SECTION 1. Arkansas Code § 20-10-1704(g), concerning the assisted living program, is amended to read as follows:

(4) The department's implementation of the waiver shall be reasonable and shall not have the effect of excluding residential care facilities ~~which~~ that have become assisted living facilities under the provisions of this subchapter.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that assisted living patients are not receiving care due to the limitation of the number of persons served by the assisted living program; that assisted living providers are providing care for assisted living patients who are waiting to be enrolled in the assisted living program due to the limitation on the number of persons served by the assisted living program at a time; that increasing the number of the persons served under the assisted living program and removing the limitation on the number of persons served at a time in the assisted living program will ensure that citizens of Arkansas receive the appropriate care needed and that assisted living providers are reimbursed for their services; that this act requires the Department of Human Services to request from the Centers for Medicare and Medicaid Services an amendment to the existing waiver concerning the assisted living program; and that this act is immediately necessary to ensure that the citizens of Arkansas have access to the assisted living program and to provide assisted living providers certainty about the law regarding the assisted living program. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.
