ESTABLISHMENT OF A "GROWTH POOL". Furthermore, the Office of Personnel Management (OPM) of the Division of Management Services of the Department of Finance and Administration shall establish and maintain for the ~~2017-2018~~ 2018-2019 fiscal year a pool of three hundred (300) career service positions up to a C130. The General Assembly has determined that the University of Arkansas for Medical Sciences could be operated more efficiently if some flexibility is given to that institution. That flexibility is being accomplished by providing growth pools in subsection (a) of this section and since the General Assembly has granted the institution broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the growth pool by requiring prior approval of the Legislative

Council or Joint Budget Committee in the utilization of the growth pool. Therefore, the requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

If the agency requests continuation of a "Growth Pool" position(s) as established herein during the next fiscal year, the position(s) must be requested as a new position(s) in the agency's budget request.

These positions are to be used by the University of Arkansas for Medical Sciences in the event that the personal services needs resulting from unanticipated clinical or research programs that are initiated during the ~~2017-2018~~ 2018-2019 fiscal year require additional positions, either in title, in classification, or in number, that are not authorized or contemplated by the General Assembly in the Regular Salaries - Operations section of this Act.

(b) The University of Arkansas for Medical Sciences is authorized to access the "Clinical Expansion and Research Pool" positions authorized in this Section at any time during the fiscal year when it is determined by the Chancellor of the University of Arkansas for Medical Sciences, subject to the review and approval by the Board of Trustees, that the need for additional

positions exists. Only medical or research positions shall be established under this provision. (d) Determining the number of personnel to be employed by a state agency is the prerogative of the General Assembly and is usually accomplished by delineating the maximum number of personnel by identifying job titles and the maximum grade or salary attached to those titles. The General Assembly has determined that the University of Arkansas for Medical Sciences could be operated more efficiently if some flexibility is given to that institution. That flexibility is being accomplished by providing a position pool in Subsection (a) of this Section and since the General Assembly has granted the agency broad powers under the growth pool concept, it is both necessary and appropriate that the General Assembly maintain oversight of the utilization of the position pool by requiring review of the Legislative Council or Joint Budget Committee in the utilization of the position pool. Therefore, the requirement of review by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of review by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, ~~2017~~ 2018 through June 30, ~~2018~~ 2019.
