

DEPARTMENT OF HEALTH, ARKANSAS STATE BOARD OF NURSING

SUBJECT: Dialysis Patient Care Technicians, 17 CAR pt. 131

DESCRIPTION: The Department of Health, Arkansas State Board of Nursing proposes its Dialysis Patient Care Technicians rules, 17 CAR pt. 131:

Throughout Part 131

Purpose

To establish new rules to assist the implementation of the newly created Registered Dialysis Patient Care Technician Act pursuant to Act 198 of 2025.

Background

Act 198 of 2025 created the Registered Dialysis Patient Care Technician Act. It will be codified as part of the Nurse Practice Act, and the registry will be maintained by the Arkansas State Board of Nursing. The rules provide further instruction for the implementation and governance of the Act. These rules were patterned after the board's rules 17 CAR Part 127 for Certified Medication Assistants/Medication Assistant-Certified, who are the regulated healthcare professionals most similar to Dialysis Patient Care Technicians.

Key Points

Dialysis Patient Care Technicians will be registered individuals; therefore, the terms "register" or "registry" are used here instead of the terms "certificate" or "certify" contained in Part 127.

Discussion

Definition terms, scope of work, registration requirements, registration process, identification, grounds for discipline, skill requirements, and education requirements match those outlined in Act 198 of 2025.

Section 114

Purpose

To clarify that the Act and rules do not apply to dialysis patient care technicians working directly with a physician.

Background

Act 198 of 2025 specifically states that the Act does not apply to dialysis patient care technicians working directly with a physician licensed by the Arkansas State Medical Board. This is because physicians have been authorized to delegate certain tasks to these individuals pursuant to the Medical Practice Act.

Key Points

This language complies with Act 198 of 2025.

Discussion

This language complies with Act 198 of 2025.

PUBLIC COMMENT: A public hearing was not held on this matter. The public comment period expired March 13, 2026. The agency provided the following public comment summary:

Commenter Name: Wendy Funk Schrag, LMSW, ACSW, Fresenius Medical Care, 2/24/26

COMMENT: We only have one comment to suggest in the section on endorsement (17 CAR § 131-105. Endorsement). Because D-PCTs may be coming from another state to help during crisis situation which may not be anticipated (inclement weather, unanticipated staff illness, etc.) and are needed to work in Arkansas short-term as soon as possible, we would like to suggest an addition at the end of this section as follows: (f) Qualified D-PCTs may work temporarily in their capacity while waiting for approval of their registration, provided that their completed application with fees has been received by the Arkansas Board of Nursing. **RESPONSE:** Thank you for your public comment on the ADH - Arkansas State Board of Nursing proposed Rules changes. Upon further review of the statute, the Arkansas State Board of Nursing has not been granted the authority to issue temporary registration or allow work in a temporary manner prior to completed registration.

Grant Wise, an attorney with the Bureau of Legislative Research, asked the following questions and was provided with the following responses:

1. 17 CAR § 131-102 – This section seems based on Arkansas Code § 17-87-905(a), which concerns the requirements for an individual to register as a dialysis patient care technician. While the rule appears to be based on the statute, it doesn't appear to track it. Is there a reason the rule seemingly differs? **RESPONSE:** After reviewing the comment, we decided to edit the rule to more closely align with the statute.
2. 17 CAR § 131-103(b) – Arkansas Code § 25-15-105(b)(2)(A) provides that an agency assessing or imposing a fee or penalty shall promulgate the fee or penalty by rule. Arkansas Code § 25-15-105(b)(2)(B) follows and provides that an agency is not required to promulgate a fee or penalty by rule if the specific amount of the fee or penalty is set by statute. The present subsection of the rule seems to be premised on Arkansas Code § 17-87-905(a)(5), which provides that to register as a dialysis patient care technician, an individual shall “[p]ay the applicable fee as determined by the board.” The rule itself provides “[t]he associated nonrefundable fee shall accompany the application,” and does not appear to specify a fee amount that has been determined by the board. Does the board plan to promulgate the fee amount? If so, when? If not, why not? **RESPONSE:** The board is promulgating a fee, and all fees are outlined in 17 CAR § 120-506.
3. 17 CAR § 131-103(c) – This subsection seems premised on Arkansas Code § 17-87-905(b)(1), which provides that “[a]n applicant for registration as a dialysis patient care technician shall report to the board, in writing, any conviction for a felony or misdemeanor.” The rule seems to be silent on how such a report is to be made to the board. Is there a reason? **RESPONSE:** There is a required eligibility question on the application that asks the applicant if they have ever been convicted of a felony or misdemeanor. If the applicant answers ‘Yes’ to the eligibility question, board staff contacts the applicant and provides instructions on how to submit the documentation.

