Need for liver transplants due to heavy drinking soared during the pandemic, study finds

By Jen Christensen, CNN
Updated 2:59 AM ET, Thu October 28, 2021

Researchers found the number of people who got a liver transplant or were put on a waiting list due to alcoholic hepatitis was 50% higher than what was forecast based on pre-pandemic trends.

(CNN) — The need for liver transplants because of heavy drinking soared during the pandemic, researchers reported Tuesday.

Shifting Consumer Demand Who, Where and What People Drink

Over 2,329 state alcohol laws have changed since 2012.

Fewer dry counties. Reverse Sunday sales ban (brunch bills) and more repeal efforts continue in 2021. Increased access for spirits across grocery and convenience channels. Cocktails to Go, Beer to Go and home delivery services finding permanency in State Houses.

Cultural acceptance of alcohol sales spreading into main street, barbershops, beauty salons, laundromats, libraries, zoos, theme parks, retirement homes, and many other nontraditional drinking places. Mainstreet vs. Bourbon Street.

Shifting Consumer Demand

Who, Where and What People Drink – Did we go too far?

100 years ago, the police were breaking up bootlegging operations around the country. Fast forward to today and the Washington, Post reports: The rise and fall of the Jack Daniel's committee: How D.C.'s police union lodge made thousands selling whiskey online. "The lodge bought a 53-gallon barrel of whiskey for \$11,000 at the Jack Daniel's distillery in Lynchburg, Tenn. The distillery put that whiskey into 240 bottles, and Kruggel had them engraved with the D.C. lodge's logo..."

The FAA says its "investigations show that alcohol often contributes to this unsafe behavior," which is why FAA officials are calling for the end of to-go alcohol in airports around the country. They're also calling for airport police to arrest more people who are being unruly or violent.
