Subtitle

TO ACKNOWLEDGE THE IMPORTANCE AND NEED
FOR AN INSURER TO PROVIDE COVERAGE FOR
ADEQUATE TRANSPORTATION REIMBURSEMENT
UNTIL AN INSURED'S DAMAGED MOTOR VEHICLE
IS REPAIRED.

WHEREAS, every automobile liability insurance policy covering any private passenger motor vehicle issued or delivered in this state is required to provide minimum medical and hospital benefits, income disability, and accidental death benefits to the named insured and members of his or her family residing in the same household injured in a motor vehicle accident, as well as to passengers injured while occupying the insured motor vehicle and to persons other than those occupying another motor vehicle struck by the insured motor vehicle, without regard to fault; and

WHEREAS, many insureds do not have adequate transportation after a motor vehicle accident due to the damage to the motor vehicle as a result of the motor vehicle accident and are inconvenienced due to the length of time to repair the damaged motor vehicle and the increasing cost required to obtain adequate transportation; and

WHEREAS, an insured is required to obtain adequate transportation without reimbursement of these expenses under the insured's automobile liability insurance policy; and

WHEREAS, it is in the best interest of Arkansans that an insurer provide coverage for adequate transportation reimbursement until an insured's damaged motor vehicle is repaired,

NOW THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-SECOND GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

THAT, the House of Representatives acknowledge the importance and need for an insurer to provide coverage for adequate transportation reimbursement until an insured's damaged motor vehicle is repaired.
