HOUSE RESOLUTION

TO RECOGNIZE AND SUPPORT THE ROLE ADVANCED ENERGY
PLAYS IN SECURING ENERGY INDEPENDENCE, FOSTERING
ECONOMIC PROSPERITY, AND ENHANCING THE STATE'S ENERGY
RESILIENCE.

Subtitle

TO RECOGNIZE AND SUPPORT THE ROLE
ADVANCED ENERGY PLAYS IN SECURING ENERGY
INDEPENDENCE, FOSTERING ECONOMIC
PROSPERITY, AND ENHANCING THE STATE'S
ENERGY RESILIENCE.

WHEREAS, Arkansas has a strong tradition of energy leadership, and reliable power generation, grid modernization, energy efficiency, nuclear energy, and domestic energy production ensure the state's energy security, economic growth, and long-term prosperity; and

WHEREAS, energy independence is essential to Arkansas's economic strength, reducing reliance on external energy sources and empowering businesses, farmers, and households with reliable, affordable, and locally generated power; and

WHEREAS, advanced energy industries contribute significantly to Arkansas's economy by attracting investment, supporting agriculture and manufacturing, and providing cost-effective energy solutions to businesses, schools, and municipalities; and

WHEREAS, the continued expansion of advanced energy technologies has created thousands of high-quality jobs across Arkansas, stimulating economic development in both urban and rural communities; and

WHEREAS, Arkansas recognizes the importance of balancing energy innovation with economic practicality, ensuring that any advancements in energy technology remain affordable, reliable, and beneficial to all Arkansans; and

WHEREAS, the adoption of innovative energy solutions aligns with Arkansas's values of self-reliance, stewardship, and responsible resource management, ensuring a resilient and sustainable energy future for generations to come,

NOW THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

THAT the House of Representatives recognize and support the role advanced energy plays in securing energy independence, fostering economic prosperity, and enhancing the state's energy resilience.
