[Amendment No. 1 to SENATE BILL NO. 1135](#)

Amend [Senate Bill No. 1135](#) as originally introduced:

Delete everything after the enacting clause and substitute:

"SECTION 1. DO NOT CODIFY. Findings.

The General Assembly finds that:

(1) Courts have found that the electronic payment system networks Visa and Mastercard and their member banks have market power;

(2) Electronic payment system networks set the level of credit and debit card interchange fees charged by their member banks even though those banks are supposed to be competitors;

(3) These fees inflate the prices consumers pay for goods and services;

(4) Competing banks should set their own interchange fees and compete on that basis;

(5) Consumers increasingly use credit and debit cards to purchase goods and services;

(6) In order to provide the desired convenience to consumers, most merchants must agree to accept credit and debit cards;

(7) Some electronic payment system networks market themselves as providers of currency and promote use of their products as though they were a complete substitute for legal tender;

(8) Due to the market power of the two (2) largest electronic payment system networks, merchants do not have the power to negotiate with regard to the contract for acceptance of credit and debit cards and the cost of the interchange fees for such acceptance;

(9) Merchants are subject to contracts that allow the electronic payment system networks to change the terms without notice, subject merchants to staggering fines, or reinterpret the rules and hold the merchant responsible; and

(10) Merchants have expressed interest in working with customers to give customers the types of pricing options they would like but that are currently blocked by the terms or interpretations of the contracts necessary to accept credit and debit cards.

SECTION 2. Arkansas Code Title 4, Chapter 107, is amended to add an additional subchapter to read as follows:

Subchapter 4 — Prevention of Credit Card Company Unfair Business Practices Act

4-107-401. Title.

This subchapter shall be known and may be cited as the "Prevention of Credit Card Company Unfair Business Practices Act".

4-107-402. Definitions.

As used in this subchapter:

(1) "Electronic payment system" means an entity, other than a national bank, that:

(A) Directly or through licensed members, processors, or agents provides the proprietary services, infrastructure, and software that route information and data to facilitate transaction authorization, clearance, and settlement; and

(B) A merchant uses in order to accept a brand of general-purpose credit cards, charge cards, debit cards, or stored value cards as a form of payment for goods or services; and

(2) "Merchant" means a person or entity doing business in this state and that offers goods or services for sale in this state.

4-107-403. Protection of retail competition.

An electronic payment system shall not, directly or through a member, a processor, an agent, or an acquirer of the electronic payment system:

(1) Impose a requirement, condition, penalty, or fine in a contract with a merchant relating to the display of pricing for goods or services for sale by the merchant;

(2) Inhibit the ability of a merchant to offer its customers a discount or other in-kind incentives for using a debit or credit card of another electronic payment system;

(3) Inhibit the ability of a merchant to decide whether or not to accept the products of an electronic payment system at one (1) of its locations;

(4) Prevent a merchant from setting a minimum or maximum dollar value for its acceptance of a credit card;

(5) Limit the number of electronic payment systems that process a credit or debit card transaction to one (1) electronic payment system or to affiliated electronic payment systems; or

(6) Inhibit a merchant from choosing the electronic payment system that processes a credit or debit card transaction other than as allowed in this subdivision (4).

4-107-404. Cartel price setting — Prohibited.

An electronic payment system shall not establish a required, suggested, or default rate for the fees to be charged by its credit card issuer, member, processor, or agent of the electronic payment system for transactions in this state unless the credit card issuer, member, processor, or agent of the electronic payment system is the electronic payment system itself and not a separate legal entity.

4-107-405. Penalties.

(a) An electronic payment system that is found to have violated § 4-107-403 or § 4-107-404 of this subchapter shall:

(1) Reimburse the affected merchants for all chargebacks, fees, and fines collected from affected merchants directly or through any member, processor, or agent of the electronic payment system during the time that the electronic payment system was in violation of this subchapter; and

(2) Be liable for a civil penalty of ten thousand dollars (\$10,000) per chargeback, fee, or fine levied for violating this subchapter.

