**Arkansas Court Appointed Special Advocates (CASA)
 FY 2014 State CASA Grants
 ACT 1032 REVIEW SUMMARY**

All local CASA programs in Arkansas recruit, train, and supervise community volunteers to advocate for the best interest of abused and neglected children in Circuit Court, Juvenile Division pursuant to A.C.A. §9-27-316(g). The National CASA Association and Arkansas CASA require all programs to pass a rigorous quality assurance process based upon state and national standards. All programs are in compliance with state and national standards for CASA advocacy and program management.

State CASA grants allow local programs to pay for: salaries and related costs for program staff to recruit, supervise, and manage volunteers; necessary travel for continuing contact with children and training; providing supplies and equipment; assisting with rent, utilities, printing, audits, insurance, and membership in the National CASA Association.

Selection: Request for Application

Cost: \$52,000

Sub-grant#: 1380

Fund Source: MSA

Target Counties: Faulkner, Garland, Lonoke, Pulaski & Saline

Purpose:

Arkansas Human Development Corporation (AHDC) is a community based organization that has been providing services to Arkansas for the last 39 years. The proposed work aims at bridging the education gap in tobacco education so the numbers of first time smokers is considerably reduced, while the number of individuals looking for and/or accessing cessation services is increased. A critical component of their efforts will be to raise awareness among the target population, community leaders, and faith organizations of the need and benefits of tobacco-free environments. The target population will be the Hispanic/Latino population of Faulkner, Lonoke, Pulaski and Saline counties. AHDC will service the target population in different ways, including: a) to ensure active participation of relevant coalition members in the proposed counties for maximum project impact, b) to deliver learning programs using current medical and scientific consensus of the harmful effects of using tobacco and tobacco products; c) instruct the target population regarding the detrimental effects of exposure to secondhand smoke and existing tobacco related laws, and the benefits of tobacco-free environments.

Target Counties: Pulaski, Faulkner & Saline

Purpose:

Asian Pacific Resource and Cultural Center (APRCC) through its Live Well, Be Well Coalition proposes to use community oriented-education and policy development strategies in Pulaski, Saline and Faulkner counties with Asians, African Americans and Hispanics to reduce tobacco-related mortality and morbidity rates among minorities, especially males. The coalition will work with beauty/barber school administrators, faculty and students to voluntarily adopt policies for smoke-free campuses. Pastors/church leaders of predominantly minority churches will also be organized to voluntarily adopt smoke-free campus policies. Pastors of African American churches will be recruited to become involved in the culturally tailored *40 Days to Freedom* cessation curriculum as hosts or facilitators. To prevent minority youth from initiating tobacco use, the coalition will implement *Operation Storefront*, a program of ADH, to garner information about tobacco advertising at convenience stores and persuade owners to voluntarily remove/relocate tobacco advertising so it is out of the view of youth. A culturally appropriate media campaign targeting Hispanic male smokers will be designed and implemented.

Purpose:

Calhoun Heights Community Outreach Inc. is a community based nonprofit organization focused on education and changing society's norms relating to tobacco use. MISRGO-Youth Tours and youth led advocacy group Youth on a Mission (YOAM) will conduct operation storefronts, implement strategies to increase the number of youth involved in tobacco control advocacy, and educate counties not served by MISRGO with efforts aimed at preventing initiation among youth and young adults. Advocacy groups will work to increase the number of local policies and ordinances restricting tobacco use within 25 feet of entryways of public places that will lower the rates of involuntary exposure to secondhand smoke. The Adopt a Hallway media campaign will address issues of industry manipulation by tobacco companies and will be youth focused with attention given to minority youth. The campaign will be implemented within at least 12 schools.

Future Builders will engage in a comprehensive tobacco prevention program entitled Sisters Warring Against Tobacco (SWAT). The program will target minority women in Pulaski and Jefferson counties and focus on: smoking and HIV, smoking and pregnancy and counter-marketing in the Lesbian-Gay-Bisexual-Transgender (LGBT) community. A collaboration of female groups and organizations, community and health representatives, and community-based organizations will engage in comprehensive strategies to accomplish program objectives. The program will specifically target the aforementioned population(s) in an effort to increase awareness of the dangers of tobacco products and decrease the glamorization of smoking, which is common in tobacco advertising. The program uses a variety of methods to accomplish program objectives that include group sessions, media campaigns and special presentations at schools and community-based organizations. In addition, school health care representatives and driver education entities will be used to advocate tobacco policies and practices that aggressively counter market negative advertising of the tobacco industry.

