SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that agriculture is one of Arkansas's most important industries; that farmers and other persons engaged in agricultural activities require use of the state highways and roadways to engage in those same agricultural activities; that highways and roadways have by law certain requirements for the motor vehicles that operate on them; that it is incumbent on the state to accommodate farmers and other persons engaged in agricultural activities as much as possible due to the enormous importance placed on the agricultural industries in the state; and that this act is necessary because certain parts of the roadway over the St. Francis Sunken Lands Wildlife Management Area, which may be designated in the future as part of the Interstate Highway System and other routes within the National Highway System, are used by farmers and persons engaged in agricultural activities. Therefore, an emergency is declared to exist, and this act being necessary for the preservation of the public peace, health, and safety shall become effective on June 1, 2015.
