These funds may also be used for alternative research-based technical assistance or programs. Criteria for selecting and approving alternative research-based technical assistance or programs are to be promulgated as a rule by the State Board of Education, provided that alternative staffing and/or compensation programs for teachers shall be approved by at least a majority of the teachers in the school, schools, or school district participating in the program.

The provisions of this section shall be in effect only from July 1, ~~2015~~ 2016 through June 30, ~~2016~~ 2017.

The Department may contract with the Division of Child Care and Early Childhood Education to administer the program.

Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section.