(b) A merchant who is harmed by a violation of § 4-72-207 is entitled to:

(1) Recover treble damages in a civil action;

(2) If appropriate, obtain injunctive relief; and

(3) Be reimbursed for reasonable attorney's fees and the cost of litigation.

(c) The Attorney General or his or her designee may maintain a civil action for damages or equitable relief under this section to protect against violations of this subchapter.

4-107-406. Severability.

If a court determines that a provision of this subchapter or the application of this subchapter is invalid, the determination shall not affect the provisions or applications of this subchapter that can be given effect without the invalid provision or application, and to that end the provisions of this subchapter are severable."

STATE OF ARKANSAS

STATE OF ARKANSAS
OFFICE OF THE GOVERNOR

State Capitol
Little Rock, Arkansas 72201

March 25, 2013

Dear Mr. President and Members of the Senate:

In accordance with Article 6, Section 15 of our Constitution, I write to inform you that today I have vetoed Senate Bill 2. I have done so because I believe the bill unnecessarily restricts and impairs our citizens' right to vote.

Article 3, Section 1 of our Constitution sets forth the qualifications to vote and declares that persons who meet those qualifications "*shall* be allowed to vote at any election in the State of Arkansas." Article 3, Section 2 unambiguously limits the power of the General Assembly to adopt any law that would deny or impair that right. Section 2 states that "No power, civil or military, shall *ever* interfere to prevent the free exercise of the right of suffrage; *nor shall any law be enacted. . . whereby the right to vote shall be impaired* or forfeited, except for the commission of a felony at common law, upon lawful conviction thereof."

The strength of the aforementioned language in Article 3 raises obvious concerns about the constitutionality of Senate Bill 2, either as an unconstitutional impairment of the right to vote, and/or as an invalid attempt to add additional qualifications for voting that are not found in Article 3, Section 1. On the first issue, the answer would appear to depend upon the level of legal scrutiny our courts would apply which, in turn, might be influenced by the factual record that would be made about how the law, as applied, would burden the right to vote, but assuming the law is implemented as intended, it would likely survive a legal challenge. On the second issue, courts have split, basing their opinions on the specific language of their respective constitutions and existing court precedents. It is my understanding that a prediction as to how the Arkansas Supreme Court would decide this question cannot be made.

Legal concerns aside, given the importance of the right to vote, laws that would impair or make it more difficult to exercise that right should be justified by the most compelling of reasons. This is particularly so when the citizens, whose right to vote is most likely to be impaired, are those citizens who experience the most difficulty in voting in the first place: the elderly and the poor. A compelling justification should likewise be shown when the citizens most likely to be affected include minorities who have in the past been the target of officially-sanctioned efforts to bar or discourage them from participating in the electoral process.

Senate Bill 2 is not supported by any demonstrated need. While proponents of laws similar to Senate Bill 2 argue that they are necessary to combat "election fraud," the bill addresses only voter impersonation, and no credible study of "election fraud" supports the notion that such voter impersonation is or has been common in Arkansas. In a recent editorial, the only example of widespread voter impersonation provided by the primary sponsor of Senate Bill 2 occurred not in Arkansas, but in New York State some 30 years ago. Other types of election irregularities that have occurred - such as irregularities in absentee ballots - are not addressed by Senate Bill 2 at all. Arkansas law already requires a voter to be asked for identification when casting a ballot, and, if the voter cannot or chooses not to provide such identification, the voter's name may be submitted to proper authorities for investigation and, if warranted, prosecution for election fraud. There has been no demonstration that our current law is insufficient to deter and prevent voter impersonation.

Senate Bill 2 is, then, an expensive solution in search of a problem. The Bureau of Legislative Research estimates that Senate Bill 2 will cost approximately \$300,000 in tax dollars to implement; and that estimate does not take into account the ongoing costs that taxpayers will continue to bear in future years. At a time when some argue for the reduction of unnecessary bureaucracy and for reduced government spending, I find it ironic to be presented with a bill that increases government bureaucracy and increases government expenditures, all to address a need that has not been demonstrated. I cannot approve such an unnecessary measure that would negatively impact one of our most precious rights as citizens.

Sincerely,

(SIGNED) MIKE BEEBE