4. 17 CAR 131-104(a) – This provision seems premised on Arkansas Code § 17-87-904. The statute addresses tasks performed under the authority of a registered nurse “licensed in this state.” The rule appears to lack the reference to “licensed in this state.” Is there a reason for this? **RESPONSE:** After consideration of the comment, we have decided to add the language to more closely mirror the language in the statute.
5. 17 CAR § 131-104(b) – This provision seems premised on Arkansas Code § 17-87-904. The statute provides that a dialysis patient care technician may perform certain tasks “under the authority of a registered nurse licensed in this state who may delegate tasks based on nursing judgment to a dialysis patient care technician based on the dialysis patient care technician’s education, knowledge, training, and skill.” The statute provides that a registered nurse may delegate tasks based on “nursing judgment”, while similar language appears to be absent from the rule. Is there a reason? **RESPONSE:** After consideration of the comment, we have decided to add the language to more closely mirror the language in the statute.
6. 17 CAR § 131-104(b) – This provision seems premised on Arkansas Code § 17-87-904. The statute provides that a dialysis patient care technician may perform certain tasks “under the authority of a registered nurse licensed in this state who may delegate tasks based on nursing judgment to a dialysis patient care technician based on the dialysis patient care technician’s education, knowledge, training, and skill.” The statute provides that a registered nurse licensed in this state may delegate tasks based on nursing judgment to a dialysis patient care technician based, in part, “on the dialysis patient care technician’s education.” Similar language appears to be absent from the rule. Is there a reason it differs? **RESPONSE:** After consideration of the comment, we have decided to add the language to more closely mirror the language in the statute.
7. 17 CAR § 131-105 – This section of the rule concerns registration by endorsement, and provides, in part, that “[t]he Arkansas State Board of Nursing may allow registration as a dialysis patient care technician by endorsement to an applicant who has been licensed, certified, or registered as a dialysis patient care technician under the laws of another state or territory, regardless of title,” if certain conditions are met. On what authority does the board rely on to allow registration by endorsement for dialysis patient care technicians? **RESPONSE:** Upon closer review of the statute, the Arkansas State Board of Nursing does not have authority to allow registration of dialysis patient care technicians by endorsement. Therefore, we will strike 17 CAR § 131-105 from the rules.
8. 17 CAR § 131-105(d) – Similarly to Question 3, this subsection appears to be premised on Arkansas Code § 17-87-905(b)(1), which provides that “[a]n applicant for registration as a dialysis patient care technician shall report to the board, in writing, any conviction for a felony or misdemeanor.” The rule seems to be silent on how such a report is to be made to the board. Is there a reason for this? **RESPONSE:** There is a required eligibility question on the application that asks the applicant if they have ever been convicted of a felony or misdemeanor. If the applicant answers ‘Yes’ to the eligibility question, board

staff contacts the applicant and provides instructions on how to submit the documentation.

9. 17 CAR § 131-107(c)(3) – This subdivision provides that an applicant for renewal of a dialysis patient care technician registration shall submit to the board “[p]ayment of the nonrefundable renewal fee.” Arkansas Code § 25-15-105(b)(2)(A) provides that an agency assessing or imposing a fee or penalty shall promulgate the fee or penalty by rule. Arkansas Code § 25-15-105(b)(2)(B) follows and provides that an agency is not required to promulgate a fee or penalty by rule if the specific amount of the fee or penalty is set by statute. A specific fee does not seem to appear in the rule. As in Question 2, does the board plan to promulgate the fee amount? If so, when? If not, why not?

RESPONSE: The board is promulgating a fee, and all fees are outlined in 17 CAR § 120-506.

10. 17 CAR § 131-108(c)(2) – This subdivision says that any dialysis patient care technician whose registration is expired shall pay the current renewal fee and the late fee. On what authority does the board rely on to allow the imposition of late fees for the renewal of expired registrations? **RESPONSE:** Upon closer review of the statute, the Arkansas State Board of Nursing does not have the authority to impose a late fee for registered dialysis patient care technicians.

11. 17 CAR § 131-108(c)(2) – This subdivision says that any dialysis patient care technician whose registration is expired shall pay the current renewal fee and the late fee. Arkansas Code § 25-15-105(b)(2)(A) provides that an agency assessing or imposing a fee or penalty shall promulgate the fee or penalty by rule. Arkansas Code § 25-15-105(b)(2)(B) follows and provides that an agency is not required to promulgate a fee or penalty by rule if the specific amount of the fee or penalty is set by statute. The rule does not appear to specify an amount. As in Questions 2 and 9, does the board plan to promulgate the fee amount? If so, when? If not, why not? **RESPONSE:** Upon closer review of the statute, we realized that the statute does not authorize the imposition of a late fee for dialysis patient care technicians, we have removed that language from 17 CAR § 131-108(c)(2).

