TRANSFER PROVISIONS. The state-supported institution of higher education in this act may transfer appropriations between the various line items within each appropriation contained in this appropriation act. Such transfers shall be made only after the approval of the Department of Higher Education and the Chief Fiscal Officer of the State, and the approval of the Legislative Council or Joint Budget Committee.

The General Assembly has determined that the institution in this act could be operated more efficiently if some flexibility is given to that institution and that flexibility is being accomplished by providing authority to transfer between items of appropriation made by this act. Since the General Assembly has granted the institution broad powers under the transfer of appropriations, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the transfers by requiring prior approval of the Legislative Council or Joint Budget Committee in the utilization of the transfer authority. Therefore, the requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

LEGISLATIVE FINDINGS AND INTENT.

INSTITUTION REQUEST

(a) The General Assembly finds that:

(1) Generally, local entities do not budget for or have funds available for broadband due-diligence business studies in connection with making application for federal grants or loans for broadband development programs;

(2) In order to spur further development of broadband in rural Arkansas, it is necessary for local entities to conduct due-diligence business studies before application for federal grants or loans for broadband development programs;

(3) Expenses associated with broadband due-diligence business studies can be burdensome to rural Arkansas communities, and it is in the best interest of all Arkansans to make this investment;

(4) Under current Arkansas law, only certain eligible telecommunications carriers have benefitted from the Arkansas High Cost Fund, which underwrites broadband deployment; and

(5) It is necessary to provide funds to local entities to further wide-spread broadband deployment, particularly in unserved and underserved rural Arkansas, and to determine the feasibility of broadband deployment for local entities that currently do not have federally-defined broadband services and where these broadband due-diligence business studies have not been conducted before.

(b) It is the intent of the General Assembly to provide funds to local entities to defray expenses for broadband due-diligence business studies in connection with preparation for federal grant and loan applications for

(b) Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying the job titles and the maximum grade or salary attached to those salaries. The General Assembly has determined that the University of Arkansas for Medical Sciences could be operated more efficiently if some flexibility is given to that institution. That flexibility is being accomplished by providing growth pools in subsection (a) of this section and since the General Assembly has granted the institution broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the growth pool by requiring prior approval of the Legislative Council or Joint Budget Committee in the utilization of the growth pool. Therefore, the requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

If the agency requests continuation of a "Growth Pool" position(s) as established herein during the next fiscal year, the position(s) must be requested as a new position(s) in the agency's budget request.
