ARKANSAS SENATE  
EIGHTY-EIGHTH GENERAL ASSEMBLY  
REGULAR SESSION  
Amendment No. 1 to SENATE BILL NO. 913

Amend Senate Bill No. 913 as originally introduced:

Delete everything after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code §§ 14-236-102 — 14-236-104 are amended to read as follows:

14-236-102. Findings, policy, and intent.

(a) The General Assembly finds and determines that:

(1) Safe and adequate sewage disposal promotes the health and welfare of the citizens of this state by minimizing the exposure of the citizens, farm animals, domestic animals, fish, and wildlife of this state to human excreta and domestic wastes and thus minimizing the disease transmission potential of human excreta and domestic wastes, by minimizing the contamination of drinking water supplies and the hazards to recreational areas of this state, and by minimizing the pollution of other ground and surface waters of this state;

(2) Individual sewage disposal systems, when properly designed and constructed in suitable soils, provide renovation of waste water and inject the renovated waste water back into the hydrologic cycle;

(3) Community sewage systems are preferable for densely developed portions of cities, towns, subdivisions, mobile home parks, and other built up areas because the concentration of individual sewage disposal systems could increase the degree of contamination of local ground and surface waters and could increase the exposure of the citizens of this state to human excreta and other domestic wastes while community sewerage systems permit the location of sewage treatment and disposal facilities in areas remote from the population;

(4) In densely developed subdivisions located outside incorporated areas, property owners associations have been formed for the purpose of constructing and maintaining community sewage systems and that authorization from the state granting jurisdiction over nonincorporated community sewage systems is desirable to ~~insure~~ ensure that the property owners associations shall qualify for state and federal assistance;

(5) In some areas of this state, the soil is not suitable for ~~normal underground~~ subsurface sewage disposal, and that the improper and unapproved construction or installation of individual septic systems has created conditions throughout the state that are dangerous to the public health of the citizens of Arkansas and has contributed to the devaluation of properties.

(b) Therefore, it is the public policy of this state and the purpose of this chapter to:

(1) Eliminate and prevent health hazards by regulating the location, design, construction, installation, operation, and maintenance of individual sewage disposal systems and the proper planning thereof, and to authorize the charging and collection of fees for the issuance of permits for the construction, installation, alteration, repair, extension, and operation of individual sewage disposal systems, and for the tests, designs, and inspections of the systems, and to prescribe penalties for violations;

(2) Require registration of all installers of individual sewage disposal systems by the ~~Division of Sanitarian Services of the~~ Department of Health, with the individual homeowner retaining all rights to install and repair his system in accordance with the provisions of this chapter;

(3) Encourage the use of community sewage systems when economically feasible wherever density of development or the lack of acceptable soils makes the renovation of waste water and the return of the renovated waste water to the hydrologic cycle by individual sewage disposal systems impractical;

(4) Encourage research and development by institutions, agencies of government, or persons to develop modifications to, or alternates for, septic tank systems which will be improvements to the systems, or which will make the systems applicable to soils not suitable for ~~normal underground~~ subsurface sewage disposal; and

(5) Permit the rules ~~and regulations~~ adopted pursuant to under this chapter to be amended periodically to include ~~therein such~~ the proposed modifications and alternates as are approved by the State Board of Health.

(c) Furthermore, it is the intent of this chapter to aid and assist the citizens of this state in obtaining safe and adequate individual sewage disposal systems.

(B) The General Assembly shall prescribe a uniform method of calling and holding the election and the terms upon which the bonds may be issued.

(C) The election shall be held no earlier than thirty (30) days after it is called by the legislative body.

(2)(A) With the consent of a majority of the qualified electors voting on the question at an election called for that purpose, the legislative body of a municipality or county may authorize the levy of a local sales tax to pay the bonded indebtedness authorized in this section.

(B) The maximum rate of any tax to pay bonded indebtedness as authorized in this section shall be stated on the ballot.

(C) The General Assembly or the legislative body may authorize other taxes to retire the bonds.

(3)(A) The limit of the principal amount of bonded indebtedness of the municipality or county is the total amount of unfunded liability of the municipality or county for a closed local police and fire pension plan.

(B) An election shall not be called to authorize the issuance of bonds that would exceed the total amount of the unfunded liability of the municipality or county for the closed local police and fire pension plan either separately or combined with other bonds issued for the purpose of retiring the municipality's or county's unfunded liabilities for a closed local police and fire pension plan.

(c) The results of an election called under this section shall be published in a newspaper of general circulation in the county or municipality, and any contest of the election or the tabulation of the votes in the election shall be brought within thirty (30) days after the publication.

(ii) If sold, the refunding bonds shall be issued, secured, and sold in accordance with this section.

(iii) If delivered in exchange, the municipality or county may exchange the bonds only for bonds of like amount, rate, interest, and length of issue.

(C) The proceeds derived from the sale of any refunding bonds shall be used only for the purposes stated in this section.

(g) After the electorate has approved the bond issue and before the issuance of the bonds, the municipality or county may borrow funds on an interim basis, not to exceed three (3) years, and pledge to the payment of the bonds the tax approved by the voters.

(h)(1) The revenues from the tax levied for payment of bonded indebtedness authorized in this section constitute a special fund pledged exclusively as security for the payment of the bonded indebtedness.

(2) The tax shall not be extended for any other purpose, and it shall not be collected for a greater length of time than necessary to retire the bonded indebtedness.

(3) Upon retirement of the bonded indebtedness, any surplus tax collections that may have accumulated shall be transferred to the general funds of the municipality or county.

(i) The General Assembly shall implement this section by appropriate legislation at the next regular session or fiscal session following the adoption of this amendment.
