## Consideration of Flag List Items

JBC Flag List - Action Number	Department	Division/Section/Program	Description Summary	Action
Flag List #1	Department of Human Services	Medicaid Expansion - Tobacco Settlement	Department of Human Services has an Appropriation Act titled "MEDICAID EXPANSION" which was created in 2000 and is a separate program from Arkansas Works and funded with Tobacco Settlement funds, no general revenue. To identify this program as a separate program and avoid confusion the Title, Subtitle and Section identifiers in draft bill would be changed from "MEDICAID EXPANSION" to "MEDICAID TOBACCO SETTLEMENT PROGRAMS"	BLR Staff will draft this one bill with the bill title, subtitle and section identifiers to read "MEDICAID TOBACCO SETTLEMENT PROGRAM".
Flag List #2	Department of Commerce - Office of Skills Development	Office of Skills Development	The Office of Skills Development or its successor fund was transferred to the Department of Commerce. The Skills Development Fund is currently a Special Revenue Fund and would be changed to a Miscellaneous Fund to allow previous transfers of General Revenue to be allocated directly in the Revenue Stabilization Act. Also, "or its successor fund or fund accounts" could also be added as needed to ensure accounting procedures are correctly followed.	<p>BLR Staff will draft special language to be included in the Department of Commerce for Skills Development to change the Skills Development Fund to a miscellaneous fund, move it to the proper place in Arkansas Code and specifically authorize the fund to be able to receive general revenue.</p> <p>SECTION X. SPECIAL LANGUAGE — CODE AMENDMENT. Arkansas Code § 19-6-830 is repealed.</p> <p>19-6-830. Skills Development Fund.</p> <p>(f) There is created on the books of the Treasurer of State, the Auditor of State, and the Chief Fiscal Officer of the State a special revenue fund to be known as the "Skills Development Fund".</p> <p>(g) The fund shall consist of:</p> <p>(1) Moneys obtained from private grants or other sources that are designated to be credited to the fund; and</p> <p>(2) Any other revenues as may be authorized by law.</p> <p>(c) The fund shall be used by the Office of Skills Development as provided in § 25-30-109.</p> <p>SECTION X. SPECIAL LANGUAGE — CODE AMENDMENT. Flag List #3	Department of Finance and Administration - Office of Arkansas Lottery		Legislative Review for procurement contracts with the Office of Arkansas Lottery requires review by the Legislative Council. The Legislative Council does not meet during Legislative Sessions. This adds Joint Budget Committee review during legislative sessions.	<p>BLR Staff will draft special language to be included in the Department of Finance and Administration bill to Amend Arkansas Code 23-115-701(e)(2) SECTION X. SPECIAL LANGUAGE — CODE AMENDMENT. Arkansas Code § 23-115-701(e)(2), concerning major procurement contracts under the Arkansas Scholarship Lottery Act, is amended to read as follows:</p> <p>(2) The Legislative Council, or if the General Assembly is in session, the Joint Budget Committee, shall provide the office with its review as to the propriety of the major procurement contract and each amendment or modification to a proposed or executed major procurement contract within thirty (30) days after receipt of the proposed major procurement contract or the amendment or modification to a proposed or executed major procurement contract.</p>

JBC Flag List - Action Number	Department	Division/ Section/ Program	Description Summary	Action
Flag List #4	Department of Commerce - Division of State Services for the Blind		State Services for the Blind was transferred from DHS to the Department of Commerce. In Arkansas code the State Services for the Blind Fund Account needs to be moved from DHS to the Department of Commerce and 25-10-201 should be amended with correct agency reference. BLR Staff can draft special language in the Department of Commerce appropriation bill to correct this. Also, the fund would be amended to eliminate the word "Account" or/and add "or its successor fund or fund account" could also be added as needed to ensure accounting procedures are correctly followed.	SECTION X. SPECIAL LANGUAGE — CODE AMENDMENT. Arkansas Code § 19-5-306(b), concerning the Department of Human Services Fund, is repealed. (b) State Services for the Blind Fund Account— (A) The State Services for the Blind Fund Account shall be used for the maintenance, operation, and improvement required by the Division of State Services for the Blind in carrying out the powers, functions, and duties as set out in § 25-10-201 et seq. or other duties imposed by law upon the Division of State Services for the Blind. (B) The State Services for the Blind Fund Account shall consist of: (i) Those general revenues as may be provided by law; (ii) Nonrevenue income derived from services provided by programs of the Division of State Services for the Blind; and (iii) Any other nonfederal grants funds provided by law; SECTION X. SPECIAL LANGUAGE — CODE AMENDMENT. Arkansas Code Title 19, Chapter 5, Subchapter 3, is amended to add an additional section to read as follows: 19-5-312. State Services for the Blind Fund. (b) The State Services for the Blind Fund shall consist of: (1) Those general revenues provided by law; (2) Nonrevenue income derived from services provided by programs of the division; and (3) Any other nonfederal grants funds provided by law. SECTION X. SPECIAL LANGUAGE — CODE AMENDMENT. Arkansas Code § 25-10-201(b), concerning the public policy related to the Division of State Services for the Blind, is amended to read as follows: (b) The General Assembly finds that this purpose may be best accomplished by the establishment of a Division of State Services for the Blind within the Department of Human Services Commerce with the necessary authority to administer the services and programs for the blind and visually impaired.
Flag List #5	Department of Public Safety - Division of Emergency Management	Arkansas Wireless Information Network (AWIN)	AWIN was transferred from State Police to ADEM. Change fund from State Police Fund to Miscellaneous Agencies Fund Account to allow ADEM to operate AWIN program. By law ADEM cannot make expenditures from the State Police Fund.	BLR Staff would draft the AWIN appropriation payable from the Miscellaneous Agencies Fund instead of the State Police Fund - both are general revenue funds
Flag List #6	Various Departments and Institutions		Reappropriations provides the authority for Departments and Institutions to spend unexpended balances of an appropriation and funding provided by another General Assembly. Not new authority to spend, the purpose of the expenditure, and the amount cannot be increased. No new funding or General Revenue. Usually for old construction projects	If this item is adopted, BLR staff will have the authority to draft reappropriation bills which will then be introduced and referred to the Joint Budget Committee for its consideration. These bills are drafted in consultation with the Department of Finance and Administration Budget Office. ATTACHMENT LABELED FLAG LIST #6

