SECTION 27. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. COMMUNITY HEALTH CENTERS. Allocation of state funding to Community Health Centers shall be prioritized to ensure that uninsured, under-insured, and underserved Arkansans receive needed services in order to improve their health, with this funding to preserve and strengthen Community Health Centers and increase Arkansans access to quality primary and preventive health care. The Department of Health shall ensure that any Community Health Center that receives funding through this Act shall first seek to include, in accordance with federal rule and guidance, as many local providers of health care services as possible, such as dental, pharmacy, mental health, and other ancillary services, within each Community Health Center's service area, to participate in the provision of such services as a contractor at a fair, reasonable prevailing rate. Community Health Centers will seek local providers, community, city, county, and state partners to participate in the planning for the development, and, as an employee or contractor, in the implementation of a new Community Health Center in an area of documented unmet need. In addition to reasonable prices, the availability and service quality levels provided by the private provider must meet or exceed the level of service quality provided, as established by the respective governing board, at similarly situated Community Health Centers through the state and at all times meet professional standards of competence and quality. Annually, the Department of Health shall require from the Community Health Centers the submission of performance indicators, to be determined by the Department of Health, reflecting, at a minimum, a listing of all services provided, fee schedules based on local prevailing rates and actual costs, sliding fee scales, and uniform data sets which identify the number of uninsured, Medicaid and Medicare patients and those patients which are below and above 200% of the federal poverty level. Local private providers within the service area that may have been significantly impacted by these services will be determined by the Department of Health. The Department of Health shall institute a procurement process for the allocation of funding provided through this Act, detailing that these and other requirements are factored into the allocation of any funding provided to Community Health Centers. In the implementation of this special language, the Department of Health is permitted, at its discretion, to allow individual applicants an implementation period of up to 90 days from the effective date of individual agreements to satisfy the requirements for private provider collaboration as specified above.

SECTION 28. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND

TEMPORARY LAW. STATE FUND RESTRICTIONS. No state funds shall be used for abortion referral in public schools, or for abortion services. Funds shall be expended in accordance with Arkansas Code Annotated § 6-18-703.
