thank you.