12. 17 CAR § 131-110(a)(3) – This subdivision provides that a dialysis patient care technician whose name is legally changed shall submit a required fee to the board when requesting a name change. Arkansas Code § 25-15-105(b)(2)(A) provides that an agency assessing or imposing a fee or penalty shall promulgate the fee or penalty by rule. Arkansas Code § 25-15-105(b)(2)(B) follows and provides that an agency is not required to promulgate a fee or penalty by rule if the specific amount of the fee or penalty is set by statute. The rule does not seem to specify an amount. Does the board plan to promulgate the fee amount? If so, when? If not, why not? **RESPONSE:** Upon closer review of 17 CAR § 131-110 and the current practices of the agency, we do not intend to impose a fee for changing demographic information within the registry.

13. 17 CAR § 131-113 – This section appears to be premised on Arkansas Code § 17-87-905(e). Subdivision (e)(1) provides that “[t]he board shall refuse to register or shall revoke the registration of a person who would be disqualified from employment under

§ 20-33-213.” Subdivision (e)(2) provides that “[t]he board may suspend, revoke, or refuse to issue or renew a registration of a dialysis patient care technician” for the enumerated reasons thereunder. The rule says that “[t]he Arkansas State Board of Nursing shall have sole authority to deny, suspend, revoke, or limit any dialysis patient care technician’s registration” for reasons provided by the rule, including disqualification from employment under Arkansas Code § 20-33-213. (Emphasis added.) Is there a reason the rule allows for suspension or limitation of a dialysis patient care technician’s registration for disqualification from employment under Arkansas Code § 20-33-213, while Arkansas Code § 17-87-905(e)(1) provides that the board shall refuse to register or shall revoke registration? **RESPONSE:** Upon further review of the statute, we have decided to edit 17 CAR § 131-113 to more closely mirror the statute.

14. 17 CAR § 131-113 – This section appears to be premised on Arkansas Code § 17-87-905(e). Subdivision (e)(1) provides that “[t]he board shall refuse to register or shall revoke the registration of a person who would be disqualified from employment under § 20-33-213.” Subdivision (e)(2) provides that “[t]he board may suspend, revoke, or refuse to issue or renew a registration of a dialysis patient care technician” for the enumerated reasons thereunder. The rule says that “[t]he Arkansas State Board of Nursing shall have sole authority to deny, suspend, revoke, or limit any dialysis patient care technician’s registration” for reasons provided by the rule, including disqualification from employment under Arkansas Code § 20-33-213. (Emphasis added.) Is there a reason that the rule allows the board to limit a dialysis patient care technician’s registration, where Arkansas Code § 17-87-905(e) appears to list suspension, revocation, and refusal to issue or renew a registration as actions the board may undertake? **RESPONSE:** Upon further review of the statute, we have decided to edit 17 CAR § 131-113(b) to more closely mirror the statute.

15. 17 CAR § 131-113 – This section appears to be premised on Arkansas Code § 17-87-905(e). Subdivision (e)(1) provides that “[t]he board shall refuse to register or shall revoke the registration of a person who would be disqualified from employment under § 20-33-213.” Subdivision (e)(2) provides that “[t]he board may suspend, revoke, or refuse to issue or renew a registration of a dialysis patient care technician” for the enumerated reasons thereunder. The rule says that “[t]he Arkansas State Board of Nursing shall have sole authority to deny, suspend, revoke, or limit any dialysis patient care technician’s registration” for reasons provided by the rule, including disqualification from employment under Arkansas Code § 20-33-213. (Emphasis added.) 17 CAR § 131-113(a)(4) seems premised on Arkansas Code § 17-87-905(e)(2)(C), which provides that the board “may suspend, revoke, or refuse to issue or renew” a registration of a dialysis patient care technician for using a false name or an alias “in his or her practice.” The rule provides that the board shall have the sole authority to “deny, suspend, revoke, or limit” any dialysis patient care technician’s registration for using a false name or an alias “in his or her application.” Is there a reason the rule appears to differ? **RESPONSE:** Upon further review of the statute, we have decided to edit 17 CAR § 131-113(b)(4) to more closely mirror the statute.

16. 17 CAR § 131-113 – This section appears to be premised on Arkansas Code § 17-87-905(e). Subdivision (e)(1) provides that “[t]he board shall refuse to register or shall revoke the registration of a person who would be disqualified from employment under § 20-33-213.” Subdivision (e)(2) provides that “[t]he board may suspend, revoke, or refuse to issue or renew a registration of a dialysis patient care technician” for the enumerated reasons thereunder. The rule says that “[t]he Arkansas State Board of Nursing shall have sole authority to deny, suspend, revoke, or limit any dialysis patient care technician’s registration” for reasons provided by the rule, including disqualification from employment under Arkansas Code § 20-33-213. (Emphasis added.) Arkansas Code § 17-87-905(e)(2)(E) provides the board may suspend, revoke, or refuse to issue or renew a registration of a dialysis patient care technician for failing to comply with any of the requirements for registration. Similar language appears to be absent from the rule. Is there a reason this language was omitted? **RESPONSE:** Upon further review of the statute, we have decided to edit 17 CAR § 131-113(b) to more closely mirror the statute.