Flag List #7	Secretary Level Departments		<p>This will allow Cabinet Level Departments to utilize a centralized section which can be paid from various funds available to the Department which will enhance efficiencies, elimination of duplicated services by different divisions within one department, and facilitate General Revenue savings through the use of the paying account that allows funding from sources other than general revenue when appropriate.</p> <p>This Shared Services Regular Salary Section and Shared Services Paying Account Appropriation Section, will be authorized through Special Language which sets parameters, to allow Secretary Level Departments with more than one Regular Salary and Appropriation Section to move positions, department wide services and programs to a Shared Services Paying Account Appropriation and to move positions to a Centralized Regular Salary Shared Services Section.</p> <p>Cabinet Level Departments choosing to utilize the Shared Services Regular Salary Section and/or the Shared Services Paying Account appropriation "shall be limited only to those services that are provided for the entire Department such as administration, human resources, procurement, communications, fleet operations, and information services" per the new Special Language.</p> <p>The Department of Human Services currently has a transfer authority and this shall not be included in their appropriation bill. The Department of Agriculture currently has similar Special Language which would be eliminated and replaced with the new Special Language for uniformity.</p>	<p>BLR Staff will draft Cabinet Level Department appropriation bills which may include a Shared Services Regular Salary Section - if Shared Services Positions have already been identified and meet the requirements of the new Shared Services Special Language (except for DHS). Also, a Shared Services Paying Account Appropriation with the proper commitment items that meet the requirements of the Shared Services Special Language (except for DHS). Also, the attached Shared Services Special Language, as adopted by the Joint Budget Committee, (except for DHS). This special language will be included in the Cabinet Level Departments lead/department operations appropriation bill only. This language will not be included for the Department of Human Services, and will replace existing language in the Department of Agriculture.</p> <p>ATTACHMENT LABELED FLAG LIST #7</p>

**Flag List #8**

**Requested Amendment to the DFA - Disbursing Officer appropriation bill as special language:**

Transfer authority for Cabinet Level Departments, except the Department of Human Services which already has Reallocation of Resources language.

SECTION XX. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL, AND TEMPORARY LAW. CABINET-LEVEL DEPARTMENT-WIDE TRANSFERS.

(a)(1) With the exception of the Department of Human Services, which has separate Reallocation of Resources Transfer special language, the General Assembly finds that transfer authority may be necessary from time to time to improve the delivery of services or that a cabinet-level department may operate more efficiently with additional flexibility.

(2) Therefore, the General Assembly authorizes cabinet-level departments to make transfers as provided under this section.

(b)(1) The secretary of a cabinet-level department may request from the Chief Fiscal Officer of the State and the Secretary of the Department of Transformation and Shared Services, a transfer of positions, funds, and appropriation within the cabinet-level department.

(2) Transfers may be made only within a cabinet-level department appropriation act or between other appropriation acts authorized for the cabinet-level department.

(c) A transfer request under subsection (b) of this section shall include the following information:

(1) For each position transfer request, the position number, authorized position title, class code, grade, business area, and name of the division, section, or unit to and from which the position transfer request is made;

(2) For each appropriation transfer request, the fund center, appropriation, appropriation amount and commitment item or items, business area, and name of the division, section, or unit to and from which the appropriation transfer request is made; and

(3) For each funding transfer request, the fund code, amount, business area, and name of the division, section, or unit to and from which the funding transfer

request is made.

(d) Upon approval of the Chief Fiscal Officer of the State and the Secretary of the Department of Transformation and Shared Services, after receiving the prior approval of the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee, the Chief Fiscal Officer of the State shall initiate the necessary documents reflecting the transfer of positions, appropriation, and funds under this section on his or her books, the books of the Treasurer of State, and the books of the Auditor of State.

(e)(1) A cabinet-level department shall be limited to no more than four (4) transfer requests during a fiscal year under this section.

(2) Multiple items may be submitted for consideration in each request submitted under this section.

(3) The total of any transfer or cumulative total of multiple transfers in a fiscal year shall not exceed the cumulative appropriation total, funding total, or total positions authorized for the cabinet-level department.

(f) Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a cabinet-level department each fiscal year is the prerogative of the General Assembly and is usually accomplished by delineating the maximums in the appropriation act or acts and establishing authorized positions and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization Law. Further, the General Assembly has determined that the cabinet-level departments created under Acts 2019, No. 910, may operate more efficiently if some flexibility is provided as authorized under this section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee, as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

(g) The provisions of this section shall be in effect only from July 1, 2020, through June 30, 2021.