Target Counties: Madison

Purpose:

The Madison County Health Coalition (MCHC) plans to provide leadership and training to Hispanic youth, empowering them to be leaders and prevention advocates in the Hispanic community as well as the entire county. The youth S.T.R.U.T. Team, which currently has several active Hispanic students, with the guidance of the coalition and bilingual project coordinator, will address the four CDC interventions of tobacco prevention. The youth will develop a fact sheet in English and Spanish to use when approaching businesses to ask them to write "No Smoking 25 ft. from Entrances," policies. The S.T.R.U.T. Team will educate their peers about cessation resources that are available to their age group. Information about local cessation resources will be given at Back to School events, as well as the local Hispanic Butterball Health Fair. The S.T.R.U.T. Team will develop a radio and print ad(s) focused on preventing cigarette and spit tobacco use. Also, the team will lead the coalition and its partners in planning the Madison County Teen Summit on Tobacco Prevention and a regional Hispanic youth training on tobacco advocacy. The MCHC will partner with a local faith-based organization to implement the evidence-based program, Families Unidas. This program will work with Hispanic families to prevent risky behaviors such as tobacco use.

Target Counties: Sebastian, Crawford & Scott

Purpose:

Mission United Methodist Coalition for Tobacco Education and Prevention of Fort Smith in Sebastian County is working toward building a tobacco free community. The goal is to prevent the use of tobacco products, which is the number one cause of preventable deaths in Arkansas in the minority community. Mission United's mission is to help prevent these deaths by educating the targeted groups of the devastating effect that tobacco has on the citizens of Crawford, Scott and Sebastian Counties. The partnerships with schools in the target counties will allow them the opportunity to communicate the tobacco free message to an array of age groups and ethnicities. Also, partnering with Head Start and the families which are a part of the program, will allow Mission United to impact the minority community. The coalition has established relationships with local ministers (churches), educators, city officials and other leaders in an effort to carry out their mission. The coalition will partner with the University of Arkansas at Fort Smith to provide anti-tobacco information on campus.

Target Counties: Mississippi, Craighead, Crittenden & Poinsett

Purpose:

Mississippi County Coalition For A Tobacco-Free Arkansas' (MCCTFA) mission is to improve the health of all Arkansans by reducing the burden caused by tobacco use with the goals of increasing tobacco free environments and decreasing the number of individuals addicted to nicotine and the access of tobacco to youth. The coalition will seek to educate parent groups regarding Arkansas' Act 13 & Act 81 and Arkansas State Public Schools Smoking Policy that will limit youth and children's exposure to secondhand smoke. Youth engagement in community projects will encourage advocacy and adherence to smoke free lifestyle choices. The Agency for Health Research and Quality (AHRQ) guideline presentations with health care clinics will encourage local providers to direct tobacco dependent patients/clients to the SOS Quitline. Assessment of the local business' knowledge of employee cessation benefits and coverage will direct promotion of worksite cessation programs and policy. African American males will be guided to cessation resources through professionals and providers at agencies serving youth, young adults and families.

Target Counties: Ashley & Desha

Purpose:

The Southeast Arkansas Education Service Cooperative's (SEARK ESC) mission is to assist the member schools in more effective and more equitable use of their shared resources and to provide shared services for the better education of children and youth. SEARK ESC will work with Ashley County public school districts; Crossett, Hamburg and Desha County school districts; Dumas and McGehee. The criteria for the program is based on the high percentage of minority student enrollment, reported student tobacco use and/or exposure rates greater than the state average rates, absence of an active school based tobacco prevention program in 7-12th grades and each district's willingness to commit to program required activities. It is the goal of the program to provide minority middle school and high school students with the knowledge and skills necessary to make healthy choices related to tobacco use and exposure to secondhand smoke for themselves, their families, and their community. The Project Alert Prevention Education curriculum will be implemented in the four school district's 7th and 8th grade health classes by the program coordinator, school counselor, and health teacher. Each of the four school districts will form and sponsor a youth led tobacco prevention team with members recruited from middle and high schools. Moreover, the program coordinator will collaborate with the Community Health Nurse Specialist (CHNS) to provide each school district with staff development on the health effects of tobacco use and exposure to secondhand smoke, trends in tobacco use, and creating an environment where tobacco is socially unacceptable.