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency has indicated that the proposed rule has a financial impact. The agency states that the total estimated cost by fiscal year to any private individual, private entity, or private business subject to the proposed rule, specifically applicants for the Dialysis Patient Care Technician Registry who are required to pay an initial application fee and a renewal fee, is \$35.00 for the current fiscal year, and \$40.00 for the next fiscal year. With respect to the total estimated cost by fiscal year to a state, county, or municipal government to implement the rule, the agency states that it is unknown whether additional staff will be necessary to process applications and maintain the registry.

LEGAL AUTHORIZATION: The Arkansas State Board shall have the power and responsibility to promulgate whatever rules it deems necessary for the implementation of Arkansas Code Title 17, Chapter 87, concerning nurses. *See* Arkansas Code § 17-87-203(1)(A).

The rule implements Act 198 of 2025, sponsored by Representative Mary Bentley, which created the Dialysis Patient Care Act.

Rule Revision 17 CAR Part 131. Dialysis Patient Care Technicians.

Throughout Part 131

PURPOSE

To establish new rules to assist the implementation of the newly created Registered Dialysis Patient Care Technician Act pursuant to Act 198 of 2025.

BACKGROUND

Act 198 of 2025 created the Registered Dialysis Patient Care Technician Act. It will be codified as part of the Nurse Practice Act and the registry will be maintained by the Arkansas State Board of Nursing. The rules provide further instruction for the implementation and governance of the Act. These rules were patterned after the board's rules 17 CAR Part 127 for Certified Medication Assistants\Medication Assistant-Certified, who are the regulated healthcare professionals most similar to Dialysis Patient Care Technicians.

KEY POINTS

Dialysis Patient Care Technicians will be registered individuals, therefore the terms "register" or "registry" are used here instead of the terms "certificate" or "certify" contained in Part 127.

DISCUSSION

Definition terms, scope of work, registration requirements, registration process, identification, grounds for discipline, skill requirements and education requirements match those outlined in Act 198 of 2025.

Rule Revision 17 CAR Part 131. Dialysis Patient Care Technicians.

Subpart 114

PURPOSE

To clarify that the Act and rules do not apply to dialysis patient care technicians working directly with a physician.

BACKGROUND

Act 198 of 2025 specifically states that the Act does not apply to dialysis patient care technicians working directly with a physician licensed by the Arkansas State Medical Board. This is because Physicians have been authorized to delegate certain tasks to these individuals pursuant to the Medical Practice Act.

KEY POINTS

This language complies with Act 198 of 2025.

DISCUSSION

This language complies with Act 198 of 2025.

Rule Revision 17 CAR Part 131. Dialysis Patient Care Technicians.

Throughout Part 131

PURPOSE

To establish new rules to assist the implementation of the newly created Registered Dialysis Patient Care Technician Act pursuant to Act 198 of 2025.

BACKGROUND

Act 198 of 2025 created the Registered Dialysis Patient Care Technician Act. It will be codified as part of the Nurse Practice Act and the registry will be maintained by the Arkansas State Board of Nursing. The rules provide further instruction for the implementation and governance of the Act. These rules were patterned after the board's rules 17 CAR Part 127 for Certified Medication Assistants\Medication Assistant-Certified, who are the regulated healthcare professionals most similar to Dialysis Patient Care Technicians.

KEY POINTS

Dialysis Patient Care Technicians will be registered individuals, therefore the terms "register" or "registry" are used here instead of the terms "certificate" or "certify" contained in Part 127.

DISCUSSION

Definition terms, scope of work, registration requirements, registration process, identification, grounds for discipline, skill requirements and education requirements match those outlined in Act 198 of 2025.

Rule Revision 17 CAR Part 131. Dialysis Patient Care Technicians.

Subpart 114

PURPOSE

To clarify that the Act and rules do not apply to dialysis patient care technicians working directly with a physician.

BACKGROUND

Act 198 of 2025 specifically states that the Act does not apply to dialysis patient care technicians working directly with a physician licensed by the Arkansas State Medical Board. This is because Physicians have been authorized to delegate certain tasks to these individuals pursuant to the Medical Practice Act.

KEY POINTS

This language complies with Act 198 of 2025.

DISCUSSION

This language complies with Act 198 of 2025.
