Arkansas Tech University has received funding from U.S. Department of Education as part of the American Rescue Plan Act of 2021. \$11,702,936 is the “student” portion, and \$10,900,582 is the “institutional” portion.

For this supplemental appropriation request, the university is requesting \$1,100,000 to be used solely for emergency financial aid grants for Summer 2021. Additional grants will be made in Fall 2021 and, subject to fund availability, Spring 2022. Specifically, \$1,000,000 would be funded from the student portion, and \$100,000 from the institutional portion of the grant funds.

The guidance accompanying the American Rescue Plan Act funds states that when making emergency financial aid grants to students, institutions receiving these funds are to prioritize students with exceptional need, such as students who receive Pell Grants or are undergraduates with extraordinary financial circumstances when awarding emergency financial aid grants to students. Beyond Pell eligibility, other types of exceptional need could include students who may be eligible for other federal or state need-based aid or have faced significant unexpected expenses either for themselves or that would affect their financial circumstances, such as loss of employment, reduced income, or food or housing insecurity.

Consistent with the requirement that institutions prioritize students with exceptional need the maximum amount of emergency assistance that is provided by this grant at this time is as follows:

- \$1,500 for undergraduate students who have exceptional need such as full Pell eligible or extraordinary financial circumstances.
- \$1,000 for undergraduate students who are eligible for some Pell Grant funds, but not the full award.
- \$500 for undergraduate or graduate students who have need but are not eligible for Pell Grants.

There is an application process for students to request funding from this grant. The Arkansas Tech University application process asks students to identify how the grant funds will be used. These grant funds may be used for any component of the student’s cost of attendance¹, and for costs that have arisen due to coronavirus such as tuition, food, housing, health care (including mental health care) or child care.

Consistent with the requirement that institutions prioritize students with exceptional need, the **application will open to undergraduate students with exceptional need on June 22, 2021**. To ensure priority consideration for funding, Pell eligible or extraordinary need undergraduate students should complete the application by the priority deadline date of **July 15, 2021**.

Undergraduate students who are not Pell eligible and graduate students may apply beginning July 16, 2021. The deadline for all students to submit applications is 5:00 p.m., August 6, 2021. Funds will be awarded on a first come, first serve basis. Once the priority deadline has passed, all other students who are not eligible for Pell Grants may apply. Applications will be processed in the order they are received and grants may continue to be awarded if funds remain.
