SECTION 14. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that Arkansas is uniquely qualified to attract digital product and motion picture projects due to the state's natural beauty, availability of labor and materials, moderate climate, and hospitality; that Arkansas has a unique and immediate opportunity to enhance investment and employment in the digital product and motion picture industry; that as competition among states and nations to recruit digital products and motion picture projects intensifies, it is imperative that Arkansas have investment incentives to remain competitive in attracting such investment and employment to grow the state's economy; that because similar incentives in surrounding states have been a catalyst for substantial economic growth within those states, it is necessary to establish an effective mechanism to sustain growth of the digital product and motion picture industry in Arkansas by creating an income tax credit program that attracts specific types of projects, production companies, and infrastructure; that a successfully cultivated film industry will create a sector of high technology in Arkansas, provide a much-needed infusion of capital into areas of the state that may be economically depressed, and offer skilled labor employment opportunities to Arkansans; and that this act is immediately necessary because without these income tax credit incentives, significant investment and employment opportunities will bypass Arkansas and accrue to other states. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."
